Sierra Hotel : flying Air Force fighters in the decade after Vietnam ,2001

In February 1999, only a few weeks before the U.S. Air Force spearheaded NATO's Allied Force air campaign against Serbia, Col. C.R. Anderegg, USAF (Ret.), visited the commander of the U.S. Air Forces in Europe. Colonel Anderegg had known Gen. John Jumper since they had served together as jet forward air controllers in Southeast Asia nearly thirty years earlier. From the vantage point of 1999, they looked back to the day in February 1970, when they first controlled a laser-guided bomb strike. In this book Anderegg takes us from glimmers of hope like that one through other major improvements in the Air Force that came between the Vietnam War and the Gulf War. Always central in Anderegg's account of those changes are the people who made them. This is a very personal book by an officer who participated in the

transformation he describes so vividly. Much of his story revolves around the Fighter Weapons School at Nellis Air Force Base (AFB), Nevada, where he served two tours as an instructor pilot specializing in guided munitions.

Listening to Sicarios Arturo Chacón Castañón, Robert McKee Irwin, 2022-02-28
Listening to Sicarios presents new insights into the lives of paid assassins of Mexico's drug trafficking syndicates from the perspectives of the assassins themselves. Based on an extraordinary series of ethnographic interviews carried out in the wake of the record levels of narcoviolence experienced in Ciudad Juárez between 2008 and 2012, this study analyzes the ways in which these young men interpret their actions across four key thematic axes: border infrastructures, youth and responsibility, masculinity and sentiment, and ethics: good vs. evil. It argues that sicarios follow a career path within a criminal corporate infrastructure that is especially robust in Mexican border cities. It also explores how sicarios understand youthful innocence in relation to adult accountability in the realm of violence that is frequently meted out by young men on other young men. It then analyzes sicarios' expressions of feelings of power that may boost their sense of virility, as well as feelings of fear and regret that imply weakness. Finally, it examines how sicarios defend their personal integrity in the face of a public discourse that views their acts as savage.

Vindicated Jose Canseco, 2009-03-17 In 2005, Jose Canseco blew the lid off Major League Baseball's steroid scandal--and no one believed him. His New York Times bestselling memoir Juiced met a firestorm of criticism and outrage from the media, coaches, clubs, and players, many of whom Canseco had personally introduced to steroids--with a needle in the ass. Baseball's former golden boy, Rookie of the Year, onetime Most Valuable Player, and

owner of two World Series rings was called a liar. In Vindicated, Canseco picks up where Juiced left off, revealing details even more shocking than in his controversial first book. He spills never-before-implicated names--arguably the biggest in the game of baseball--and explores the mystery of one celebrated player about whom key information was suddenly excised from Juiced at the last minute. He talks candidly about what the Mitchell Report did--and didn't--get right, why steroid use became so rampant, and how his life has changed since he tore the lid off Pandora's box.--From publisher description.

Power Play Raymond Boyle, 2009-05-21 The fully revised and updated version of this classic text examines the link between three key obsessions of the 21st century: the media, sport and popular culture. Gathering new material from around the 2007 Rugby World Cup, the Beijing Olympics and the rise of new sports stars such as boxing's Amir Khan and cycling's Victoria Pendleton, the authors explore a wide range of sports, as well as issues including nationalism, gender, race, political economy and the changing patterns of media sport consumption. For those interested in media and sport the second edition combines new and original material with an overview of the developing field of media sport, and examines the way in which the media has increasingly come to dominate how sport is played, organized and thought about in society. It traces the historical evolution of the relationship between sport and the media and examines the complex business relationships that have grown up around television, sponsors and sport. Covers the following topics: the history of media in sport; television, sport and sponsorship; why sport matters to television; sports stars; sports journalism; fans and the audience; sport in the digital media economy.

