**Breaking In** Lee Jessup, 2017-03-31 *Breaking In: Tales from the Screenwriting Trenches* is a no-nonsense, boots-on-the-ground exploration of how writers REALLY go from emerging to professional in today's highly saturated and competitive screenwriting space. With a focus on writers who have gotten representation and broken into the TV or feature film space after the critical 2008 WGA strike and financial market collapse, the reader will learn from tangible examples of how success was achieved via hard work and specific methodology. This book includes interviews from writers who wrote major studio releases (*The Boy Next Door*), staffed on television shows (*American Crime*, *NCIS New Orleans*, *Sleepy Hollow*), sold specs and television shows, placed in competitions, and were accepted to prestigious network and studio writing programs. These interviews are presented as Screenwriter Spotlights throughout the book and are supported by insight from top-selling agents and managers (including those who have sold scripts and pilots, had their writers named to prestigious lists such as *The Black List* and *The Hit List*) as well as working industry executives. Together, these anecdotes, learnings and perceptions, tied in with the author's extensive experience in and knowledge of the industry, will inform the reader about how the industry REALLY works, what it expects from both working and emerging writers, as well as what next steps the writer should engage in, in order to move their screenwriting career forward.

**When Women Wrote Hollywood** Rosanne Welch,2018-06-19 This collection of 23 new essays focuses on the lives of female screenwriters of Golden Age Hollywood, whose work helped create those unforgettable stories and characters beloved by audiences--but whose names have been left out of most film histories. The contributors trace the careers of such writers as Anita Loos, Adela Rogers St. Johns, Lillian Hellman, Gene Gauntier, Eve Unsell and Ida May Park, and explore themes of their writing in classics like *Gentlemen Prefer Blondes*, *Ben Hur*, and *It's a Wonderful Life*.

Screenwriting With a Conscience Marilyn Beker,2003-09-12 Screenwriting With a Conscience: Ethics for Screenwriters is for screenwriters who care deeply about what they write; who are aware that movie images matter and can influence audiences; and who want to create meaningful screenplays that make powerful statements while entertaining and winning over audiences. A user-friendly guide to ethical screenwriting, this book makes the case that social responsibility is endemic to public art while it emphatically champions First Amendment rights and condemns censorship. In this dynamic and practical volume, author Marilyn Beker provides methods for self-assessment of values, ideas, and ethical stances, and demonstrates the application of these values to the development of plot, character, and dialogue. Screenwriters are introduced to ethical decision making models and shown--through specific film examples--how they can be utilized in plot and character development. In addition, specific techniques and exercises are supplied to help screenwriters determine the difference between good and evil, to write realistic and compelling characters based on this determination, and to present messages and write dialogue powerfully without preaching. This book also puts forth a livable work philosophy for dealing with the ethics of the screenwriting business, and presents a viable personal philosophy for surviving in the screenwriting world. Screenwriting With a Conscience: Ethics for Screenwriters is an indispensable, dynamic guide for the ethics-conscious screenwriter. It is intended for screenwriters at the student and professional level, and is appropriate for beginning to graduate screenwriting courses in film and English programs, and for film courses dealing with Ethics in the Media.

*The Inner Game of Screenwriting* Sandy Frank,2011 What makes a movie or screenplay great has little to do with antagonists, sacred quests, or clever dialog. What matters is whether it has a well-structured and engaging Inner Game.--Publisher's website.

*Screen & Stage Marketing Secrets* James Russell,2000-02 Detailed procedures on how to sell your screenplay or stage script

*The Screenwriter's Workshop* J. Mira Kopell,2023-10-20 Through a series of carefully designed writing workshops, this book guides the screenwriter through the messy creativity of screenwriting. Drawing on over 20 years' experience facilitating screenwriting workshops, author J. Mira Kopell provides readers with a path to screenwriting that makes space for reflection, critique, and exploration. Structured around five specific writing assignments, each assignment supports the writer forward incrementally by focusing on a specific set of craft elements needed to then move them on to the next. A key value of the assignments is that they are not exercises but steps in the development of the writer's own screenplay. By using this book, readers can both receive meaningful feedback on their own project and learn to give insightful, focused critiques of their fellow writer's work. Rather than offering craft as a "to-do" list that promises successful scripts, this book reimagines craft as "tools not rules," empowering a writer to let their unique story dictate choices in order to support their work and honor their own voice. This book is ideal for students and lecturers of screenwriting, groups of writers looking to form their own workshops, and aspiring professionals wanting to develop their craft.

**Prewriting Your Screenplay** Michael Tabb,2018-07-16 Prewriting Your Screenplay cements all the bricks of a story's foundations together and forms a single, organic story-growing technique, starting with a blank slate. It shows writers how to design each element so that they perfectly interlock together like pieces of a puzzle, creating a stronger story foundation that does not leave gaps and holes for readers to find. This construction process is performed one piece at a time, one character at a time, building and incorporating each element into the whole. The book provides a clear-cut set of lessons that teaches how to construct that story base around concepts as individual as the writer's personal opinions, helping to foster an individual writer's voice. It also features end-of-chapter exercises that offer step-by-step guidance in applying each lesson, providing screenwriters with a concrete approach to building a strong foundation for a screenplay. This is the quintessential book for all writers taking their first steps towards developing a screenplay from nothing, getting them over that first monumental hump, resulting in a well-formulated story concept that is cohesive and professional.

**Script Development** Craig Batty,Stayci Taylor,2021-02-16 This book offers the first international look at how script development is theorised and practiced. Drawing on interviews, case studies, discourse analysis, creative practices and industry experiences, it brings together scholars and practitioners from around the world to offer critical insights into this core, but often hidden, aspect of screenwriting and screen production. Chapters speculate and reflect upon how creative, commercial and social practices – in which ideas, emotions, people and personalities combine, cohere and clash – are shaped by the practicalities, policies and rapid movements of the screen industry. Comprising two parts, the book first looks 'into' script development from a theoretical perspective, and second looks 'out from' the practice to form practitioner-led perspectives of script development. With a rising interest in screenwriting and production studies, and an increased appetite for practice-based research, the book offers a timely mapping of the terrain of script development, providing rich foundations for both study and practice.
