Model Rules of Professional Conduct American Bar Association. House of Delegates, Center for Professional Responsibility (American Bar Association), 2007 The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

Diverse Voices in Tort Law Kirsty

Horsey,2024-03-26 This captivating book explores uncharted territory in tort law, shedding light on underexplored viewpoints in the field. The collection brings issues of social class, race, gender, marginalisation, vulnerability and harm into conversation with core tort law topics to encourage a more critical examination of the law and its impact on different groups of people. Written by experts in the main areas of tort law from negligence to defamation and personal torts, chapters will: • deepen students' understanding of the central concepts and practices of tort law; • uncover the power imbalances and privileges that underpin tort law decisions and their impact on lived experiences; • amplify under-represented voices by signposting to the work and ideas of scholars that are less visible in the field. Integrating marginalised perspectives into the curriculum and discourse, this indispensable textbook paves the way for a more inclusive and comprehensive understanding of tort law. Chapter 9 available open access digitally under CC-BY licence.

Insights in Global Health Ebby Elahi, 2020-12-14

Insights in Global Health: A Compendium of Healthcare Facilities and Nonprofit Organizations is the most comprehensive index of critical information on healthcare facilities and nonprofits in 24 of the lowest income countries as classified by the World Bank. Presented in an easily accessible format and organized in 24 country chapters, the compendium allows stakeholders to better identify where healthcare services are available and where additional resources are needed. Key Features: • Brief country overviews, key statistics, and country maps depicting the locations of healthcare facilities. • Curated lists of healthcare facilities as well as nonprofits, accompanied by brief descriptions and relevant medical specialties, for each country. • QR codes associated with each listing linking to a companion web platform, providing access to further information about the organizations as well as the ability to interact with the data in a customizable manner.
