**The Sales Funnel Bible** Aaron Hoos,2014-03-09 Every business has a sales funnel but few business owners ever pay attention to theirs. In fact, most people think of sales funnels as a nice to know concept and they don't realize the opportunity that this powerful strategic tool offers their business. The sales funnel is the journey people take as they discover they have a problem and eventually realize that your business has the solution to solve their problem. Within your sales funnel are all the marketing and sales activities you perform to convince them to buy from you. ... And there's more. So much more. The sales funnel is an all-too-often overlooked strategic tool that empowers business owners to accelerate business growth, attract more of the right customers, close more (and more profitable) sales, and do it all faster and easier. The sales funnel is the engine of your business; your business' most important asset. There is no other strategic tool that has the impact on your business that the sales funnel has, and business owners who master their sales funnel discover a new world of possibility in their business. In *The Sales Funnel Bible*, business writer Aaron Hoos outlines the step-by-step way to understand your sales funnel and achieve sales funnel mastery in your business. The book leads you from the very basics (if you've never heard of a sales funnel before) all the way through to advanced techniques (for entrepreneurs who are actively building their sales funnels). It doesn't matter what you sell, who you sell to, what size of business you have, or how long you've been in business. The most effective way to grow your business is to master your sales funnel, and the fastest way to get started is to read *The Sales Funnel Bible*.

**Traffic Secrets** Russell Brunson, 2023-07-25 Master the evergreen traffic strategies to fill your website and funnels with your dream customers in this timeless book from the \$100M entrepreneur and co-founder of the software company ClickFunnels. The biggest problem that most entrepreneurs have isn't creating an amazing product or service; it's getting their future customers to discover that they even exist. Every year, tens of thousands of businesses start and fail because the entrepreneurs don't understand this one essential skill: the art and science of getting traffic (or people) to find you. And that is a tragedy. Traffic Secrets was written to help you get your message out to the world about your products and services. I strongly believe that entrepreneurs are the only people on earth who can actually change the world. It won't happen in government, and I don't think it will happen in schools. It'll happen because of entrepreneurs like you, who are crazy enough to build products and services that will actually change the world. It'll happen because we are crazy enough to risk everything to try and make that dream become a reality. To all the entrepreneurs who fail in their first year of business, what a tragedy it is when the one thing they risked everything for never fully gets to see the light of day. Waiting for people to come to you is not a strategy. Understanding exactly WHO your

dream customer is, discovering where they're congregating, and throwing out the hooks that will grab their attention to pull them into your funnels (where you can tell them a story and make them an offer) is the strategy. That's the big secret. Traffic is just people. This book will help you find YOUR people, so you can focus on changing their world with the products and services that you sell.
