Shangri-La Mathieu Bablet, 2021-11-23 A few hundred years in the future, humans live in a space station far from Earth governed by a cultured multinational corporation. On the surface, everyone seems to be satisfied with this perfect society and they are set on pushing their own limitations to become equal to gods. They are near to setting up a program aimed at creating life from scratch on Shangri-La, one of the most hospitable regions of Titan, where they intend to rewrite Genesis in their own way. But as tends to happen, mankind's hubris gets in the way... Spanning a period of a thousand years, this science fiction epic begins after mankind has abandoned earth to live in space stations run by corporate governments. After an introductory sequence amidst the ruins of Earth, it leaps from our desolated planet into this firmly established future, where life is good and all needs are met. But that longevity isn't enough, and science is ready to use its genetic knowledge to breed the next generation of humans for colonization. Far from being just another science fiction adventure, author Mathieu Bablet uses this scenario to observe and comment on many core qualities that mankind can't seem to outgrow: consumerism, jealousy, distrust, entitlement, ambition, curiosity, and - ultimately - violence. Through a cinematic visual style and dramatic pacing, this book proves to be much weightier and thought-provoking than even its 220-page length would suggest.

Muscle Samuel Wilson Fussell, 2015-03-31 From skinny scholar to muscle-bound showman. "Easily the best memoir ever written about weight training, steroids and all" (Men's Journal). When blue-blooded, storklike Samuel Wilson Fussell arrived in New York City fresh from the University of Oxford, the ethereal young graduate seemed like the last person on Earth who would be interested in bodybuilding. But he was intimidated by the dangers of the city—and decided to do something about it. At twenty-six, Fussell walked into the YMCA gym. Four solid years of intensive training,

protein powders, and steroid injections later, he had gained eighty pounds of pure muscle and was competing for bodybuilding titles. And yet, with forearms like bowling pins and calves like watermelons, Fussell felt weaker than ever before. His punishing regimen of workouts, drugs, and diet had reduced him to near-infant-like helplessness and immobility, leaving him hungry, nauseated, and prone to outbursts of “ ‘roid rage.” But he had come to succeed, and there was no backing down now. Alternately funny and fascinating, *Muscle* is the true story of one man’s obsession with the pursuit of perfection. With insight, wit, and refreshing candor, Fussell ushers readers into the wild world of juicers and gym rats who sacrifice their lives, minds, bodies, and souls to their dreams of glory in Southern California’s so-called iron mecca.

The Nature Fix: Why Nature Makes Us Happier, Healthier, and More Creative Florence Williams, 2017-02-07 Highly informative and remarkably entertaining. —Elle From forest trails in Korea, to islands in Finland, to eucalyptus groves in California, Florence Williams investigates the science behind nature’s positive effects on the brain. Delving into brand-new research, she uncovers the powers of the natural world to improve health, promote reflection and innovation, and strengthen our relationships. As our modern lives shift dramatically indoors, these ideas—and the answers they yield—are more urgent than ever.

Journeys East Harry Oldmeadow, 2004 This is the first book to treat the impact of religious, philosophical and psychological traditions of the East on Western intellectuals, artists, travellers and spiritual seekers in the twentieth century. Addressed to both general readers and scholars of religion, it is especially valuable for its penetrating and inter-religious analysis of two of the most

compelling themes now facing the world: the emergence of cross-cultural religious understanding of the natural order and ecological crisis and the metaphysical basis for both the formal diversity and essential unity of religious traditions of both East and West. The West has long romanticized the mysterious East, but it has, also, judged its traditions as uncivilized. Our notions about Eastern spirituality have been formed by a succession of travellers, scientists, artists, intellectuals, poets, philosophers and missionaries, as well as by Eastern travellers who have spent time in the West. This book helps us to recognize the influence of Eastern ideas upon modern Western thought by tracing the history of engagements between East and West up until the present day. It concludes with a section that helps us to perceive the timeless value of the many Eastern contributions to the West's current intellectual and spiritual state.

Leaving Reality Behind Adam Wishart, Regula Bochsler, 2003 This is a story of the battle for the control of the Internet. In November 1999, at the height of the e-commerce gold rush, an extraordinary hearing took place in a Los Angeles courtroom. On one side, the billion-dollar darling of Wall Street, eToys.com, the brain child of Toby Lenk. On the other side, etoy.com, a group of cutting-edge European artists, hungry for fame, who used the Internet as their canvas. The ensuing battle sharply focused attention on the conflict at the very heart of the Internet: was it for the joy of the many or the exponential profit of the few? Was cyberspace a revolutionary public space or was the new frontier an extension of the shopping mall?

