Amber Leavis

Shape-Shifter Chris Archer, 2023-10-31 In the fifth book of this middle grade sci-fi series, a teen abducted by aliens becomes a shape shifter, unrecognizable to everyone, even himself. For nine months, Todd Aldridge was missing. Stories swirled about him throughout his hometown of Metier, Wisconsin. Was he kidnapped? Abducted by aliens? The kids at his junior high school were keen on the alien story. Metier is a UFO hotspot, after all. Until one day, Todd is found alive beside the town reservoir. Everyone wants to know where the thirteen-year-old has been. Only Todd doesn't remember anything, except for the light that filled the sky moments before he disappeared . . . Now Todd is beginning to wonder what happened. Especially when some of his classmates claim that he is an alien now—like them. Todd isn't ready to believe them. Until he feels the power surging in his body and his shape beginning to shift. He morphs into a creature that he can only call otherworldly, a creature who will have to fight to survive the danger surrounding him . . .

Shape Shifter Tony Simpson, 2013 After the apocalypse, a portal to another dimension parallel to Earth was opened, and aliens began living among men. There are different aliens, among them are the shape-shifters, the most dangerous of them all. There are good aliens and there are bad aliens, the kind who tries to make the Earth their own. However, the humans would not let that happen without resistance. Tony, a private investigator, is determined to thwart any form of alien takeover of Earth. With the help of Jon, a shape-shifter alien working on the humans' side, he is able to track and counter any alien attacks. On the other hand, Dylan Rogers, a well-known scientist, has a truth serum. Once injected to a shape-shifter, the alien will divulge any information: military plans, locations, and weapons: useful for humans' defense strategies. Tony, Dylan, and Jon were primary targets of either assassination or manipulation. Each of them should protect each other if they want to carry on the battle and save the humans from annihilation.

Consuming Fire Aired Seas, 2012-07-05 Consuming Fire A Shape Shifters Journey The art of shape shifting happens with each breath we take. Throughout our lives each time we move our intent and make a choice, we are plucking the threads of change. The deeper we go within ourselves, the more profound these changes and places of transformation become. In Consuming Fire A Shape Shifters Journey, I offer you a glimpse of possibilities and how the moments we are in reflect off the greater tapestry called our lives. We shape shift from infant to child, to teenager to adult, and then into old age; so it is with different forms we take. The purity of our heart and intent define what forms and elements we are drawn to. Our animal connections have much to teach us about their ways, as well as who we are. When we reach into the depths of the balances within us knowing what we are capable of, so might we open to the profound place of our energy being with respect, humbleness, and sacredness. Grandfather, Ya Tae, Grandmother, Cooper, Jed, Ray, and many others show us that sometimes our hearts must break, our worlds must turn upside down, and our beliefs must shatter before we can emerge from our cocoons. As we learn how to fly we also learn how to heal ourselves and embrace the reasons we are here in both individual and collective realities. Life is not what is done to us, but what we choose to become in the forms we take.

Mervin Weiner and The Shape Shifter Leopold Vogelstein, 2010-05-26 They say Mervin's father is a goofball. They call him a clown. They call for the men in the white coats to take that nut to a funny farm. They say that fruitcake is playing with a 51 card deck. What is truth and what is myth. Mervin Weiner knows that he has special powers. He is able to move objects. He is able to predict the future and he has the power to change his body into objects or even animals. His family refuses to believe it. However, things started to change when Mervin

predicted the winning lottery numbers, shortly thereafter he managed to save his family's life by evacuating his him before a toxic leak invaded the house. However, all of this does not compare to Mervin's father's predicament. This is the Weiner family story. In this story it is very important not to get the truth mixed up with the facts.

