God Land Lyz Lenz,2019-07-19 "Will resonate with any readers interested in understanding American landscapes where white, evangelical Christianity dominates both politics and culture." --Publishers Weekly In the wake of the 2016 election, Lyz Lenz watched as her country and her marriage were torn apart by the competing forces of faith and politics. A mother of two, a Christian, and a lifelong resident of middle America, Lenz was bewildered by the pain and loss around her--the empty churches and the broken hearts. What was happening to faith in the heartland? From drugstores in Sydney, Iowa, to skeet shooting in rural Illinois, to the mega churches of Minneapolis, Lenz set out to discover the changing forces of faith and tradition in God's country. Part journalism, part memoir, God Land is a journey into the heart of a deeply divided America. Lenz visits places of worship across the heartland and speaks to the everyday people who often struggle to keep their churches afloat and to cope in a land of instability. Through a thoughtful interrogation of the effects of faith and religion on our lives, our relationships, and our country, God Land investigates whether our divides can ever be bridged and if America can ever come together. "God Land, Lyz Lenz's much-anticipated debut book, is a marvel. Not only is it a window into the middle America so many like to stereotype but fail to fully understand in all of its complexity, but it mixes reportage, memoir, and gorgeous prose so seamlessly I wanted to know how she did it." --Sarah Weinman, author of The Real Lolita

Screen Savers II: My Grab Bag of Classic Movies John Dileo,2015-04-19 Screen Savers II is John DiLeo's three-part grab bag of classic movies, beginning with his extensive essays about ten remarkable and underappreciated movies, as in the first Screen Savers, and representing a variety of genres and stars such as Barbara Stanwyck, James Stewart, Ginger Rogers, and DiLeo favorite Joel McCrea. Part Two collects and categorizes posts from DiLeo's classic-film blog screensaversmovies.com, containing his musings on classics revisited, sleepers and stinkers, films old and new, plus his memorial tributes to Hollywood notables. Part Three might be called a delayed bonus round to DiLeo's 1999 quiz book, with all-new matching quizzes. Can you identify the films in which a character writes a book titled Hummingbird Hill; Fred Astaire dances with Betty Hutton; a character named Sean Regan is important but never seen?

*Seeing Israeli and Jewish Dance* Judith Brin Ingber,2011 A comprehensive survey of historical and contemporary Jewish dance. In *Seeing Israeli and Jewish Dance*, choreographer, dancer, and dance scholar Judith Brin Ingber collects wide-ranging essays and many remarkable photographs to explore the evolution of Jewish dance through two thousand years of Diaspora, in communities of amazing variety and amid changing traditions. Ingber and other eminent scholars consider dancers individually and in community, defining Jewish dance broadly to encompass religious ritual, community folk dance, and choreographed performance. Taken together, this wide range of expression illustrates the vitality, necessity, and continuity of dance in Judaism. This volume combines dancers' own views of their art with scholarly examinations of Jewish dance conducted in Europe, Israel, other Middle East areas, Africa, and the Americas. In seven parts, *Seeing Israeli and Jewish Dance* considers Jewish dance artists of the twentieth and twenty-first centuries; the dance of different Jewish communities, including Hasidic, Yemenite, Kurdish, Ethiopian, and European Jews in many epochs; historical and current Israeli folk dance; and the contrast between Israeli and American modern and post-modern theater dance. Along the way, contributors see dance in ancient texts like the Song of Songs, the Talmud, and Renaissance-era illuminated manuscripts, and plumb oral histories, Holocaust sources, and their own unique views of the subject. A selection of 182 illustrations, including photos, paintings, and film stills, round out this lively volume. Many of the illustrations come from private collections and have never before been published, and they represent such varied sources as a program booklet from the 1893 Chicago World's Fair and archival photos from the Israel Government Press Office. *Seeing Israeli and Jewish Dance* threads together unique source material and scholarly examinations by authors from Europe, Israel, and America trained in sociology, anthropology, history, cultural studies, Jewish studies, dance studies, as well as art, theater, and dance criticism. Enthusiasts of dance and performance art and a wide range of university students will enjoy this significant volume.

FantasticLand Mike Bockoven,2016-10-11 Since the 1970s, FantasticLand has been the theme park where "Fun is Guaranteed!" But when a hurricane ravages the Florida coast and isolates the park, the employees find it anything but fun. Five weeks later, the authorities who rescue the survivors encounter a scene of horror. Photos soon emerge online of heads on spikes outside of rides and viscera and human bones littering the gift shops, breaking records for hits, views, likes, clicks, and shares. How could a group of survivors, mostly teenagers, commit such terrible acts? Presented as a fact-finding investigation and a series of first-person interviews, FantasticLand pieces together the grisly series of events. Park policy was that the mostly college-aged employees surrender their electronic devices to preserve the authenticity of the FantasticLand experience. Cut off from the world and left on their own, the teenagers soon form rival tribes who viciously compete for food, medicine, social dominance, and even human flesh. This new social network divides the ravaged dreamland into territories ruled by the Pirates, the ShopGirls, the Freaks, and the Mole People. If meticulously curated online personas can replace private identities, what takes over when those constructs are lost? FantasticLand is a modern take on Lord of the Flies meets Battle Royale that probes the consequences of a social civilization built online. Archaeology Anthropology and Interstellar Communication Douglas A. Vakoch, 2015-03-24 Addressing a field that has been dominated by astronomers, physicists, engineers, and computer scientists, the contributors to this collection raise questions that may have been overlooked by physical scientists about the ease of establishing meaningful communication with an extraterrestrial intelligence. These scholars are grappling with some of the enormous challenges that will face humanity if an information-rich signal emanating from another world is detected. By drawing on issues at the core of contemporary archaeology and anthropology, we can be much better prepared for contact with an extraterrestrial civilization, should that day ever come.

The Manchurian Candidate Richard Condon, 2013-11-25 The classic thriller about a hostile foreign power infiltrating American politics: "Brilliant . . . wild and exhilarating." —The New Yorker A war hero and the recipient of the Congressional Medal of Honor, Sgt. Raymond Shaw is keeping a deadly secret—even from himself. During his time as a prisoner of war in North Korea, he was brainwashed by his Communist captors and transformed into a deadly weapon—a sleeper assassin, programmed to kill without question or mercy at his captors' signal. Now he's been returned to the United States with a covert mission: to kill a candidate running for US president . . . This "shocking, tense" and sharply satirical novel has become a modern classic, and was the basis for two film adaptations (San Francisco Chronicle). "Crammed with suspense." —Chicago Tribune "Condon is wickedly skillful." —Time

**Salt** Hannah Moskowitz, 2018-10-30 Roaming the Mediterranean Sea on sailboats and hunting down monsters is the only life seventeen-year-old Indi and his siblings have ever known. He never loved it, but now that his parents are gone—vanished during a hunt three months ago—it's harder and harder to fight his desire to escape. He's constantly battling his ferocious love for his siblings and the temptation of his parents' journal, which contains directions to a treasure that their parents hinted at. Maybe it's something valuable enough to distract Beleza from her mission to hunt down the monster that killed their parents. Something that would take the little kids away from the sea that's turning Oscar into a pirate and wasting Zulu's brilliant six-year-old mind. Something that could give Indi a normal life. Acclaimed author Hannah Moskowitz has reinvented yet another genre in this ridiculously propulsive epic that is part seafaring epic, part coming-of-age tale, and a totally warm-hearted story of a boy who loves his family and just wants to figure his own self out—if only the fate of the world weren't on his shoulders.
