John Foster

**New Masters of Poster Design** John Foster,2008-04-30 New in Paperback! In much the way that the CD replaced the album, the poster has waned as a messaging vehicle. The poster has now become a postcard and e-mail blast, leaving many to long for the lost age when posters were not only major promotional vehicles, but also artwork worthy of framing. Some of the world's best designers just could not stand idle while the poster fell by the wayside. They turned to the poster for personal expression and as an outlet from more restrictive mediums. This book showcases their breathtaking artwork, which has proven that the poster can still serve as a worthy communications tool. In doing so, they've brought the poster back to prominence. In this book, John Foster has compiled the world's finest new work at the height of this rebirth. There is currently no book on the market that can claim it features a definitive poster collection.

New Masters of Poster Design, Volume 2 John Foster,2012-02-01 This second edition of New Masters of Poster Design features the best poster designers currently working all over the world. This book brings back a handmade aesthetic that was really never lost, but is celebrating a resurgence among designers who are creating limited-edition prints and pieces for themselves and others that become keepsakes or pieces of art vs. the mass-generated designs we've all become accustomed to—and you won't see this collection of posters anywhere else. Strong visuals accompanied by captions and profiles capture the essence of these collectible prints.

**Poster Design** Marc Gimenez,2011 Posters are everywhere - from bus shelters and shop windows to massive billboards on motorways - all trying to catch our attention. But in order to be successful, the message has to be clear and the visual communication direct, the more eye-catching the poster, the more likely it is to have a lasting impact on the public. Poster Design is a sumptuously illustrated volume that brings together a collection of some of the very best poster designs from around the world and across a range of disciplines - from music and entertainment to fashion and business.

*Poster-Art* Charlotte Rivers,2011 Poster Art continues the exploration of innovative graphic design established in CD-Art, DVD-Art and Mag-Art. Showcasing an international collection of intelligent, witty and visually inspiring work, it celebrates the groundbreaking art direction, typography, illustration and printing to be found in poster design today. This classic form of graphic design plays an enormously cultural role within society. Whatever their purpose or subject, posters catch the eye, communicate and sell. As highly visible pieces of popular art and much loved examples of design, posters capture the zeitgeist of their times. This book is a must have for professional reference and an enthusiasts' collector's item.

Better Posters Zen Faulkes,2021-05-24 Better posters mean better research. Distilling over a decade of experience from the popular Better Posters blog, Zen Faulkes will help you create a clear and informative conference poster that delivers maximum impact. Academics have used posters to share research for more than five decades, and tens of thousands of posters are presented at conferences every year. Despite the popularity of the format, no in-depth guide has been available on how to create and deliver compelling conference posters. From over-long titles, tiny text and swarms of logos, to bad font choices, chaotic colour schemes and blurry images – it's easy to leave viewers confused about your poster's message. The solution is Better Posters: a comprehensive guide to everything you need to know – from writing a title and submitting an abstract, to designing the poster and finally presenting it in the poster session. Your conference poster will be one of your first research outputs, and the poster session is your first introduction to a professional community. Making a great poster develops the skills to create publications, reports, outreach and teaching materials throughout your career. This book also has material for conference organizers on how to make a better poster session for their attendees.

Making Posters Scott Laserow,Natalia Delgado,2020-09-03 Posters have the power to influence and inform - so how does a designer hone their creations to have the impact they need? With a special focus on conceptualization, internationally-acclaimed and award-winning designers Natalia Delgado and Scott Laserow takes you through planning, analyzing and creating posters that stop viewers in their tracks. Classic and contemporary examples from around the world show you what can be achieved at the cutting-edge of the medium - from protest and propaganda posters, through pop culture and Swiss style, to animated and interactive designs. Whether you need to promote the next president, advertise a brand or create awareness of a health crisis, Making Posters gives you the critical and practical skills to excel in one of the most widely seen forms of graphic design and make sure your work stands out from the crowd.
