Time Out Film Guide ,2007

Making of Lost in Space Pat Cadigan,1998-04-02 The eagerly awaited modern remake of the TV classic Lost in Space is a star-studded special effects spectacular, featuring Gary Oldman, William Hurt, Matt LeBlanc, Mimi Rogers and Heather Graham--not to mention their cantankerous clanking colleague, the most expensive, most complicated (and most dangerous!) cinematic robot ever permitted to work with live actors. Award-winning SF author Pat Cadigan was on the set from start to finish--poking, prying and prodding everyone from Director to Star to SFX Wizard to Grip. What she wanted was the inside story of the of this extraordinary production; and what she got is all here, including: The weirdest, wildest wrap party ever! The set so huge that two studios had to be nailed together The robot that cloned itself Intimate interviews with cast and crew Dr. Smith's creepy new look The secret wedding of CGI and live action Will makes new friends! Three days in the City of the Future Tech notes: from Brazil to Alien to the Robinsons Meet a table-hopper from Party of Five Inside the Creature Shop The Henson connection Four actors in one body And much, much more!

Confessions of a Puppetmaster Charles Band,Adam Felber,2021-11-16

"Confessions of a Puppetmaster is a fast, funny, wild ride through some wild times. Plus, Charlie compares me to Harrison Ford, so I'm all in!" –Bill Maher
Renowned producer, director, and "B movie" showman Charles Band takes readers on a wild romp through Hollywood's decidedly un-Oscar-worthy underbelly, where mayhem and zombies reign supreme, and cheap thrills and entertainment are king This book is a blast. It made me want to stay up all night and watch terrible movies. –Peter Sagal One of the most entertaining film bios ever. –Larry Karaszewski Reads like a Tarantino film written by Hunter S. Thompson. –Booklist
Zombies, aliens, a little skin, lots of gore—and even more laughs—the cinematic universe of Charles Band is legendary. From the toilet-invading creatures of Ghoulies to the time-travelling bounty hunter in Trancers to the pandemic-crashed Corona Zombies, Band has spent four decades giving B-movie lovers exactly what they love. In Confessions of a Puppetmaster, this congenial master of Grindhouse cinema tells his own story, uncut. Born into a family of artists, Band spent much of his childhood in Rome where his father worked in the film industry. Early visits to movie sets sealed young Charlie's fate. By his twenties he had plunged into moviemaking himself and found his calling in exploitation

movies—quick, low-budget efforts that exploit the zeitgeist and feed people's desire for clever, low-brow entertainment. His films crossed genres, from vampire flicks to sci fi to erotic musical adaptations of fairy tales. As he came into his own as a director, he was the first to give starring roles to household names like Demi Moore, Helen Hunt, and Bill Maher. Off set, Band's life has been equally epic. Returning to his beloved Italy, he bought both Dino De Laurentiis's movie studio and a medieval castle. After Romania's oppressive communist regime fell, he circumvented the U.S. State Department to shoot films in Dracula's homeland. He made—and then lost—a moviemaking fortune. A visionary, Band was also at the vanguard of the transition to home video and streaming, making and distributing direct-to-video movies long before the major studios caught on. In this revealing tell-all, Band details the dizzying heights and catastrophic depths of his four decades in showbiz. A candid and engaging glimpse at Hollywood's wild side, *Confessions of a Puppetmaster* is as entertaining as the movies that made this consummate schlockmeister famous.

The Madness of Mysterio Stan Lee,John Romita,2005-09

Paranorthern Stephanie Cooke,2021-07-13 A witch named Abby and her three friends—a wolf-girl, a ghost, and a pumpkinhead—band together to try and save

their supernatural town from an invasion of rabid (but adorable!) chaos bunnies in this enchanting middle-grade graphic novel for fans of Making Friends, The Okay Witch, and Lumberjanes. It's fall break in the supernatural town of North Haven, and young witch Abby's plans include pitching in at her mom's magical coffee shop, practicing her potion making, and playing board games with her best friends—a pumpkinhead, a wolf-girl, and a ghost. But when Abby finds her younger sister being picked on by some speed demons, she lets out a burst of magic so strong, it opens a portal to a realm of chaos bunnies. And while these bunnies may look cute, they're about to bring the a-hop-ocalypse (and get Abby in a cauldronful of trouble) unless she figures out a way to reverse the powerful magic she unwittingly released. What's a witch to do? In this deliciously humorous, cozy, and bewitching graphic novel, sometimes the most of powerful magic comes from our connections to family and friends (but kicking bunny butt is great, too).

Classic Pinocchio Carlo Collodi, 2020-07-05 The Adventures of Pinocchio - by C. Collodi - Pseudonym of Carlo Lorenzini - A Novel for Children - Translated from the Italian by Carol Della Chiesa - The Adventures of Pinocchio is a novel for children by Italian author Carlo Collodi, written in Florence. The first half was originally a serial in 1881 and 1882, and then later completed as a book for children in February 1883. It is about the mischievous adventures of an animated marionette named Pinocchio and his father, a poor woodcarver named Geppetto. It is considered a canonical piece of children's literature and has inspired hundreds of new editions, stage plays, merchandising and movies, such as Walt Disney's iconic animated version and commonplace ideas such as a liar's long nose. According to extensive research done by the Fondazione Nazionale Carlo Collodi in late 1990s and based on UNESCO sources, it has been adapted in over 240 languages worldwide. That makes it among the most translated and widely read books ever written.

Torch of Freedom David Weber, Eric Flint, 2009-11-01 Someone is assassinating the leaders of both the Star Kingdom of Manticore and the recently liberated former slave planet of Torch. Though most believe the Republic of Haven is behind the murders, Anton Zilwicki and Havenite secret agent Victor Cachat believe there is another sinister player behind the scenes. Queen Berry of Torch narrowly escaped one assassination attempt, and a security officer from Beowulf has been assigned to protect her, a task complicated by the young monarch's resentment of bodyguards, and the officer's growing attachment to her. Meanwhile, powerful forces in the Solarian League are maneuvering against each other to gain the upper hand, not realizing or, perhaps, not

caring that their power struggle is threatening the League's very existence and could plunge the galaxy into war. Once again New York Times best-selling authors David Weber and Eric Flint join forces in an exciting new novel in the Honorverse. At the publisher's request, this title is sold without DRM (Digital Rights Management).

Silent Running Mark Kermode, 2017-10-07 A visually stunning and heartfelt riposte to the emotional sterility of Kubrick's 2001: A Space Odyssey, Douglas Trumbull's eco-themed Silent Running (1972) became one of the defining science-fiction films of the seventies. Bruce Dern excels as lonely hero Freeman Lowell, cast adrift in deep space with three robotic 'Drones' who become his 'amazing companions' on a journey 'beyond imagination'. Mark Kermode, writing on his favourite science fiction film of all time, traces Trumbull's sentimental masterpiece from its roots in the counter-culture of the sixties to its enduring appeal as a cult classic in the 21st century. Drawing on a new interview with Trumbull, Kermode examines both the technical and thematic elements of this uniquely moving space adventure, which continues to be mirrored and imitated by film-makers today. This special edition features original cover artwork by Olly Moss.
