Okim Kang,Ron I. Thomson,John M. Murphy

Discourse Intonation Lucy Pickering, 2018-08-16 This textbook is an accessible introduction to discourse intonation for ESL/EFL instructors, whether practicing or in pre-service graduate programs. Because intonation is used to form impressions about a speaker's attitude, it is crucial that instructors understand the details of the underlying linguistic system so that they can help students avoid the more common intonation-related pitfalls they experience when communicating in an academic setting. This textbook relies heavily on the Brazil model; chapters are organized around different parts of that model and how they can be most effectively taught. Readers will learn the conventions underlying, for example, how we group words in prosodic units, how we understand turn-taking cues in conversation, and how we assess whether someone is feeling angry or sad. This text features Check Your Learning sections, discussion questions, and hands-on activities at the end of every chapter. Chapters 3-9 also include a section on pedagogical implications. Some of the example sentences that illustrate intonation have accompanying short audio (MP3) files, which can be found online at www.press.umich.edu/elt/compsite/DI.

Intelligibility, Oral Communication, and the Teaching of Pronunciation John M. Levis, 2018-10-04 An intelligibility-based approach to teaching that presents pronunciation as critical, yet neglected, in communicative language teaching.

Second Language Pronunciation Assessment Talia Isaacs, Pavel Trofimovich, 2016-12-22 This book is open access under a CC BY licence. It spans the areas of assessment, second language acquisition (SLA) and pronunciation and examines topical issues and challenges that relate to formal and informal assessments of second language (L2)

speech in classroom, research and real-world contexts. It showcases insights from assessing other skills (e.g. listening and writing) and highlights perspectives from research in speech sciences, SLA, psycholinguistics and sociolinguistics, including lingua franca communication, with concrete implications for pronunciation assessment. This collection will help to establish commonalities across research areas and facilitate greater consensus about key issues, terminology and best practice in L2 pronunciation research and assessment. Due to its interdisciplinary nature, this book will appeal to a mixed audience of researchers, graduate students, teacher-educators and exam board staff with varying levels of expertise in pronunciation and assessment and wide-ranging interests in applied linguistics.

The Routledge Handbook of Contemporary English Pronunciation Okim Kang, Ron I. Thomson, John M. Murphy, 2017-11-08 The Routledge Handbook of Contemporary English Pronunciation provides a comprehensive survey of this field covering both theoretical and practical perspectives on pronunciation. In 35 chapters contributed by leading scholars from around the world, this Handbook examines: linguistic and historical background of sound systems and theoretical issues linked to sound changes; pronunciation acquisition and factors related to speech production; pronunciation research and applications to second language pronunciation; the link between pronunciation and other language skills including perception and other socio-cultural factors; pronunciation and its relation to World Englishes. The Routledge Handbook of Contemporary English Pronunciation will be essential reading for anyone with an interest in pronunciation.

Investigating English Pronunciation Jose A. Mompean, Jonás Fouz-González, 2015-10-08 This book updates the latest research in the

field of 'English pronunciation', providing readers with a number of original contributions that represent trends in the field. Topics include sociophonetic or sound-symbolic aspects of pronunciation English pronunciation teaching and learning.

Assessment in Second Language Pronunciation Okim Kang, April Ginther, 2017-07-14 *Assessment in Second Language Pronunciation* highlights the importance of pronunciation in the assessment of second language speaking proficiency. Leading researchers from around the world cover practical issues as well as theoretical principles, enabling the understanding and application of the theory involved in assessment in pronunciation. Key features of this book include: Examination of key criteria in pronunciation assessment, including intelligibility, comprehensibility and accentedness; Exploration of the impact of World Englishes and English as a Lingua Franca on pronunciation assessment; Evaluation of the validity and reliability of testing, including analysis of scoring methodologies; Discussion of current and future practice in assessing pronunciation via speech recognition technology. *Assessment in Second Language Pronunciation* is vital reading for students studying modules on pronunciation and language testing and assessment.

The Handbook of English Pronunciation Marnie Reed, John M. Levis, 2019-02-12 *The Handbook of English Pronunciation* presents a comprehensive exploration of English pronunciation with essential topics for applied linguistics researchers and teachers, including language acquisition, varieties of English, historical perspectives, accent's changing role, and connections to discourse, technology, and pedagogy. Provides thorough descriptions of all elements of English pronunciation Features contributions from a global list of authors, reflecting the finest scholarship available Explores a careful balance of

issues and topics important to both researchers and teachers Provides a historical understanding of the importance of pronunciation and examines some of the major ways English is pronounced today throughout the world Considers practical concerns about how research and practice interact in teaching pronunciation in the classroom

Second Language Pronunciation John M. Levis, Tracey M.