Unbroken (Movie Tie-in Edition) Laura Hillenbrand, 2018-08-21 #1 NEW YORK

TIMES BESTSELLER • The incredible true story of survival and salvation that is the basis for two major motion pictures: 2014's *Unbroken* and the upcoming *Unbroken: Path to Redemption*. On a May afternoon in 1943, an Army Air Forces bomber crashed into the Pacific Ocean and disappeared, leaving only a spray of debris and a slick of oil, gasoline, and blood. Then, on the ocean surface, a face appeared. It was that of a young lieutenant, the plane's bombardier, who was struggling to a life raft and pulling himself aboard. So began one of the most extraordinary odysseys of the Second World War. The lieutenant's name was Louis Zamperini. In boyhood, he'd been a cunning and incorrigible delinquent, breaking into houses, brawling, and fleeing his home to ride the rails. As a teenager, he had channeled his defiance into running, discovering a prodigious talent that had carried him to the Berlin Olympics and within sight of the four-minute mile. But when war had come, the athlete had become an airman, embarking on a journey that led to his doomed flight, a tiny raft, and a drift into the unknown. Ahead of Zamperini lay thousands of miles of open ocean, leaping sharks, a foundering raft, thirst and starvation, enemy aircraft, and, beyond, a trial even greater. Driven to the limits of endurance, Zamperini would answer desperation with ingenuity; suffering with hope, resolve, and humor; brutality with rebellion. His fate, whether triumph or tragedy, would be suspended on the fraying wire of his will. In her long-awaited new book, Laura Hillenbrand writes with the same rich and vivid narrative voice she displayed in *Seabiscuit*. Telling an unforgettable story of a man's journey into extremity, *Unbroken* is a testament to the resilience of the human mind, body, and spirit. Praise for *Unbroken* "Extraordinarily moving . . . a powerfully drawn survival epic."—The Wall Street Journal "[A] one-in-a-billion story . . . designed to wrench from

self-respecting critics all the blurby adjectives we normally try to avoid: It is amazing, unforgettable, gripping, harrowing, chilling, and inspiring.”—New York “Staggering . . . mesmerizing . . . Hillenbrand’s writing is so ferociously cinematic, the events she describes so incredible, you don’t dare take your eyes off the page.”—People “A meticulous, soaring and beautifully written account of an extraordinary life.”—The Washington Post “Ambitious and powerful . . . a startling narrative and an inspirational book.”—The New York Times Book Review “Marvelous . . . Unbroken is wonderful twice over, for the tale it tells and for the way it’s told. . . . It manages maximum velocity with no loss of subtlety.”—Newsweek “Moving and, yes, inspirational . . . [Laura] Hillenbrand’s unforgettable book . . . deserve[s] pride of place alongside the best works of literature that chart the complications and the hard-won triumphs of so-called ordinary Americans and their extraordinary time.”—Maureen Corrigan, Fresh Air “Hillenbrand . . . tells [this] story with cool elegance but at a thrilling sprinter’s pace.”—Time “Unbroken is too much book to hope for: a hellride of a story in the grip of the one writer who can handle it.”—Christopher McDougall, author of Born to Run

Women's Rights in the Middle East and North Africa Sanja Kelly, Julia Breslin, 2010-07-16 Freedom HouseOs innovative publication WomenOs Rights in the Middle East and North Africa: Progress Amid Resistance analyzes the status of women in the region, with a special focus on the gains and setbacks for womenOs rights since the first edition was released in 2005. The study presents a comparative evaluation of conditions for women in 17 countries and one territory: Algeria, Bahrain, Egypt, Iran, Iraq, Jordan, Kuwait, Lebanon, Libya, Morocco, Oman, Palestine (Palestinian Authority and Israeli-Occupied

Territories), Qatar, Saudi Arabia, Syria, Tunisia, United Arab Emirates, and Yemen. The publication identifies the causes and consequences of gender inequality in the Middle East, and provides concrete recommendations for national and international policymakers and implementers. Freedom House is an independent nongovernmental organization that supports democratic change, monitors freedom, and advocates for democracy and human rights. The project has been embraced as a resource not only by international players like the United Nations and the World Bank, but also by regional women's rights organizations, individual activists, scholars, and governments worldwide. Women's rights in each country are assessed in five key areas: (1) Nondiscrimination and Access to Justice; (2) Autonomy, Security, and Freedom of the Person; (3) Economic Rights and Equal Opportunity; (4) Political Rights and Civic Voice; and (5) Social and Cultural Rights. The methodology is based on the Universal Declaration of Human Rights, and the study results are presented through a set of numerical scores and analytical narrative reports.

