My temptation. We're trapped in an elevator together, and her panic almost makes her pass out in my arms. She's strong, but broken. And she's hiding something. My wolf wants to claim her. But she's human, and her delicate flesh won't survive a wolf's mark. I'm too dangerous. I should stay away. But when I discover she's the hacker who nearly took down my company, I demand she submit to my punishment. And she will. Kylie belongs to me. Book 2 - Alpha's Danger "YOU BROKE THE RULES, LITTLE HUMAN. I OWN YOU NOW." I am an alpha wolf, one of the youngest in the States. I can pick any she-wolf in the pack for a mate. So why am I sniffing around the sexy human attorney next door? The minute I catch Amber's sweet scent, my wolf wants to claim her. Hanging around is a bad idea, but I don't play by the rules. Amber acts all prim and proper, but she has a secret, too. She may not want her psychic abilities, but they're a gift. I should let her go, but the way she fights me only makes me want her more. When she learns what I am, there's no escape for her. She's in my world, whether she likes it or not. I need her to use her gifts to help recover my missing sister—and I won't take no for an answer. She's mine now. Book 3 - Alpha's Prize MY CAPTIVE. MY MATE. MY PRIZE. I didn't order the capture of the beautiful American she-wolf. I didn't buy her from the traffickers. I didn't even plan to claim her. But no male shifter could have withstood the test of a full moon and a locked room with Sedona, naked and shackled to the bed. I lost control, not only claiming her, but also marking her, and leaving her pregnant with my wolfpup. I won't keep her prisoner, as much as I'd like to. I allow her to escape to the safety of her brother's pack. But once marked, no she-wolf is ever really free. I will follow her to the ends of the Earth, if I must. Sedona belongs to me.

SAVE ME Nobody could have foreseen what would happen the day that Rose McKenna volunteers in the cafeteria of her daughter's elementary school. Rose does it to keep a discreet eye on her third-grader, Melly, a sweet, if shy, child who was born with a facial birthmark that has become her own personal bull's-eye. Melly has been targeted by the mean girl at their

new school and gets bullied every day, placing Rose in a no-win position familiar to parents everywhere. Do we step in to protect our children when they need us, or does that make things worse? When the bully starts to tease Melly yet again, Rose is about to leap into action—but right then, the unthinkable happens. Rose finds herself in a nightmare, faced with an emergency decision that no mother should ever have to make. Would she sacrifice another mother's child to save her own? What she decides in that split second derails Rose's life and jeopardizes everything she holds dear—her family, her marriage—and even her own life...

10 PRINT CHR\$(205.5+RND(1)); : GOTO 10 Nick Montfort, Patsy Baudoin, John Bell, Ian Bogost, Jeremy Douglass, 2014-08-29 A single line of code offers a way to understand the cultural context of computing. This book takes a single line of code—the extremely concise BASIC program for the Commodore 64 inscribed in the title—and uses it as a lens through which to consider the phenomenon of creative computing and the way computer programs exist in culture. The authors of this collaboratively written book treat code not as merely functional but as a text—in the case of 10 PRINT, a text that appeared in many different printed sources—that yields a story about its making, its purpose, its assumptions, and more. They consider randomness and regularity in computing and art, the maze in culture, the popular BASIC programming language, and the highly influential Commodore 64 computer.

The Sasha McCandless Series: Volume 1 (Books 1-3) Melissa F.

Miller, 2014-08-12 Now available in one volume, the first three full-length novels in the USA TODAY bestselling Sasha McCandless legal thriller series. IRREPARABLE HARM Skillful plotting, surprising twists, and a cracking pace keep readers turning the pages in this gripping legal thriller. Downloaded by more than two million readers! Attorney Sasha McCandless has one goal: Make partner at the best firm in town. Then a plum assignment plunges her into a world of deceit and danger. She's tapped to defend an airline when a commercial flight crashes, killing everyone aboard. It's her big chance—high-stakes litigation for an important client. But, as she digs into the evidence, people close to the case start to die. When she discovers the crash was intentional, she teams up with a federal air marshal to prevent another disaster. Soon, Sasha finds herself with a brand-new life goal: Stop a madman before he kills her. INADVERTENT DISCLOSURE Tiny

dynamo Sasha McCandless returns in the acclaimed follow-up to *Irreparable Harm*! It was supposed to be a routine discovery motion. It wasn't. When Sasha travels to rural Clear Brook County for a discovery argument, the judge appoints her counsel to an angry senior citizen facing a competency hearing. Then she's attacked by a group of environmental activists who mistake her for an oil and gas industry executive. Fracking of the Marcellus Shale has left the community bitterly divided and mistrustful of outsiders. She's eager for her appointment to end so she can leave for good. Then the town's only judge is murdered, and she can't walk away. Instead, she races to find the killer against a backdrop of secrets, backroom deals, and corruption, as the town threatens to fracture beyond repair.

IRRETRIEVABLY BROKEN "Till death do us part" takes on gruesome significance in *Irretrievably Broken*. Prescott & Talbott is reeling from the murder of partner Ellen Mortenson—allegedly at the hands of her estranged husband—when a photograph of the dead woman is delivered to the law firm, her face Xed out and ONE DOWN scrawled across the bottom. Within days, a second partner is murdered, her husband also accused. Sasha doesn't practice criminal defense, but her former firm asks her to represent Ellen's husband. Owing Prescott a favor, she takes the case despite her misgivings. Soon she's representing both of the so-called Lady Lawyer Killers. The long hours take a toll on her own nascent relationship. That's the least of Sasha's troubles, though. The real killer is waging a vendetta for a past case gone wrong—and there's one more lawyer on his list.

