Who wouldn't want to be a hero? With ICONS, you can be! Within its pages are complete rules for character creation, abilities and powers, random adventure generation, a rogue's gallery of villains, a complete adventure and all the superheroic action you can handle!

*Numenera Corebook* Monte Cook,2013-06-01 There have been eight previous worlds ... Each left behind remnants. People of the new world, the Ninth World, sometimes call these remnants magic, and who are we to say they're wrong? But most give a unique name

to the legacies of the nigh-unimaginable past. They call them Numenera. The Ninth World is built on the bones of the previous eight. The game of Numenera is about discovering the wonders of the worlds that came before, not for their own sake, but as the means to improve the present and build a future.--Page 4 of cover.

The Game Master's Book of Random Encounters Jeff Ashworth,2020-09-15 For many tabletop RPG players, the joy of an in-depth game is that anything can happen. Typical adventure modules include a map of the adventure's primary location, but every other location?whether it's a woodland clearing, a random apothecary or the depths of a temple players elect to explore?has to be improvised on the fly by the Game Master. As every GM knows, no matter how many story hooks, maps or NPCs you painstakingly create during session prep, your best-laid plans are often foiled by your players' whims, extreme skill check successes (or critical fails) or their playful refusal to stay on task. In a game packed with infinite possibilities, what are GMs supposed to do when their players choose those for which they're not prepared? The Game Master's Book of Random Encounters provides an unbeatable solution. This massive tome is divided into location categories, each of which can stand alone as a small stop as part of a larger campaign. As an example, the "Taverns, Inns, Shops & Guild Halls" section includes maps for 19 unique spaces, as well as multiple encounter tables designed to help GMs fill in the sights, sounds, smells and proprietors of a given location, allowing for each location in the book to be augmented and populated on the fly while still ensuring memorable moments for all your players. Each map is presented at scale on grid, enabling GMs to determine exactly where all of the characters are in relation to one another and anyone (or anything) else in the space, critical information should any combat or other movement-based action occur. Perhaps more useful than its nearly 100 maps, the book's one-shot generator features all the story hooks necessary for GMs to use these maps as part of an interconnected and contained adventure. Featuring eight unique campaign drivers that lead players through several of the book's provided maps, the random tables associated with each stage in the adventure allow for nearly three million different outcomes, making The Game Master's Book of Random Encounters an incredible investment for any would-be GM. The book also includes a Random NPC Generator to help you create intriguing characters your players will love (or love to hate), as well as a Party Makeup Maker for establishing connections among your PCs so you can weave together a disparate group of adventurers with just a few dice rolls. Locations include taverns, temples, inns, animal/creature lairs, gatehouses, courts, ships, laboratories and more, with adventure hooks that run the gamut from frantic rooftop chases to deep cellar dungeon-crawls, with a total of 97 maps, more than 150 tables and millions of possible adventures. No matter where your players end up, they'll have someone or something to persuade or deceive, impress or destroy. As always, the choice is theirs. But no matter what they choose, with The Game Master's Book of Random Encounters, you'll be ready.

**The Dungeon Zone** Ewen Cluney,2018-10-31 Okay, so, The Dungeon Zone is an RPG where you play a group of gamers as they sit down to play a dungeon fantasy RPG. It's a weirdly meta, tongue-in-cheek celebration of the most popular tabletop RPG of all time. It uses a simple, quirky Powered by the Apocalypse variant, with so, so many random tables. You can seriously make a whole character with random rolls if you want. In these pages you'll also find appendices lettered A through O, ranging from tables useful for playing the game to random humor stuff awkwardly wedged into the book. There's even a 6-page coloring section for some reason! To play you'll need a few friends, printouts of the various sheets, pencils, and some six-sided dice. You can play once in 2-4 hours, or do a longer campaign.

**Alien RPG** Free League Publishing,2019-12-10 Space is vast, dark, and not your friend. Gamma rays and neutrino bursts erupt from dying stars to cook you alive, black holes tear you apart, and the void itself boils your blood and seizes your brain. Try to scream and no one can hear you - hold your breath and you rupture your lungs. Space isn't as empty as you'd think, either - its frontiers are ever expanding. Rival governments wage a cold war of aggression while greedy corporations vie for valuable resources. Colonists reach for the stars and gamble with their lives - each new world tamed is either feast or famine. And there are things lurking in the shadows of every asteroid - things strange and different and deadly. Things alien. This is the official ALIEN tabletop roleplaying game - a universe of body horror and corporate brinkmanship, where synthetic people play god while space truckers and marines serve host to newborn ghoulish creatures. It's a harsh and unforgiving universe and you are nothing if not expendable. Stay alive if you can--Back cover.
