Olive Witch Abeer Y. Hoque,2016-01-10 'Told with vivid lyricism yet unflinching in its gaze, Abeer Hoque's memoir is the tender coming-of-age story of migration on three continents, and about the pain, rupture, and redemptive possibilities of displacement.' - Tahmima Anam, author of *The Bones of Grace* 'Engrossing ... Hoque's writing is an elegant melange of candor and a strange sense of calmness, which she maintains throughout ... An evocative examination of identity and what it means to be true to yourself.' - Booklist, review, 2/1/2017 'Told with vivid lyricism yet unflinching in its gaze, Abeer Hoque's memoir is the coming-of-age story of migration on three continents, and about the pain, rupture, and redemptive possibilities of displacement.' - Tahmima Anam, author of *The Bones of Grace* 'I saw Abeer Y. Hoque - and bought *Olive Witch* - when she captivated audiences at this past year's Jaipur Literature Festival. Her work was among that which I came back to the U.S. hoping there would be a home over here for. This is a vivid, moving coming-of-age story.' - Rick Simonson, Elliott Bay Book Company 'Raw, unblinking, urgent-in-these-times...*Olive Witch* is ultimately an encouraging, timely story for the masses, an inspiration to live - authentically, globally, with urgent immediacy.' - Christian Science Monitor In the 1970s, Nigeria is flush with oil money, building new universities, and hanging on to old colonial habits. Abeer Hoque is a Bangladeshi girl growing up in a small sunlit town, where the red clay earth, corporal punishment and running games are facts of life. At thirteen she moves with her family to suburban Pittsburgh and finds herself surrounded by clouded skies and high schoolers who speak in movie quotes and pop culture slang. Finding her place as a young woman in America proves more difficult than she can imagine. Disassociated from her parents, and laid low by academic pressure and spiralling depression, she is committed to a psychiatric ward in Philadelphia. When she moves to Bangladesh on her own, it proves to be yet another beginning for someone who is only just getting used to being an outsider - wherever she is. Arresting and beautifully written, with poems and weather conditions framing each chapter, *Olive Witch* is an intimate memoir about taking the long way home.

The Dragon's Gift Terese Tse Bartholomew,John Johnston,Honolulu Academy of Arts,2008 The Dragon's Gift offers a rare opportunity to introduce, to the wider international audience, some of the most sacred Buddhist images of Bhutan. From the wealth of material surveyed, the organizers of the exhibition have selected over one hundred objects of superior aesthetic achievement and deep religious significance, the vast majority of which have never before been seen in the West. Nearly all of the works of art presented in this catalogue are from active temples and monasteries and remain in ritual use. Most of the items are painted or textile thangkas or gilt bronze sculptures which date primarily from the 17th to the 19th centuries - a golden age in the Buddhist arts of Bhutan. Ranging from depictions of Tantric deities to individualized portraits of Buddhist masters, the exhibition and catalogue present outstanding works of art with a wide iconographic scope. For the Buddhist people of Bhutan, these sacred items are conceived as supports along the journey to enlightenment, and are of vital spiritual significance. Complementing the presentation of sacred works of art is the documentation of the ancient Cham dances of Bhutan, to which the dance preservation team was given privileged entree. Having documented over three hundred hours of sacred and secular dances, they have made a first assay of one of the few surviving treasures of the trans-Himalayan movement tradition. These differing approaches to the visual and moving arts provide further insight into the unique experience of Buddhism in Bhutan. A brief sampling of the variety of extant dance lineages - some many centuries old - is included on the DVD contained within the catalogue.--Publisher's website.

Ways of Sunlight Sam Selvon,2024-02-01 'A delightful book, a pleasure to read and reflect over afterwards ... for humour, sprightliness and downright exuberance at being alive' Sunday Times 'You could be lonely as hell in the city, then one day you look around you and you realise everybody else is lonely too' This irresistible, bittersweet collection of short stories from the supreme chronicler of West Indian lives in Britain brings together two worlds: Trinidad and London. Here is an illicit love affair on a plantation, gossip and rivalry between village washerwomen, a boy

rebellling against his parents' traditions. Here too is life after leaving for England: hustling for work, eking out money for the gas meter in winter, dancing in clubs, discovering romance in a night-time park, experiencing unexpected kindness, dreams and disenchantment.

Factories in the Field Carey McWilliams,2000-04-15 This book was the first broad exposé of the social and environmental damage inflicted by the growth of corporate agriculture in California. Factories in the Field—together with the work of Dorothea Lange, Paul Taylor, and John Steinbeck—dramatizes the misery of the dust bowl migrants hoping to find work in California agriculture. McWilliams starts with the scandals of the Spanish land grant purchases, and continues on to examine the experience of the various ethnic groups that have provided labor for California's agricultural industry—Chinese, Japanese, Mexicans, Filipinos, Armenians—the strikes, and the efforts to organize labor unions

Musical Creativity Irène Deliège,Geraint A. Wiggins,2006-10-16 This collection initiates a resolutely interdisciplinary research dynamic specifically concerning musical creativity. Creativity is one of the most challenging issues currently facing scientific psychology and its study has been relatively rare in the cognitive sciences, especially in artificial intelligence. This book will address the need for a coherent and thorough exploration. Musical Creativity: Multidisciplinary Research in Theory and Practice comprises seven sections, each viewing musical creativity from a different scientific vantage point, from the philosophy of computer modelling, through music education, interpretation, neuroscience, and music therapy, to experimental psychology. Each section contains discussions by eminent international specialists of the issues raised, and the book concludes with a postlude discussing how we can understand creativity in the work of eminent composer, Jonathan Harvey. This unique volume presents an up-to-date snapshot of the scientific study of musical creativity, in conjunction with ESCOM (the European Society for the Cognitive Sciences of Music). Describing many of the different aspects of musical creativity and their study, it will form a useful springboard for further such study in future years, and will be of interest to academics and practitioners in music, psychology, cognitive science, artificial intelligence, neuroscience and other fields concerning the study of human cognition in this most human of behaviours.