Reclaiming Conversation Sherry Turkle, 2016-10-04 "In a time in which the ways we communicate and connect are constantly changing, and not always for the better, Sherry Turkle provides a much needed voice of caution and reason to help explain what the f*** is going on." —Aziz Ansari, author of *Modern Romance* Renowned media scholar Sherry Turkle investigates how a flight from conversation undermines our relationships, creativity, and productivity—and why reclaiming face-to-face conversation can help us regain lost ground. We live in a technological universe in which we are always communicating. And yet we have sacrificed conversation for mere connection. Preeminent author and researcher Sherry Turkle has been studying digital culture for over thirty years. Long an enthusiast for its possibilities, here she investigates a troubling consequence: at work, at home, in politics, and in love, we find ways around conversation, tempted by the possibilities of a text or an email in which we don't have to look, listen, or reveal ourselves. We develop a taste for what mere connection offers. The dinner table falls silent as children compete with phones for their parents' attention. Friends learn strategies to keep conversations going when only a few people are looking up from their phones. At work, we retreat to our screens although it is conversation at the water cooler that increases not only productivity but commitment to work. Online, we only want to share opinions that our followers will agree with – a politics that shies away from the real conflicts and solutions of the public square. The case for conversation begins with the necessary conversations of solitude and self-reflection. They are endangered: these days, always connected, we see loneliness as a problem that technology should solve. Afraid of being alone, we rely on other people to give us a sense of ourselves, and our capacity for empathy and relationship suffers. We see the costs of the flight from conversation everywhere: conversation is the cornerstone for democracy and in business it is good for the bottom line. In the private sphere, it builds empathy, friendship, love, learning, and productivity. But there is good news: we are resilient. Conversation cures. Based on five years of research and interviews in homes, schools, and the workplace, Turkle argues that we have come to a better understanding of where our technology can and cannot take us and that the time is right to reclaim conversation. The most human—and humanizing—thing that we do. The virtues of person-to-person conversation are timeless, and our most basic technology, talk, responds to our modern challenges. We have everything we need to start, we have each other. Turkle's latest book, *The Empathy Diaries* (3/2/21) is available now.

The Virtue of Selfishness Ayn Rand,1964-11-01 A collection of essays that sets forth the moral principles of Objectivism, Ayn Rand's controversial, groundbreaking philosophy. Since their initial publication, Rand's fictional works—*Anthem*, *The Fountainhead*, and *Atlas Shrugged*—have had a major impact on the intellectual scene. The underlying theme of her famous novels is her philosophy, a new morality—the ethics of rational self-interest—that offers a robust challenge to altruist-collectivist thought. Known as Objectivism, her divisive philosophy holds human life—the life proper to a rational being—as the standard of moral values and regards altruism as incompatible with man's nature. In this series of essays, Rand asks why man needs morality in the first place, and arrives at an answer that redefines a new code of ethics based on the virtue of selfishness. His Mate or His Girlfriend Rubyk12,2021-06-01 Rose thought she was just another ordinary high school student with high aspirations to go to college. For as long as she can remember, it's always been her aunt and her going through the adventure of life together. All that changes on her 16th birthday when she learns that the birthmark on her arm is actually the symbol of her birthright to become the Luna to the Alpha of one of the most powerful werewolf packs on the East Coast. In a bid to protect her from their enemies, Rose was hidden away and her existence became top secret information within the Pack hierarchy. However, Xavier is now the new Alpha and instead of being eager to claim his Luna, he scoffs at the 16-year old stick of a girl, claiming she holds no attraction for him. He would much rather stay with his girlfriend, Alyssa, promising to eventually make her Luna of his pack. Meanwhile, Rose's world is turned upside down when the truth is revealed and she has to leave her old secluded life for her new pack life. She could care less about mating with Xavier until Xavier returns from college in Europe and both can't seem to resist the pull of their wolves anymore. Whereas before, Xavier had been reluctant to go through with the mating ceremony with Rose, now he doesn't find it such a horrible thought. Join Xavier and Rose on a journey of self-fulfillment in which both learn that love is never just a spoken word, but reflected in ones deeds and acts. As they grow together in a journey to protect their pack, will they find love in each other or will Xavier cast her away as he always intended and make Alyssa his mate?

Slenderman Connie Myres,2021-07-01 When children disappear and citizens are murdered in a Lake Michigan resort town, will a citizen reporter and her quirky sidekick cousin be able to stop what witnesses describe as a faceless, tall skinny man in a black suit before grief and death touch everyone in town? Citizen reporter Pacie Rose is in her strawberry with her family when Irma, her offbeat sidekick cousin, calls and reports that there's been a child abduction in town. They take on the self-appointed case of finding the

culprit while murders and another missing child pile up. Armed with tools from the priest and local college professor, they are ready to confront the thing that witnesses describe as a tall man who wears a black suit and who appears to have no face. The resort town of Black Water is inundated with so many weird events that Pacie Rose took up being the town's citizen reporter. With her quirky cousin as the sidekick, they work to assist authorities in solving cases. Not bound by institutional rules, they can investigate using "not so legal" ways to get information. The Potawatomi have told of strange occurrences in the area long before the construction of the nuclear power plant in the 1960s. However, ever since Bulwark became operational, aberrations have increased substantially. Missing people, cryptids, UFOs, the paranormal, and alternate dimensions are just a few of the mysterious encounters. Follow Pacie as she works to rid Black Water of the terrifying phenomena.
