Public Relations Online Tom Kelleher, 2006-12-20 Rich in scholarly foundations combined with actual practice, *Public Relations Online: Lasting Concepts for Changing Media* connects the social and technological forces that are changing public relations. Using plain-talk discussion of theory and research, this book helps readers identify how lasting concepts for effective public relations can be applied in a changing media environment, and how a changing media environment affects the practice of effective public relations.

Forensic Speaker Recognition Amy Neustein, Hemant A. Patil, 2011-10-05 *Forensic Speaker Recognition: Law Enforcement and Counter-Terrorism* is an anthology of the research findings of 35 speaker recognition experts from around the world. The volume provides a multidimensional view of the complex science involved in determining whether a suspect's voice truly matches forensic speech samples, collected by law enforcement and counter-terrorism agencies, that are associated with the commission of a terrorist act or other crimes. While addressing such topics as the challenges of forensic case work, handling speech signal degradation, analyzing features of speaker recognition to optimize voice verification system performance, and designing voice applications that meet the practical needs of law enforcement and counter-terrorism agencies, this material all sounds a common theme: how the rigors of forensic utility are demanding new levels of excellence in all aspects of speaker recognition. The contributors are among the most eminent scientists in speech engineering and signal processing; and their work represents such diverse countries as Switzerland, Sweden, Italy, France, Japan, India and the United States. *Forensic Speaker Recognition* is a useful book for forensic

speech scientists, speech signal processing experts, speech system developers, criminal prosecutors and counter-terrorism intelligence officers and agents.

web 002 también llamada
certidumbre es la
situación de la mente
que asegura estar en
posesión indiscutible de
la verdad sobre un
objeto persona o
situación en ocasiones
da seguridad pero no es
absoluta pues el estar
cierto no es garantí a
de verdad tiene que ver
con la seguridad que es
la visión clara y firme
de la realidad