Shape Shifters Jane Yolen, 1979-07-17 Saki, Kafka, Russell Baker, and Richard Curtis are among the authors of twelve fantasy and science-fiction tales about humans who can change themselves into animals

The Shape Shifter Tony Hillerman, 2009-10-13 Don’t miss the TV series, *Dark Winds*, based on the Leaphorn, Chee, & Manuelito novels, now on AMC and AMC+! “With *The Shape Shifter*, Hillerman once again proves himself the master of Southwest mystery fiction, working in a Hemingway-esque tradition of pared-down writing to bring the rugged Southwest into focus.”—Santa Fe New Mexican
Legendary Lieutenant Joe Leaphorn is drawn back into the past to solve a cold case that has haunted him for nearly a decade in this atmospheric and twisting mystery infused with the Native American culture and lore of the desert Southwest. Though he’s officially retired from the Navajo Tribal Police, Joe Leaphorn occasionally helps his former colleagues Jim Chee and Bernie Manuelito crack particularly puzzling crimes. But there is that rare unsolved investigation that haunts every lawman, including the legendary Leaphorn. Joe still hasn’t let go of his “last case”—a mystery involving a priceless Navajo rug that was supposedly destroyed in a fire. Nine years

later, what looks like the same one-of-a-kind rug turns up in a magazine spread, and the man who showed Joe the photo has gone missing. With Chee and Bernie on their honeymoon, Leaphorn plunges into the case solo, picking up the threads of this crime he'd long thought impossible to solve. Not only has the passage of time obscured the details, but a murderer long thought dead continues to roam free—and is ready to strike again to keep the past buried.

Melder Kathy Pippig (Harris), 2014-06-07 A book about shape shifters and beings with heightened abilities. A journey across a distant time and land familiar in a haunting tale that captures your imagination and draws you into this untamable world. Beautifully written with well-crafted descriptions of life 200 years after the end of technology. In this universe the powers of the mind have been rediscovered. This tale takes the reader into an alternate future - and a rare friendship that grows from the bonding of a wolf shape shifter, and a human - a human who has evolved into something more than human, going beyond modern-day man and back to what we all were, what we all needed to be, eons ago, in order to survive... This is the second novel in the shape shifter series, but it is not necessary to read the books in sequence. They may be enjoyed independent of the other.

Werewolves and Other Shape-Shifters Anita Ganeri, 2010-08-15 Describes different kinds of shape-shifters, from the Japanese kitsune to the Irish selkies.

Shapeshifters John B. Kachuba, 2019-06-10 There is something about a shapeshifter—a person who can transform into an animal—that captures our imagination; that causes us to want to howl at the moon, or flit through the night like a bat. Werewolves, vampires, demons, and other weird creatures appeal to our animal nature, our “dark side,” our desire to break free of the bonds of society and proper behavior. Real or imaginary, shapeshifters lurk deep in our psyches and remain formidable cultural icons. The myths, magic, and meaning surrounding

shapeshifters are brought vividly to life in John B. Kachuba's compelling and original cultural history. Rituals in early cultures worldwide seemingly allowed shamans, sorcerers, witches, and wizards to transform at will into animals and back again. Today, there are millions of people who believe that shapeshifters walk among us and may even be world leaders. Featuring a fantastic and ghoulish array of examples from history, literature, film, TV, and computer games, *Shapeshifters* explores our secret desire to become something other than human.

Shape Shifters ,1978-01-01

Siryn Song Kathy Pippig (Harris),2014-06-07 A novel about shape shifters and those who walk a near-future Earth, with powers they are only now beginning to learn about and use. Abilities humans of today are becoming aware of as they explore the potential that has always been a part of their genetic makeup, from the most primitive humans, to present-day man. This story is about Mason, a wolf shape shifter. Mason has been banished from the Wolven Clan, which is tantamount to death. But instead of death, he discovers the secrets of his ancient past. And in this revelation, it becomes his destiny to expose memories of the planet's history - visions of its future. And he must present these memories to the elders who banished him. During his exile he expected to find isolation on the empty beach at the coastal shore he called home - instead, he crosses paths with an orphaned child. Even more startling, he discovers another race of sentient beings; a different race of shape shifters. This is the first novel in the shape shifter series, but it is not necessary to read the books in sequence. They may be enjoyed independent of the other.
