By using the ideas found in this book consistently over a period of time it is possible to acquire 1000 followers. If you follow the principles of this book, you will see your followers grow. These are not my theories or opinions; these are the actual ideas I used to build my own twitter following to over 5000 in less than one year. Twitter has been a great help to me in both connecting with likeminded people and collaborating on business projects. Twitter was also the main outlet for promotions for my two published books that both reached the top 5% of all books sold on Amazon. I have helped others by sharing these ideas and I believe it will work for the readers of this book if they are patient and work on using these suggestions while also building a high quality twitter account through quality tweets. Use the ideas that fit your twitter goals and personality and skip the ones you do not like.
