Breaking In Lee Jessup, 2017-03-31 *Breaking In: Tales from the Screenwriting Trenches* is a no-nonsense, boots-on-the-ground exploration of how writers REALLY go from emerging to professional in today's highly saturated and competitive screenwriting space. With a focus on writers who have gotten representation and broken into the TV or feature film space after the critical 2008 WGA strike and financial market collapse, the reader will learn from tangible examples of how success was achieved via hard work and specific methodology. This book includes interviews from writers who wrote major studio releases (*The Boy Next Door*), staffed on television shows (*American Crime*, *NCIS New Orleans*, *Sleepy Hollow*), sold specs and television shows, placed in competitions, and were accepted to prestigious network and studio writing programs. These interviews are presented as Screenwriter Spotlights throughout the book and are supported by insight from top-selling agents and managers (including those who have sold scripts and pilots, had their writers named to prestigious lists such as *The Black List* and *The Hit List*) as well as working industry executives. Together, these anecdotes, learnings and perceptions, tied in with the author's extensive experience in and knowledge of the industry, will inform the reader about how the industry REALLY works, what it expects from both working and emerging writers, as well as what next steps the writer should engage in, in order to move their screenwriting career forward.

The Art of Fielding Chad Harbach, 2011-09-07 At Westish College, a small school on the shore of Lake Michigan, baseball star Henry Skrimshander seems destined for big league stardom. But when a routine throw goes disastrously off course, the fates of five people are upended. Henry's fight against self-doubt threatens to ruin his future. College president Guert Affenlight, a longtime bachelor, has fallen unexpectedly and helplessly in love. Owen Dunne, Henry's gay roommate and teammate, becomes caught up in a dangerous affair. Mike Schwartz, the Harpooners' team captain and Henry's best friend, realizes he has guided Henry's career at the expense of his own. And Pella Affenlight, Guert's daughter, returns to Westish after escaping an ill-fated marriage, determined to start a new life. As the season counts down to its climactic final game, these five are forced to confront their deepest

hopes, anxieties, and secrets. In the process they forge new bonds, and help one another find their true paths. Written with boundless intelligence and filled with the tenderness of youth, *The Art of Fielding* is an expansive, warmhearted novel about ambition and its limits, about family and friendship and love, and about commitment--to oneself and to others.

Screenplay Syd Field, 2007-12-18 Hollywood's script guru teaches you how to write a screenplay in "the 'bible' of screenwriting" (The New York Times)--now celebrating forty years of screenwriting success! Syd Field's books on the essential structure of emotionally satisfying screenplays have ignited lucrative careers in film and television since 1979. In this revised edition of his premiere guide, the underpinnings of successful onscreen narratives are revealed in clear and encouraging language that will remain wise and practical as long as audiences watch stories unfold visually--from hand-held devices to IMAX to virtual reality . . . and whatever comes next. As the first person to articulate common structural elements unique to successful movies, celebrated producer, lecturer, teacher and bestselling author Syd Field has gifted us a classic text. From concept to character, from opening scene to finished script, here are fundamental guidelines to help all screenwriters--novices and Oscar-winners--hone their craft and sell their work. In *Screenplay*, Syd Field can help you discover:

- Why the first ten pages of every script are crucial to keeping professional readers' interest
- How to visually "grab" these influential readers from page one, word one
- Why structure and character are the basic components of all narrative screenplays
- How to adapt a novel, a play, or an article into a saleable script
- Tips on protecting your work--three ways to establish legal ownership of screenplays
- Vital insights on writing authentic dialogue, crafting memorable characters, building strong yet flexible storylines (form, not formula), overcoming writer's block, and much more

