Johann Ludwig Eberhardt and His Salem Clocks Frank P. Albright,2018-02-01 Eberhardt (1758-1839) was master clockmaker in Salem for more than thirty-eight years. Albright attributes more than thirty clocks to Eberhardt, building his evidence by a diligent reading of the Moravian records and by a careful cataloging of the characteristics of each clock. He reconstructs Eberhardt's methods of clockmaking in precise detail from the inventories and the purchase invoices of equipment and materials, and he attempts to identify the cabinetmaker in each case. American Clocks & Clockmakers Carl William Drepperd,1958

Marking Modern Times Alexis McCrossen,2013-05-01 “Tells a story of a period when the quest for accurate timekeeping became an obsession in the US.”

—Choice The public spaces and buildings of the United States are home to many thousands of timepieces—bells, time balls, and clock faces—that tower over urban streets, peek out from lobbies, and gleam in store windows. And in the streets and squares beneath them, men, women, and children wear wristwatches of all kinds. Americans have decorated their homes with clocks and included them in their poetry, sermons, stories, and songs. And as political instruments, social tools, and cultural symbols, these personal and public timekeepers have enjoyed a broad currency in art, life, and culture. In *Marking Modern Times*, Alexis McCrossen relates how the American preoccupation with time led people from across social classes to acquire watches and clocks. While noting the difficulties in regulating and synchronizing so many timepieces, McCrossen expands our understanding of the development of modern time discipline, delving into the ways we have standardized time and describing how timekeepers have served as political, social, and cultural tools in a society that doesn’t merely value time but regards access to time as a natural-born right, a privilege of being an American. “A precise, acute, and well-measured monograph.” —Journal of Social History “Important and engaging.” —Journal of American History “ An innovative contribution on a key historical shift in modern life.” —Urban History “An authoritative narrative of how and where time and timepieces were distributed in the period.” —Reviews in American History
