The Guest Book Marybeth Whalen,2012-07-03 Twenty-five years after she began exchanging drawings with a mysterious boy in the guest book of a Carolina beach house, Macy Dillon is back at Sunset Beach—this time toting a hurting heart and a broken family. Questions of childhood, loss, and longing for love are explored in The Guest Book. When Macy Dillon was five years old her father encouraged her to draw a picture in the guestbook of a Carolina beach house. The next year, Macy returned to discover a drawing by an unidentified little boy on the facing page. Over the next eleven years the children continue to exchange drawings ... until tragedy ends visits to the beach house altogether. During her final trip to Sunset, Macy asks her anonymous friend to draw her one last picture and tells him where to hide the guest book in hopes that one day she will return to find it—and him. Twenty-five years after that first picture, Macy is back at Sunset Beach—this time toting a broken family and a hurting heart. One night, alone by the ocean, Macy asks God to help her find the boy she never forgot, the one whose beautiful pictures touched something deep inside of her. Will she ever find him? And if she does, will the guestbook unite them or merely be the relic of a lost childhood?

The Castle on Sunset Shawn Levy,2020-01-23 For nearly ninety years, Hollywood's brightest stars have favoured the Chateau Marmont as a home away from home. Filled with deep secrets but hidden in plain sight, its evolution parallels the growth of Hollywood itself. Perched above the Sunset Strip like a fairy-tale castle, the Chateau seems to come from another world entirely. An apartment-house-turned-hotel, it has been the backdrop for generations of gossip and folklore: 1930s bombshell Jean Harlow took lovers during her third honeymoon there; director Nicholas Ray slept with his sixteen-year-old Rebel Without a Cause star Natalie Wood; Anthony Perkins and Tab Hunter met poolside and began a secret affair; Jim Morrison swung from the balconies, once nearly falling to his death; John Belushi suffered a fatal overdose in a private bungalow; Lindsay Lohan got the boot after racking up nearly \$50,000 in charges in less than two months. Much of what's happened inside the Chateau's walls has eluded the public eye - until now. With wit and prowess, Shawn Levy recounts the wild parties and scandalous liaisons, creative breakthroughs and marital breakdowns, births and untimely deaths that the Chateau Marmont has given rise to. Vivid, salacious and richly informed, the book is a glittering tribute to Hollywood as seen from the suites and bungalows of its most hallowed hotel.

Adam Bede Illustrated George Eliot,2021-09-11 Adam Bede, the first novel written by George Eliot (the pen name of Mary Ann Evans), was published in 1859. It was published pseudonymously, even though Evans was a well-published and highly respected scholar of her time. The novel has remained in print ever since and is regularly used in university studies of 19th-century English literature

Sunset Embrace Sandra Brown,2015-12-01 No woman on the trek to Texas was more mysterious than Lydia Langston. No man was more stubborn than Ross Coleman . . . and both were running from the past. Lydia had vowed no man would ever take away her pride, while Ross Coleman stayed true to his wife, who had died in childbirth, the woman who had given him his son. Yet Lydia and Ross would find themselves together, fighting the same enemy and the same dangerous emotions building inside them . . . unable to stop the events that would eventually pit a man's deadly vengeance against the strength of a woman's love.

Gould's Book of Fish Richard Flanagan,2014-09-23 Winner of the Commonwealth Prize New York Times Book Review—Notable Fiction 2002 Entertainment Weekly—Best Fiction of 2002 Los Angeles Times Book Review—Best of the Best 2002 Washington Post Book World—Raves 2002 Chicago Tribune—Favorite Books of 2002 Christian Science Monitor—Best Books 2002 Publishers Weekly—Best Books of 2002 The Cleveland Plain Dealer—Year’s Best Books Minneapolis Star Tribune—Standout Books of 2002 Once upon a time, when the earth was still young, before the fish in the sea and all the living things on land began to be destroyed, a man named William Buelow Gould was sentenced to life imprisonment at the most feared penal colony in the British Empire, and there ordered to paint a book of fish. He fell in love with the black mistress of the warder and discovered too late that to love is not safe; he attempted to keep a record of the strange reality he saw in prison, only to realize that history is not written by those who are ruled. Acclaimed as a masterpiece around the world, Gould’s Book of Fish is at once a marvelously imagined epic of nineteenth-century Australia and a contemporary fable, a tale of horror, and a celebration of love, all transformed by a convict painter into pictures of fish.

Blindsight Peter Watts,2006-10-03 Hugo and Shirley Jackson award-winning Peter Watts stands on the cutting edge of hard SF with his acclaimed novel, Blindsight Two months since the stars fell... Two months of silence, while a world held its breath. Now some half-derelict space probe, sparking fitfully past Neptune's orbit, hears a whisper from the edge of the solar system: a faint signal sweeping the cosmos like a lighthouse beam. Whatever's out there isn't talking to us. It's talking to some distant star, perhaps. Or perhaps to something closer, something en route. So who do you send to force introductions with unknown and unknowable alien intellect that doesn't wish to be met? You send a linguist with multiple personalities, her brain surgically partitioned into separate, sentient processing cores. You send a biologist so radically interfaced with machinery that he sees x-rays and tastes ultrasound. You send a pacifist warrior in the faint hope she won't be needed. You send a monster to command them all, an extinct hominid predator once called vampire, recalled from the grave with the voodoo of recombinant genetics and the blood of sociopaths. And you send a synthesist—an informational topologist with half his mind gone—as an interface between here and there. Pray they can be trusted with the fate of a world. They may be more alien than the thing they've been sent to find. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.
