Olive, Mabel & Me: Life and Adventures with Two Very Good Dogs Andrew Cotter, 2020-12-01 The story of Olive and Mabel, Labrador retrievers who rose to internet fame as the subjects of Andrew Cotter's BBC sports parodies. When sporting events were put on hold in March 2020, commentator Andrew Cotter shifted to working from home. The one-on-one competitors? His two Labrador retrievers, Olive and Mabel. In the hilarious videos that ensued, the dogs engage in various contests, from bone-snatching and breakfast-eating to crushing it on the dog walk, while Cotter narrates to hilarious effect. The scene of Mabel, simply standing still in a fetid pond was one of the most popular. Why? Because this is how dogs live, and Cotter captured it with humor and joy. It's why the series has been viewed more than 50 million times, entertaining dog owners, sports fans and celebrities around the world. Olive and Mabel are more than online celebrities, however, as revealed in this charming narrative. Filled with stories about how Cotter fell in love with his dogs, his passion for hiking with them through the glens and over the peaks of his native Scotland,

and the ongoing relationship between Olive and Mabel (particularly the “competitive fire” lit during these days of quarantine), the memoir is by turns side-splittingly funny and thoughtfully tender. It’s sure to resonate with all dog lovers.

The Order of Time Carlo Rovelli, 2018-05-08 One of TIME's Ten Best Nonfiction Books of the Decade Meet the new Stephen Hawking . . . The Order of Time is a dazzling book. --The Sunday Times From the bestselling author of *Seven Brief Lessons on Physics*, *Reality Is Not What It Seems*, and *Helgoland*, comes a concise, elegant exploration of time. Why do we remember the past and not the future? What does it mean for time to flow? Do we exist in time or does time exist in us? In lyric, accessible prose, Carlo Rovelli invites us to consider questions about the nature of time that continue to puzzle physicists and philosophers alike. For most readers this is unfamiliar terrain. We all experience time, but the more scientists learn about it, the more mysterious it remains. We think of it as uniform and universal, moving steadily from past to future, measured by clocks. Rovelli tears down these assumptions one by one, revealing a strange universe where at the most fundamental level time disappears. He explains how the theory of quantum gravity attempts to understand and give meaning to the resulting extreme landscape of this timeless world. Weaving together ideas from philosophy, science and literature, he suggests that our perception of the flow of time depends on our perspective, better understood starting from the structure of our brain and emotions than from the physical universe. Already a bestseller in Italy, and written with the poetic vitality that made *Seven Brief Lessons on Physics* so appealing, *The Order of Time* offers a profoundly intelligent, culturally rich, novel appreciation of the mysteries of time.

Learning to Pray James Martin, 2021-02-02 NEW YORK TIMES BESTSELLER "A smart, wise, often side-splittingly funny master class in seeking God. Any spiritual seeker—from atheist to professional religious—will cherish this bravura tome from one of our great spiritual guides, in the lineage of C. S. Lewis, Henri Nouwen, Thomas Merton, Gandhi, and Mother Teresa. Hallelujah & amen!"—Mary Karr, author of *Lit* and *The Liar's Club* One of America's most beloved spiritual leaders and the New York Times

bestselling author of *The Jesuit Guide to (Almost) Everything* and *Jesus: A Pilgrimage* teaches anyone to converse with God in this comprehensive guide to prayer. In *The Jesuit Guide to (Almost) Everything*, Father James Martin included a chapter on communicating with God. Now, he expands those thoughts in this profound and practical handbook. *Learning to Pray* explains what prayer is, what to expect from praying, how to do it, and how it can transform us when we make it a regular practice in our lives. A trusted guide walking beside us as we navigate our unique spiritual paths, Martin lays out the different styles and traditions of prayer throughout Christian history and invites us to experiment and discover which works best to feed our soul and build intimacy with our Creator. Father Martin makes clear there is not one secret formula for praying. But like any relationship, each person can discover the best style for building an intimate relationship with God, regardless of religion or denomination. Prayer, he teaches us, is open and accessible to anyone willing to open their heart.