Playwriting Seminars 2.0 Richard Toscan,2012-03-16 Playwriting Seminars is a treasure-trove of information, philosophy, and inspiration (Theatre Journal), an absolutely essential guide to all aspects of playwriting and a valuable whitewater raft trip down the rapids of Hollywood screenwriting (Magellan), and a terrific learning environment for writers (WebCrawler Select). It was also a recommended resource for playwrights at New Dramatists (NYC). The Handbook's initial concepts came from the author's work with Lucasfilm and the BBC. It was originally developed for playwrights and screenwriters, but has since been used by writers of fiction and nonfiction books. This new edition covers all aspects of writing full-length plays with an expanded treatment of screenwriting for Hollywood and independent film as well as diagrams of key elements of dramatic structure. Playwriting techniques are explained with many examples from classic and contemporary plays performed today by America's regional theatres as well as on Broadway and Off-Broadway. The 392 page Handbook explains the interconnections between characters and plot and the importance of subtext to character development in the contemporary theatre (what characters don't tell us matters as much as what they say in dialogue). Key exercises are included for developing voice as a writer and for creating the essential dual plot structure that supports intriguing characters in today's theatre. Many professionals in theatre and film are quoted on key parts of the art and craft of playwriting and screenwriting to help explain effective techniques. Special sections of the Handbook focus on getting inspiration and avoiding writer's block, editing first drafts, professional script formats for theatre and film (including software), how to launch new scripts, putting together submission packages for theatres and competitions, how to write an effective script synopsis and writer's bio, working with directors, actors and agents, how to survive audience talkbacks following readings and workshop productions, methods to adjust your playwriting skills for screenwriting and television work, and options for making a living at the craft of dramatic writing.

Good in a Room Stephanie Palmer,2008-03-11 Whether you work in Hollywood or not, the fact is that selling ideas is really difficult to do. The reason the pitching secrets of the most successful writers and directors are

relevant is because these people have evolved an advanced method for selling ideas. Whether you're a screenwriter, a journalist with an idea for a story, an entrepreneur with a business plan, an inventor with a blueprint, or a manager with an innovative solution, if you want other people to invest their time, energy, and money in your idea, you face an uphill battle... When I was at MGM, the hardest part of my job was not cutthroat studio politics or grueling production schedules. The toughest part of my job was whenever I had to say "No" to an idea that was almost there. I had to say no a lot. Every buyer does. The buyer's work is to say yes to projects that are ready, not almost ready. And no matter how good the script is, if the seller can't pitch it in a compelling way, how can the buyer see the potential? How can he get his colleagues on board? How can he recommend the seller to his superiors? The fact is that poor pitches doom good projects. It happens all the time. The ideas, products and services that are pitched more effectively... win. That's just how the game is played. No sense getting upset over it. Instead, let's accept the challenge and learn the strategies and tactics that will allow us (and our ideas) to succeed. -From GOOD IN A ROOM Business consultant and former MGM Director of Creative Affairs Stephanie Palmer reveals the techniques used by Hollywood's top writers, producers, and directors to get financing for their projects - and explains how you can apply these techniques to be more successful in your own high-stakes meetings. Because, as Palmer has found, the strategies used to sell yourself and your ideas in Hollywood not only work in other businesses, they often work better. Whether you are a manager or executive with an innovative proposal, a professional with a hot concept, a salesperson selling to a potential client or investor, or an entrepreneur with a business plan, GOOD IN A ROOM shows you how to: Master the five stages of the face-to-face meeting Avoid the secret dealbreakers of the first ninety seconds Be confident in high-pressure situations Present yourself better and more effectively than you ever have before Whether you want to ask for a raise, grow your client list, launch a new business or find financing for a creative project, you must not only present your ideas in a compelling way - you must also sell yourself, as well. GOOD IN A ROOM shows you how to construct a winning presentation and deliver the kind of performance that will get your project greenlighted, whatever industry you are in.

Could it be a Movie? Christina Hamlett, 2005 Before you stock your shelves with books on how to write a film, this is the roadmap you need to determine if cinema is the best destination for your creative ideas.

The Savvy Screenwriter Susan Kougouell, 2007-04 The Savvy Screenwriter demystifies the film industry and reveals what aspiring screenwriters really want and need to know. From finding and working with agents, to insights about story analysts and movie executives, to understanding option agreements, to providing samples for queries, synopses, treatments, loglines, and outlines, to pitching, Susan Kougouell knows what works and what doesn't, and gives practical advice on getting your screenplay sold.