Derwing, Sinem Sonsaat-Hegelheimer, 2022-03-29 Practical resources designed to help language educators apply the latest research and most effective pedagogical methods to classroom pronunciation instruction In *Second Language Pronunciation: Bridging the Gap Between Research and Teaching*, a team of distinguished researchers and educators delivers an incisive and practical approach to evidence-based pronunciation instruction in second language classrooms. Developed for language teachers who want to incorporate and implement the most effective pedagogical methods in their language instruction, this edited volume offers 15 essays that connect the latest research with practical applications in the classroom. In addition to exploring recent but less well-known methods—like High Variability Phonetic Training, discourse-based teaching, communicative classrooms, and technology-based methods—these chapters are unified in bringing theory to bear on practical questions faced by language teachers. The chapters follow a standard format, moving from critical research issues to pedagogical implications, and practical resources to equip language teachers, scholars, administrators, and teachers-in-training with the tools they require to develop their students' pronunciation abilities. Readers will also find: A thorough introduction to using empirical evidence to guide pronunciation instruction in second language students Comprehensive explorations of the integration of pronunciation instruction into second language education Practical

discussions of perception training in pronunciation instruction and the importance of L2 segmental and suprasegmental contrasts in pronunciation learning In-depth examinations of classroom research for pronunciation and the use of technology to explore L2 pronunciation Perfect for upper-level undergraduate and graduate students studying TESOL, applied linguistics, and second language acquisition, *Second Language Pronunciation: Bridging the Gap Between Research and Teaching* will also earn a place in the libraries of researchers, scholars, and teachers of language and education.

Pronunciation Fundamentals Tracey M. Derwing, Murray J. Munro, 2015-07-15 The emergence of empirical approaches to L2 pronunciation research and teaching is a powerful fourth wave in the history of the field. Authored by two leading proponents of evidence-based instruction, this volume surveys both foundational and cutting-edge empirical work and pinpoints its ramifications for pedagogy. The authors begin by tracing the history of pronunciation instruction and explicating L2 phonetic learning processes. Subsequent chapters explore the themes, strengths, and ethical problems of the field through the lens of the intelligibility principle. The importance of error gravity, and the need for assessment and individualized instruction are highlighted, and the role of L2 accents in social contexts is probed. Material readily available elsewhere has been omitted in favour of an emphasis on the how, why, and when of pronunciation instruction. Anyone with an interest in L2 pronunciation—especially graduate students, language teachers, and experienced researchers—will find much value in this indispensable resource.

Social Dynamics in Second Language Accent John M. Levis, Alene Moyer, 2014-04-01 This volume offers a definitive source for

understanding social influences in L2 pronunciation, demonstrating the importance of empirical findings from a number of research perspectives, and outlining the directions that future work can take. The aim is to present a coherent argument for the significance of social factors and how they contribute to phonological acquisition.

The Bloomsbury Companion to Phonetics Mark J. Jones, Rachael-Anne Knight, 2013-04-25 The Bloomsbury Companion To Phonetics is designed to be the essential one-volume resource for advanced students and academics. It offers a comprehensive reference resource, giving an overview of key topics and key terms in phonetics. It offers a survey of current research areas and new directions in the field as well as featuring a manageable guide to beginning or developing research. The book gives readers practical guidance for advanced study in the area. The volume covers all the most important issues, concepts, movements and approaches in the field, looking at both the core and applied domains of phonetics and speech science. It offers insights into areas as diverse as the acquisition, production and perception of speech, and clinical and forensic phonetics. There is a state of the art exploration of voice and phonation, tone and intonation, phonetic pedagogy, speech technology and phonetic universals.

