

Screensaver Of Bismillah 01

Leslie Schroeder

The Way Out Is In Thich Nhat Hanh, 2015-09-07 Zen Master Thich Nhat Hanh is a prolific author, poet, teacher, scholar and peace activist. Yet he is also a master calligrapher, distilling ancient Buddhist teachings into simple phrases that resonate with our modern times, capturing and expressing his lifetime of meditative insight, peace and compassion. This book offers a rare opportunity to spend time in the presence of his beautiful creations. For Thich Nhat Hanh, creating calligraphy is more than creating art - it is also a meditative practice. He is fully present for every moment, from drinking his tea, to sitting down and taking a brush, and using the tea to make the ink. Each calligraphy is made of mindful sitting, breathing, walking, smiling - and love.

Chinese Gleams of Sufi Light Sachiko Murata, 2000-08-03 The first study in English of Islamic thought in China, this book shows that this tradition was informed by both Sufism and Neo-Confucianism; translations of two classic works are included.

Securitization in India Jennifer Romero-Torres, Sameer Bhatia, Sudip Sural, 2017-11-01 India needs to spend close to Rs43 trillion (about \$646 billion) on infrastructure through to 2022. Such a staggering requirement cannot be met though traditional sources such as public sector bank loans. India must immediately explore and quickly ramp up financing from alternative investment sources. This report provides an overview of infrastructure financing in India, sheds light on the challenges faced by the country's banking sector, suggests an optimal mechanism for securitizing the infrastructure assets of public sector banks, and outlines a range of scenarios and factors that must be in place for this mechanism to be successfully realized.

Exploring Language Change Mari Jones, Ishtla Singh, 2013-09-13 In this student-friendly text, Jones and Singh explore the phenomenon of language change, with a particular focus on the social contexts of its occurrence and possible motivations, including speakers' intentions and attitudes. Presenting new or little-known data, the authors draw a distinction between unconscious and deliberate change. The discussion on unconscious change considers phenomena such as the emergence and obsolescence of individual languages, whilst the sections on deliberate change focus on issues of language planning, including the strategies of language revival and revitalization movements. There is also a detailed exploration of what is arguably the most extreme instance of deliberate change; language invention for real-world use. Examining an extensive range of language situations, *Exploring Language Change* makes a clear, but often ignored distinction between concepts such as language policy and planning, and language revival and revitalization. Also featured are a number of case studies which demonstrate that real-life language use is often much more complex than theoretical abstractions might suggest. This is a key text for students on a variety of courses, including sociolinguistics, historical linguistics and language policy and planning.

Handimals: Animals in Art and Nature Silvia Lopez, 2019-04-30 Discover the beauty of Handimals: hands modeled and painted into animals paired with facts and photos of the corresponding animals in nature. With a gift for fine art and a lifelong love of nature, Guido paints magnificent animal subjects on an unconventional canvas—human hands. This awe-inspiring collection showcases sixteen creatures ranging from polar bears to alpacas to Komodo dragons and provides factual information about the various species. Silvia Lopez brings her sharp eye to these important animals with insightful facts to raise awareness and appreciation for Earth's precious wildlife. A perfect choice for artists and environmentalists of all ages. Christy
