Handbook of Risk and Crisis Communication Robert L. Heath,H. Dan O'Hair,2010-09-28 The Handbook of Risk and Crisis Communication explores the scope and purpose of risk, and its counterpart, crisis, to facilitate the understanding of these issues from conceptual and strategic perspectives. Recognizing that risk is a central feature of our daily lives, found in relationships, organizations, governments, the environment, and a wide variety of interactions, contributors to this volume explore such questions as: What is likely to happen, to whom, and with what consequences?; To what extent can science and vigilance prevent or mitigate negative outcomes?; and What obligation do some segments of local, national, and global populations have to help other segments manage risks?, shedding light on the issues in the quest for definitive answers. The Handbook offers a broad approach to the study of risk and crisis as joint concerns. Chapters explore the reach of crisis and risk communication, define and examine key constructs, and parse the contexts of these vital areas. As a whole, the volume presents a comprehensive array of studies that highlight the standard principles and theories on both topics, serving as the largest effort to date focused on engaging risk communication discussions in a comprehensive manner. With perspectives from psychology, sociology, anthropology, political science, economics, and communication, the Handbook of Risk and Crisis Communication enlarges the approach to defining and recognizing risk and how should it best be managed. It provides vital insights for all disciplines studying risk, including communication, public relations, business, and psychology, and will be required reading for scholars and researchers investigating risk and crisis in various contexts.

Music Documentaries for Radio Sam Coley,2021-11-16 Drawing on both academic research and real world practice, this book offers an in-depth investigation into the production of music documentaries broadcast on radio. Music Documentaries for Radio provides a thorough overview of how the genre has developed technically and editorially alongside a discussion of the practical production processes involved. Digital production equipment and online tools used in music documentary production are discussed in detail, outlining how the development of these technologies shapes the output of producers operating in both the public service and the commercial sectors of the industry. Drawing on his own experiences as an award-winning music documentary producer, the author also looks at how the industry views this form of radio documentary and considers how innovation and technical advances, as well as governmental regulation, have shaped the field. The book demonstrates how changing practices and technical innovations have led to the emergence of multi-skilled, freelance radio producers and how previously separate production roles have merged into one convergent, multifaceted position. Music Documentaries for Radio is an ideal resource for students and academics in the fields of radio studies, media production, documentary-making, and journalism studies.

And Now on Radio 4 Simon Elmes,2009-11-10 *And Now on Radio 4* offers an enthusiast's guide to the shows that have made Radio 4 what it is, and also explores some of the wonderful corners of the network's history that are long forgotten by all but a few. Who, for instance, now recalls Ronnie Barker's starring role on Radio 4 in a sophisticated cabaret-cum-sketch-show called *Lines from My Grandfather's Forehead*? What about Spike Milligan's intimate, soul-bearing account of his upbringing in colonial India, *Plain Tales from the Raj*? And who now remembers that *Start the Week* was once hosted by Russell Harty, a bit of programming compared by one insider to letting Graham Norton run *Newsnight*. In order to reflect the way devotees listen to Radio 4, the book is organised not on simple chronological lines but in the form of a typical day. Chapter by chapter, the day evolves, from *Farming Today*, through the daily feast that is *Today*, through the morning menu of conversation, *Woman's Hour*, documentary and comedy. Lunchtime brings *The World at One*. The early evening, of course, yields *The Archers*. And finally there's *Book at Bedtime* and *Sailing By*. An addictive mix of history, biography, anecdote and occasional useless fact, this is the perfect book for Radio 4 aficionados.