Freedom in the World 2009 Arch Puddington, Aili Piano, Katrina Neubauer, Tyler Roylance, 2009-10 Freedom in the World, the Freedom House flagship survey whose findings have been published annually since 1972, is the standard-setting comparative assessment of global political rights and civil liberties. The survey ratings and narrative reports on 193 countries and a group of select territories are used by policy makers, the media, international corporations, and civic activists and human rights defenders to monitor trends in democracy and track improvements and setbacks in freedom worldwide. Press accounts of the survey findings appear in hundreds of influential newspapers in the United States and abroad and form the basis of

numerous radio and television reports. The Freedom in the World political rights and civil liberties ratings are determined through a multi-layered process of research and evaluation by a team of regional analysts and eminent scholars. The analysts used a broad range of sources of information, including foreign and domestic news reports, academic studies, nongovernmental organizations, think tanks, individual professional contacts, and visits to the region, in conducting their research. The methodology of the survey is derived in large measure from the Universal Declaration of Human Rights, and these standards are applied to all countries and territories, irrespective of geographical location, ethnic or religious composition, or level of economic development.

The Other Wes Moore Wes Moore, 2011-01-11 NEW YORK TIMES BESTSELLER • From the governor-elect of Maryland, the “compassionate” (People), “startling” (Baltimore Sun), “moving” (Chicago Tribune) true story of two kids with the same name from the city: One went on to be a Rhodes Scholar, decorated combat veteran, White House Fellow, and business leader. The other is serving a life sentence in prison. Selected by Stephen Curry as his “Underrated” Book Club Pick with Literati The chilling truth is that his story could have been mine. The tragedy is that my story could have been his. In December 2000, the Baltimore Sun ran a small piece about Wes Moore, a local student who had just

received a Rhodes Scholarship. The same paper also ran a series of articles about four young men who had allegedly killed a police officer in a spectacularly botched armed robbery. The police were still hunting for two of the suspects who had gone on the lam, a pair of brothers. One was named Wes Moore. Wes just couldn't shake off the unsettling coincidence, or the inkling that the two shared much more than space in the same newspaper. After following the story of the robbery, the manhunt, and the trial to its conclusion, he wrote a letter to the other Wes, now a convicted murderer serving a life sentence without the possibility of parole. His letter tentatively asked the questions that had been haunting him: Who are you? How did this happen? That letter led to a correspondence and relationship that have lasted for several years. Over dozens of letters and prison visits, Wes discovered that the other Wes had had a life not unlike his own: Both had had difficult childhoods, both were fatherless; they'd hung out on similar corners with similar crews, and both had run into trouble with the police. At each stage of their young lives they had come across similar moments of decision, yet their choices would lead them to astonishingly different destinies. Told in alternating dramatic narratives that take readers from heart-wrenching losses to moments of surprising redemption, *The Other Wes Moore* tells the story of a generation of boys trying to find their way in a hostile world.

The Language of Jokes in the Digital Age Delia Chiaro, 2017-11-23 In this accessible book, Delia Chiaro provides a fresh overview of the language of jokes in a globalized and digitalized world. The book shows how, while on the one hand the lingua-cultural nuts and bolts of jokes have remained unchanged over time, on the other, the time-space compression brought about by modern

technology has generated new settings and new ways of joking and playing with language. The Language of Jokes in the Digital Age covers a wide range of settings from social networks, e-mails and memes, to more traditional fields of film and TV (especially sitcoms and game shows) and advertising. Chiaro's consideration of the increasingly virtual context of jokes delights with both up-to-date examples and frequent reference to the most central theories of comedy. This lively book will be essential reading for any student or researcher working in the area of language and humour and will be of interest to those in language and media and sociolinguistics.
