

Sd Book 10

Scott C. Dulebohn

Matches S. D. Chrostowska, 2019-04-10 It takes any number of forms. Epigrams. Aphorisms. Fragments. Sayings. Dicta. Sententiae. Facetiae. Pearls of wisdom. Fractions of truth. Maxims. Definitions. Jottings. Miscellaneous musings. Meditations. Ricordi. Pensées. Ephemera. Miniatures. Sketches. Vignettes. Denkbilder. Capriccios. Tiny 'fires without flames' ... In returning to these genres, Matches goes back to the drawing board of modern critique. It sets out to rekindle short-form literary-philosophical reflection, with roots in the Antiquity of Heraclitus and Hippocrates, apogee in the French moralistes (La Rochefoucauld, Pascal, Chamfort ...), and late splendour in German letters (Nietzsche, Kraus, Jünger ...). Moving from art and aesthetics to philosophies past and present, through natural and technological landscapes, beneath the constellations of politics, history and ethics, along the byways of contemporary literary culture--the slow reader with a little spare time will not fail to be struck. Here are pages to peruse and mistrust, texts to think with, a book to put down and ponder, to ponder and put down. A tome to keep handy, handle often, and strike repeatedly against the rough patches of the mind.

For Flowridia's mission to be complete, she must make allies of enemies-including enemies thought dead. GenderFail , 2018 GenderFail: An Anthology On Failure is the first in a series of publications that look into various concepts of failure from the perspectives of artists, activists, writers, and curators. The failures discussed in this publication come from various different places, from

personal, political, institutional, and collective sources. Each participant was invited to contribute a work surrounding failure, especially as it pertains to their own experiences, to expand upon topics of ableism, mental health, passing, whiteness, colonization, police brutality and other illustrations of failure put onto us by dominant culture. This resulting collection might fail to articulate a cohesive interpretation of something as complex as failure, but will hopefully incite a collective consciousness that is as messy as it is thought provoking.-from publisher