Advancing Quantitative Methods in Second Language Research Luke Plonsky, 2015-07-03 Advancing Quantitative Methods in Second Language Research is the first hands-on guide to conducting advanced research methods in the fields of applied linguistics and second language studies. While a number of texts discuss basic quantitative research methodology, none focus exclusively on providing coverage of alternative advanced statistical procedures in second language studies from a practical approach. The text is bookended by discussions of these advanced procedures in the larger context of second language

studies, debating their strengths, weaknesses, and potential for further research; the remaining chapters are how-to sections, each chapter following the same organization, on a wide variety of advanced research methods. By offering much-needed coverage on advanced statistical concepts and procedures, with an eye toward real-world implementation, *Advancing Quantitative Methods in Second Language Research* enhances the methodological repertoire of graduate students and researchers in applied linguistics and second language studies. German Phonetics and Phonology Mary Grantham O'Brien, Sarah M. B. Fagan, 2016-01-01 8.2.1. Consonants

The Routledge Handbook of Language Awareness Peter Garrett, Josep M. Cots, 2017-11-06 The Routledge Handbook of Language Awareness is a comprehensive and informative overview of the broad field of language awareness. It contains a collection of state-of-the-art reviews of both established themes and new directions, authored and edited by experts in the field. The handbook is divided into three sections and reflects the engaging diversity of language awareness perspectives on language teaching and teachers, language learning and learners, and extending to additional areas of importance that are less directly concerned with language instruction. In their introductory chapter, the editors provide valuable background to the language awareness field along with their summary of the chapters and issues covered. A helpful section giving further reading suggestions for each of the chapters is included at the end of the book. This volume is essential reading for graduate students and researchers working in the sphere of language awareness within applied linguistics, sociolinguistics and across the wider spectrum of language

and communication.

The Advanced Learner Variety Emmanuelle Labeau, 2009 This volume originates from a workshop entitled 'Revisiting advanced varieties in L2 learning' organized by the editors at Aston University (Birmingham, UK) in June 2006. It consists of a peer-reviewed selection of the best contributions. Many different approaches have been used in the study of advanced learners and their characteristics. Specific areas of language have repeatedly been found to remain problematic even at advanced levels, and much empirical research has been carried out. In particular, areas of grammar such as the tense or agreement systems often pose difficulties, as well as lexical idiosyncrasies such as formulaic sequences, and the discourse/pragmatic constraints operating in French. This volume brings together recent research exploring the advanced learner capabilities in each of those domains, as well as possible explanations for the difficulties they raise for the L2 learner of French. Additionally, one of the areas which has received considerable attention in the French L2 literature on advanced learners, tense and aspect, is also explored from the point of view of French learners of English, to explore any parallels. In presenting this research, the book clarifies the concept of the advanced learner: how does s/he differ from native speakers and why?

Language and Globalization Ingrid Piller, Alexandra Grey, 2018-10-26 A relatively new yet flourishing field, Language and Globalization can be confusing and difficult to navigate for students and scholars. To help make sense of the diverse and voluminous scholarship, this new four volume collection will include key research from a broad spectrum of disciplines, but also from a wide range of geographical, regional and historical contexts.

Recent Research in Second Language Phonetics/Phonology

Barbara O. Baptista, Andreia S. Rauber, Michael A. Watkins, 2009-10-02

Recent Research in Second Language Phonetics/Phonology:

Perception and Production reports the findings of seventeen interphonology studies on perception/production of sounds by different first language speakers. All the papers describe careful empirical research, and as such will be of great interest to anyone working, or intending to work, in the specific field of second language phonological acquisition. However, given that speech production and perception are highly complex skills, the research findings in this volume will also be relevant to those with a broader interest in language learning or cognition in general.

Immerse yourself in the artistry of words with is expressive creation, **Shareware Express 11831134**. This ebook, presented in a PDF format (PDF Size: *), is a masterpiece that goes beyond conventional storytelling. Indulge your senses in prose, poetry, and knowledge. Shareware Express 11831134 Introduction

Shareware Express 11831134 Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Shareware Express 11831134 Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Shareware Express 11831134 : This website hosts a vast collection of scientific articles, books, and textbooks. While it

operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Shareware Express 11831134 : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Shareware Express 11831134 Offers a diverse range of free eBooks across various genres. Shareware Express 11831134 Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Shareware Express 11831134 Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Shareware Express 11831134, especially related to Shareware Express 11831134, might be challenging as theyre often artistic creations rather than

practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Shareware Express 11831134, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Shareware Express 11831134 books or magazines might include. Look for these in online stores or libraries. Remember that while Shareware Express 11831134, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Shareware Express 11831134 eBooks for free, including popular titles. Online Retailers: Websites like Amazon,

Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Shareware Express 11831134 full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Shareware Express 11831134 eBooks, including some popular titles.

FAQs About Shareware Express 11831134 Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different

platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Shareware

Express 11831134 is one of the best book in our library for free trial. We provide copy of Shareware Express 11831134 in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Shareware Express 11831134. Where to download Shareware Express 11831134 online for free? Are you looking for Shareware Express 11831134 PDF? This is definitely going to save you time and cash in something you should think about.
