**Ring Around Racing** Thom Ring, 2018-02-04 I loved racing before I ever met any racers. Yet it's the racers, the people involved in racing, the drivers, the car owners, the track owners, even the media, that have kept me coming back. It's been people like the late Paul Dunigan, the supermodified car-owner who flaunted his supposed unfair advantage over the competition in these, the fastest cars racing on shorttracks. You can't compete? Go race street stocks, he'd tell you. It's people like the Astles, a band of brothers and sons whose Saturday night speedway-saga goes on still. And it's even folks like the sorry dads who hitch a wagon to their kid hoping to ride it all the way to big-league racing, even if their kid is more into superheroes than superspeedways. Or the moron who went to one race and decided - brace yourself - that we're all there for the crashes. Or the guy who called me out because I wouldn't accuse a competitor of a bush move from my seat a football field away. They've all been fun. So has the racing. Doing it, too. My own misadventures have only added to our affair. This is a collection of my favorite of those relationships, experiences and observations from over a quarter-century around racing. Enjoy them again.

**20 Fun Facts About Auto Racing** Ryan Nagelhout, 2015-12-15 From the drivers on the track to the fans packing the grandstands, auto racing is a thrilling sport that gets everyone's adrenaline pumping. This book dives into the amazing facts that make up auto racing's greatest stories. Readers will love discovering the history of races like the Indianapolis 500 and Daytona 500, as well as why NASCAR fans call Richard Petty "The King." Fun graphics show the different flags used in a NASCAR race and just how Americans managed to win an auto race driving from New York City to Paris in 1908!

**Racing Junk** Thom Ring, 2018-06-17 Tyler Means would love to race any kind of car he could get his hands on, but with his dad confined to a wheelchair and unable even to work, his family is struggling just to pay the bills. Then Tyler finds an old race kart in a pile of scrap metal. The adventure comes as Tyler tries to turn the kart into a competitive racer again, even though he has little money and even less of an idea how to do it.

**The Red Racecar** Thom Ring, 2014-12-19 Jimmy Pearson and his best friend Danny Houle have just graduated from high school as this young-adult novel begins. Neither has a clue about what's next in their lives until Jimmy Pearson spots a bright-red midget racecar for sale at an auto-repair shop in town. Jimmy hasn't laid eyes on a racecar in years, but his dad once was one of the best dirt-track racers around before he lost his life in a racing accident. Jimmy immediately decides that the car is the ticket to a summer of adventure if he and Danny can come up with the money to buy it from its

desperately-broke owners. But how will his mom feel about his racing in view of the death of his dad? And does he know enough about going fast to compete with the current class of competitors already in the midst of their racing season?

**Dinosaur Racing Thom Ring,2015-08-18** A retired racer decides to build one last racecar with his friends from his nursing home. They hire a driver still in high school to race it for them. --

**NASCAR Race Day Fun Reader's Digest,NASCAR,2005** Readers can join a family as they spend the weekend at a NASCAR racing event visiting the track, garage, pit crew in leading up to the climax of the race. Includes 20 reusable stickers and a double-sided panoramic playboard that folds out of the back cover. Full color. Consumable.

**Turn Right to Go Left Thom Ring,2018-12-22** Tyler Means is a road racer. At least that's what he thinks. Not for him those long races on giant circle-tracks where the drivers roll around and around in circles for hours on end. When he finally puts together his own racing kart, he doesn't even consider racing anywhere but the two road courses near his home. Then he gets a chance to race at a dirt-oval racetrack he didn't even know existed, and he find out he shouldn't be too quick to dismiss ALL ovall-track racing as boring. In fact, he finds excitement on a dirt track he never even imagined. Besides, he's pretty fast!

**Ringin' True Robert Morrow,2010-11-29** It is the summer of 2005, the year of fear and loathing in America. Seattle resident Justin Raines wants to do something about the deplorable state of the human race. When his friend, Shelby Mirabeau, suggests launching a new world religion focused on accepting responsibility, Justin agrees only because he lacks a better idea. When their first laughable attempts at a launch fail, Shelby pushes Justin into an unholy alliance with Matthias Bender, the dark angel of American capitalism, who sells the idea of corporate religion to the skeptical founders. Through guerrilla marketing techniques, Internet advertising, and unexpected support from one of Hollywood's leading ladies, the religion—Ringin' True— becomes a worldwide sensation. Still, the success is not exactly what Justin had in mind. He finds himself tangled in a series of plots involving corporate politics, financial sleight-of-hand, and a porn star who wants a piece of the action. As their enterprise faces dramatic challenges, Justin and Shelby finally discover what really rings true for them.

*Ringin the Creativity* Bell Blaine Smith, Austin Blaine Smith, 2009-10 From the big city beat to a blue jean retreat with a true best friend. An echo through a canyon of truth. Circles of lies. Which way can one go when reality is so close to the razor edge. Promises are for people who can not keep their word? Grand naivety? To laugh like a child is great for the soul until the heart is broken and one is left crying like a baby. Dreams will not die as long as the desire within burns. Stop for a moment and check this out. Why ask why? Kick your feet up. Do not let video games kill old fashioned radio. Rock and Roll WILL NEVER DIE BABY! OW! 9/4/09

*Red Storm Rising* Tom Clancy, 1987-07-01 From the author of the Jack Ryan series comes an electrifying #1 New York Times bestseller—a standalone military thriller that envisions World War 3... A chillingly authentic vision of modern war, *Red Storm Rising* is as powerful as it is ambitious. Using the latest advancements in military technology, the world's superpowers battle on land, sea, and air for ultimate global control. It is a story you will never forget. Hard-hitting. Suspenseful. And frighteningly real. “Harrowing...tense...a chilling ring of truth.”—TIME

*Jeremy Q Taylor & The Cyborg In The Cellar* S. Pepper, 2013-09-27 What sets humans apart from cyborgs? Sixteen-year-old Jeremy Q. Taylor is about to find out. After losing his mother the year before, Jeremy feels more alone than ever. Then his dad surprises Jeremy with a new “brother.” Addison is a cyborg, who looks to be about eighteen. But he’s not just any cyborg. He’s almost perfect in every way. When the plans to mass-produce the cyborg are sold to a robotics company, things get complicated. Can they reverse engineer the cyborg? What if something goes wrong? The possibility of this occurring creates fear and anger in those who have grown to love Addison. Going into hiding may be his only chance to survive.
