Guardians of the Sea Robert Erwin Johnson,1987 Recounts the founding of the U.S. Coast Guard, looks at Coast Guard operations and functions, and looks at how it has changed over the last seventy years.

The Coast Guard in San Diego Coast Guard Sector San Diego,2010 Located a few miles north from the border of the United States and Mexico, the U.S. Coast Guard has maintained a continual presence in San Diego since 1935. It was in May of that year that a single air detachment, led by Cdr. Elmer F. Stone, began operating out of a commercial hangar at Lindbergh Field. From those humble beginnings, a base was constructed on 23 acres of tidelands adjacent to the airstrip and eventually formed into Sector San Diego. Through the years, their units and missions have evolved as new technology and changing world events dictated new missions for the Coast Guard. Today Coast Guard Sector San Diego stands as a model of interagency cooperation for the Department of Homeland Security as the Coast Guard works with other federal agencies to protect San Diego's maritime domain.

Bloodstained Sea Michael G. Walling,2009-04-10 Through eyewitness accounts based on hundreds of interviews with crew members; personal diaries, notes, and letters; and each cutter's logbooks and patrol reports Walling plunges you into the thick of the battle, re-creating some of the most desperate encounters, heroic rescues, and harrowing missions of the Second World War. Told largely in the voices of the men who lived it, this unforgettable tale is peppered with humorous and ironic anecdotes about life aboard ship during wartime. You'll meet the liberty-craving crew members who painted their entire ship in less than an hour; the ship's mascot who became canine-non-grata in Greenland; and the crew whose vessel was mistaken for the German battleship Bismarck and attacked by the Royal Navy. Complete with dramatic photographs of the Coast Guard in action, Bloodstained Sea brings this epic drama to vibrant and pulsing life.

Not Your Father's Coast Guard Matthew Mitchell,2009 While the Coast Guard's many battles at sea in the War on Drugs are widely known, its participation in the ground offensive is not. Indeed, the Guard didn't just send its cutters to interdict narcotics-laden vessels attempting to bring their illicit cargo into Uncle Sam's territorial waters, it sent ground troops to foreign lands to train their forces and, when necessary, directly engage the enemy. But to create the type of force needed was no small task and would not be without tribulation, both from within and outside the organization. The road traveled to complete the mission was laden with obstacles. This is not a story about the Coast Guard you know, or think you know. Rather, this is a story about the other side, the side that history nearly forgot; not the standard, but the antithesis of standard. It is a story that will undoubtedly make even the most seasoned Coast Guardsmen question their understanding of the organization to which they belong. To be sure, This is not your father's Coast Guard.
