**Literary Publishing in the Twenty-First Century** Travis

Kurowski,Wayne Miller,Kevin Prufer,2016-04-12 Gutenberg's invention of movable type in the fifteenth century introduced an era of mass communication that permanently altered the structure of society. While publishing has been buffeted by persistent upheaval and transformation ever since, the current combination of technological developments, market pressures, and changing reading habits has led to an unprecedented paradigm shift in the world of books. Bringing together a wide range of perspectives—industry veterans and provocateurs, writers, editors, and digital mavericks—this invaluable collection reflects on the current situation of literary publishing, and provides a road map for the shifting geography of its future: How do editors and publishers adapt to this rapidly changing world? How are vibrant public communities in the Digital Age created and engaged? How can an industry traditionally dominated by white men become more diverse and inclusive? Mindful of the stakes of the ongoing transformation, Literary Publishing in the

21st Century goes beyond the usual discussion of 'print vs. digital' to uncover the complex, contradictory, and increasingly vibrant personalities that will define the future of the book.

**Breaking In** Lee Jessup, 2017-03-31 *Breaking In: Tales from the Screenwriting Trenches* is a no-nonsense, boots-on-the-ground exploration of how writers REALLY go from emerging to professional in today's highly saturated and competitive

screenwriting space. With a focus on writers who have gotten representation and broken into the TV or feature film space after the critical 2008 WGA strike and financial market collapse, the reader will learn from tangible examples of how success was achieved via hard work and specific methodology. This book includes interviews from writers who wrote major studio releases (The Boy Next Door), staffed on television shows (American Crime, NCIS New Orleans, Sleepy Hollow), sold specs and television shows, placed in competitions, and were accepted to prestigious network and studio writing programs. These interviews are presented as Screenwriter Spotlights throughout the book and are supported by insight from top-selling agents and managers (including those who have sold scripts and pilots, had their writers named to prestigious lists such as The Black List and The Hit List) as well as working industry executives. Together, these anecdotes, learnings and perceptions, tied in with the author's extensive experience in and knowledge of the industry, will inform the reader about how the industry REALLY works, what it expects from both working and emerging writers, as well as what next steps the writer should engage in, in order to move their screenwriting career forward.