Can't You Get Along with Anyone? Allan C. Weisbecker, 2007 When Allan Weisbecker penned the last sentence of *In Search of Captain Zero*, most readers assumed the full scope of the tale had been told. But apparently, life had other plans. In his latest offering, *Can't You Get Along With Anyone? A Writer's Memoir and a Tale of a Lost Surfer's Paradise*, Weisbecker chronicles the bizarre and convoluted circumstances that drove him from his adopted home in Costa Rica.

Thirty Days Has September, The First Ten Days James Strauss,2017-04-03 This novel is set in the very center of the time of most difficult combat experienced by a United States Marine Corps rifle company. A second lieutenant, only days from training back in the states is ordered, under fire, to assume command of a company of cast off Marines, all out in the brutal bloody jungle because of the either the worst of luck or the most minor of offenses or infringement. The outnumbered and little supported company is at constant war with vicious units of the North Vietnamese Army while at the same time tearing itself apart every night in deadly encounters between its racially mixed elements. The enlisted ranks lack all respect for their untested and inexperienced officers, while the officers fight them right back using supporting fires on the enemy as well as their own warring factions. All the men are ruled by terror and fear of the end they know they are not likely to avoid.

They are not going home. They are not going to the rear area. And they are only to be kept moving through a valley of death called the A Shau, with only the manner of their passing in question. That same company so riven by internal strife, however, remains frightfully effective in fighting the enemy. This account of the reality of agonizingly brutal guerrilla combat is written from the perspective of the new lieutenant who sends his last will and testament home to his wife after only three days in combat.

Can't Slow Down Michaelangelo Matos,2020-12-08 A Rolling Stone-Kirkus Best Music Book of 2020 The definitive account of pop music in the mid-eighties, from Prince and Madonna to the underground hip-hop, indie rock, and club scenes Everybody knows the hits of 1984 - pop music's greatest year. From Thriller to Purple Rain, Hello to Against All Odds, What's Love Got to Do with It to Wake Me Up Before You Go-Go, these iconic songs continue to dominate advertising, karaoke nights, and the soundtracks for film classics (Boogie Nights) and TV hits (Stranger Things). But the story of that thrilling, turbulent time, an era when Top 40 radio was both the leading edge of popular culture and a moral battleground, has never been told with the full detail it deserves - until now. Can't Slow Down is the definitive portrait of the exploding world of mid-eighties pop and the time it

defined, from Cold War anxiety to the home-computer revolution. Big acts like Michael Jackson (Thriller), Prince (Purple Rain), Madonna (Like a Virgin), Bruce Springsteen (Born in the U.S.A.), and George Michael (Wham!'s Make It Big) rubbed shoulders with the stars of the fermenting scenes of hip-hop, indie rock, and club music. Rigorously researched, mapping the entire terrain of American pop, with crucial side trips to the UK and Jamaica, from the biz to the stars to the upstarts and beyond, Can't Slow Down is a vivid journey to the very moment when pop was remaking itself, and the culture at large - one hit at a time.

The Blue Guitar John Banville, 2015-09-15 John Banville, the Man Booker Prize-winning author of *The Sea* and *Ancient Light*, now gives us a new novel—at once trenchant, witty, and shattering—about the intricacies of artistic creation, about theft, and about the ways in which we learn to possess one another, and to hold on to ourselves. Equally self-aggrandizing and self-deprecating, our narrator, Oliver Otway Orme (“O O O. An absurdity. You could hang me over the door of a pawnshop”), is a painter of some renown and a petty thief who has never before been caught and steals only for pleasure. Both art and the art of thievery have been part of his “endless effort at possession,” but now he’s pushing fifty, feels like a hundred, and things have not been going so well. Having recognized the “man-killing crevasse” that exists between what he sees and any representation he might make of it, he has stopped painting. And his last act of thievery—the last time he felt its “secret shiver of bliss”—has been discovered. The fact that the purloined possession was the wife of the man who was, perhaps, his best friend has compelled him to run away—from his mistress, his home, his wife; from whatever remains of his impulse to paint; and from a tragedy that has long haunted him—and to sequester himself in the house where he was born. Trying to uncover in himself the answer to how and why things have turned out as they have, excavating memories of family, of places he has called home, and of the way he has apprehended the world around him (“one of my eyes is forever turning towards the world beyond”), Olly reveals the very essence of a man who, in some way, has always been waiting to be rescued from himself.
