Shape-Shifters! David L. Ferrell, 2013-12-15

Nearly every culture has legends of beings who could change their shape from human to animal form and back again. Sometimes these beings were worshipped and sometimes feared. This illustrated text explores these legends and highlights the story of an alleged werewolf who terrorized the countryside of Talbot County, Georgia, in 1850.

Shape-shifters Meg Gaertner, 2021-05-27 Stories of shape-shifters have been around for thousands of years. Learn about the stories of these monsters from many different cultures.

Shapeshifters Nick Redfern, 2017-09-08

Nick Redfern takes you deep into their domain, opening your eyes to paranormal secrets and cryptozoological wonders. Just be sure to keep some silver bullets close at hand.

The Shape-Shifter's Guide to Time Travel Mark Budman, 2020-03-26 When 18-year-old Rose arrives in Temnota from the US as an exchange student, she finds the country even more oppressive than she thought. The Secret Service has just imprisoned Libera, a young rebel leader. A shape-shifter, she can escape by taking any form, so they've locked her away in a cell impenetrable to her kind, and

are about to execute her. Rose teams up with her classmate, Gavrilko, the prince of all shape-shifters, to find a way to unlock Libera's cell to save her. According to a legend, such a way existed a long time ago. Rose takes Gavrilko back to the past to find it. A Secret Service Major, an evil genius of shifters, stands in their way. Rose and Gavrilko fall for each other, but she has a disease that prevents them from touching. Will they beat the death clock and save the country and their love?

Consuming Fire Areal Seas, 2012-07-05 Consuming Fire A Shape Shifters Journey The art of shape shifting happens with each breath we take. Throughout our lives each time we move our intent and make a choice, we are plucking the threads of change. The deeper we go within ourselves, the more profound these changes and places of transformation become. In Consuming Fire A Shape Shifters Journey, I offer you a glimpse of possibilities and how the moments we are in reflects off the greater tapestry called our lives. We shape shift from infant to child, to teenager to adult, and then into old age; so it is with different forms we take. The purity of our heart and intent define what forms and elements we are drawn to. Our animal connections have much to teach us about their ways, as well as who we are. When we reach into the depths of the balances within us knowing what we are capable of, so might we open to the profound place of our energy being with respect, humbleness, and sacredness. Grandfather, Ya Tae, Grandmother, Cooper, Jed, Ray, and many others show us that sometimes our hearts must break, our worlds must turn upside down, and our beliefs must shatter before we can emerge from our cocoons. As we learn how to fly we also learn how to heal ourselves and embrace the reasons we are here in both individual and collective realities. Life is not what is done to

us, but what we choose to become in the forms we take.

Still Life with Shape-shifter Sharon

Shinn, 2013-09-24 National bestselling author Sharon Shinn presents a passionate, heart-wrenching story of secrets and the lengths to which we'll go to protect those we love... For her entire life, Melanie Landon has hidden the fact that her half sister, Ann, is a shape-shifter, determined to protect her from a world that simply wouldn't understand. When a man shows up asking about Ann—who has been missing for months—Melanie fears the worst, and with good reason. Freelance writer Brody Westerbrook knows about the existence of shape-shifters and intends to include Ann in the book he's writing. While Melanie is immediately drawn to the stranger, she knows better than to trust him, and she denies his claim. But when Ann finally reappears, looking thin and sick, Melanie realizes exposure is the least of their worries. Protecting her sister has always been an enormous part of Melanie's life, but as Ann's health rapidly deteriorates, Melanie must come to grips with the fact that saving her may mean letting go...

Shape Shifters Jane Yolen, 1979-07-17 Saki,

Kafka, Russell Baker, and Richard Curtis are among the authors of twelve fantasy and science-fiction tales about humans who can change themselves into animals

Shape Shifter Tony Simpson, 2013 After the apocalypse, a portal to another dimension parallel to Earth was opened, and aliens began living among men. There are different aliens, among them are the shape-shifters, the most dangerous of them all. There are good aliens and there are bad

aliens, the kind who tries to make the Earth their own. However, the humans would not let that happen without resistance. Tony, a private investigator, is determined to thwart any form of alien takeover of Earth. With the help of Jon, a shape-shifter alien working on the humans' side, he is able to track and counter any alien attacks. On the other hand, Dylan Rogers, a well-known scientist, has a truth serum. Once injected to a shape-shifter, the alien will divulge any information; military plans, locations, and weapons; useful for humans' defense strategies. Tony, Dylan, and Jon were primary targets of either assassination or manipulation. Each of them should protect each other if they want to carry on the battle and save the humans from annihilation.

Shape-shifter Chris Archer, 1998 Todd Aldridge saw a strange light in the sky and then lost consciousness. Nine months later he woke up. People think he was abducted by aliens. He doesn't know, but one thing he does know, he keeps changing. He can make himself look like anyone else. The problem is he forgets who he really is.

Shape Shifters ,1978-01-01

Shapeshifters John B. Kachuba,2019-06-10 There is something about a shapeshifter—a person who can transform into an animal—that captures our imagination; that causes us to want to howl at the moon, or flit through the night like a bat. Werewolves, vampires, demons, and other weird creatures appeal to our animal nature, our “dark side,” our desire to break free of the bonds of society and proper behavior. Real or imaginary, shapeshifters lurk deep in our psyches and remain formidable cultural icons. The myths, magic, and meaning surrounding shapeshifters are brought vividly to life in John B. Kachuba’s compelling and original cultural history. Rituals in early cultures worldwide seemingly allowed shamans, sorcerers, witches, and wizards to transform at will into animals and back again. Today, there are millions of people who believe that shapeshifters walk among us and may even be world leaders.

Featuring a fantastic and ghoulish array of examples from history, literature, film, TV, and computer games, *Shapeshifters* explores our secret desire to become something other than human.
