Gelato Fiasco Joshua Davis,Bruno Tropeano,2018-09-07 Joshua Davis and Bruno Tropeano, two guys right out of college, felt that something was amiss. People in Maine created some of the best of everything in the world — higher education, ships, television doctors, winter boots. But the gelato of which they dreamt could not be found here in Maine, or anywhere else in the United States. Josh and Bruno sensed both a responsibility and an opportunity and set off to rediscover the lost art. Imagining a long-forgotten Red Spoon Society of superior gelato artisans, they learned the techniques and practices of the old masters of gelato. They used those techniques as a foundation for creating an even better gelato experience: make lots of creative flavors for discerning guests, serve them in a way that invites discovery and delight, and never compromise on quality. In 2007, the doors to their first gelato store opened. Josh and Bruno named it Gelato Fiasco as a hedge against trend-pursuers, treasure hunters, and impostors, for only a true food lover, guided by his or her own sense of adventure, would dare enter a store with that name. And as they loved it, they would share with their families and friends, who would share with theirs. Gelato Fiasco is a book brimming with humor, Maine values, mouth-watering color photographs, and, most importantly, delicious recipes (out of 1500 in the “flavor vault” the book will include 100 or so) for making your own gelato at home, plus recipes sauces, cones, and other treats to enjoy with your gelato.

Beachbum Berry's Sippin' Safari Jeff Berry,2007 The new book by the author of The Grog Log, Intoxica and Taboo Table. Beach Bum Berry, as he is better known, is America's leading authority on tropical drinks and polynesian pop culture. In this all new book, Berry not only offers up tantilizing new drink recipes, but tells stories about some of the most famous figures of their time. The Bum applies the same dogged research to the untold stories of the people behind the drinks. Stories culled from over 100 interviews with those who actually created the mid-century Tiki scene -- people as colorful as the drinks they invented, or served, or simply drank. People like: Leon Lontoc, the Don The Beachcomber's waiter who served Frank Sinatra and Marlon Brando by night, and acted in their movies by day; Henry Riddle, the Malibu Seacomber bartender who fed items about his famous customers to infamous gossip columnist Louella Parsons, till the day Howard Hughes found him out; and Duke Kamanamoku, whose manager turned him from Olympic champion into reluctant restaurateur.

Albion's Seed David Hackett Fischer,1991-03-14 This fascinating book is the first volume in a projected cultural history of the United States, from the earliest English settlements to our own time. It is a history of American folkways as they have changed through time, and it argues a thesis about the importance for the United States of having been British in its cultural origins. While most people in the United States today have no British ancestors, they have assimilated regional cultures which were created by British colonists, even while preserving ethnic identities at the same time. In this sense, nearly all Americans are Albion's Seed, no matter what their ethnicity may be. The concluding section of this remarkable book explores the ways that regional cultures have continued to dominate national politics from 1789 to 1988, and still help to shape attitudes toward education, government, gender, and violence, on which differences between American regions are greater than between European nations.
