Daniel S. Janal

Love Is a Promise Kept Regina Puckett, 2012-08-16 Gregory believes a promise should never be broken. At the age of twelve he promises to wait on four year old Mary Elizabeth. While everyone else believes it was just a sweet exchange between two children, Gregory never forgets his promise of marriage. Even though Mary Elizabeth doesn't believe in fairy tales, she does believe in Gregory. While her parents continue to insist he won't keep his promise, she knows he will. Years before, her young heart recognized the person it belonged to. But just when she believes her perfect future is about to come true, a spiteful adversary causes her to doubt Gregory's sincerity. Now the future doesn't seem quite so bright or certain. Gregory and Mary Elizabeth will have to overcome many obstacles in order to stop waiting and to finally begin living and loving.

Zimbabwe's Casino Economy Gideon Gono, 2008 This is the remarkable first-hand account of the tenure of the Governor of the Reserve Bank of Zimbabwe, from December 2003 until November 2008. A close colleague of President Robert Mugabe, he explains why he cherishes that opportunity to serve him and his country. A number of beliefs underpin his account of his tenure: every nation seeks development in terms of economic growth, equity, social cohesion, political stability, democracy and human rights as well as sovereignty or national autonomy in international affairs, and his account is therefore in a development context, the object of public policy. He contends that Zimbabweans have been denied the pursuit

of development which is in a precarious state, because of illegal economic sanctions imposed on Zimbabwe by Britain and its allies who have sought regime change in the country and because of serious gaps and weaknesses in the policy response to the sanctions by both the government and the business community in our country. The result of political turmoil and market failure is that order and stability have been compromised and the Zimbabwe economy is now drive by a casino ethic, with devastating effects. He outlines the Reserve bank response to the challenges, and concludes by mapping a socio-economic roadmap for reform and recovery. After an introductory bio-professional note, the chapters cover: The Invisible Hand's Dirty Politics; The Market Economy as a Casino Economy; Corrupting Banking and the Stock Exchange; Illegal Sanctions as Terrorism; When Things Fell Apart; Taking a New Direction; Tackling the Casino Economy; Beyond the Casino Economy.
