The Sharpshooter on Picket Duty William Payne, 2017-08-08 It is the late summer of 1866 and the guns of the Civil War have been silent for more than a year since General Lee's surrender at Appomattox. The President of the United States has declared the irrepressible conflict officially over only a few days earlier. Yet the struggles that brought on the War are by no means resolved. Young Seamus Delaney, a veteran officer of the Union Irish Brigade, arrives at the glittering resort of Saratoga Springs, New York. He has been assigned to continue protecting the most important member of the President's cabinet on his trip to the famous spa. Immediately, a deadly attack makes it clear that the forces that attempted to kill the man in Seamus' charge in the past are relentlessly pressing home their assaults. Or are they?

Sharpshooter Dusty Richards, 2018-03-27 A rancher and US marshal battles a corrupt cabal as a new railroad comes to Arizona, in this powerful Western by a Spur Award-winning author. In the brutal, unforgiving wastes of the Arizona desert, Chet Byrnes built a cattle ranching empire with his bare hands, steel will, and a fast draw. As a US marshal, he risks his life to bring law to a lawless land. When

a new railroad route is planned to pass through Navajo territory, Chet fights to get the Indians a contract to supply the locomotives with coal. But the corrupt politicians in Tucson and D.C. have other ideas. The coal contract means millions, and the ruthless Tucson Ring will do anything to get it—even if it means killing a US marshal. Battling bandits, the railroad, and a corrupt gang of millionaires, Chet won't back down until the desert is painted red with blood.

Web Operations Dashboards, Monitoring, & Alerting Steve

Fenton,2018-01-02 If you are wondering which metrics are important, confused about the kind of chart you should add to your dashboards, or want to discover how to find and fix incidents before your customers even know there is a problem; this book can fill those gaps in just a couple of commutes. By the end of the book, you will be able to prepare, plan, and design interactive dashboards based on your business requirements using this cutting-edge BI tool.

Mastering Salesforce Reports and Dashboards David

Carnes,2023-06-14 Effective, repeatable, and insightful analytics are key to ROI in customer relationship management systems. Many organizations, however, lack the automated reporting tools they need to run their businesses and instead choose to massage the data in Excel. But there's a better way. Salesforce's standard reporting tools provide a rich set of features that, when combined, support a wide variety of analytics needs. This practical introduction covers all the aspects and features you need to be successful with Salesforce reports and dashboards. Author David Carnes, chairman and chief evangelist for OpFocus, shows executives, end users, and report and dashboard superusers what analytics are possible, which features report writers

should ask to be enabled, and which settings and permissions system administrators need to activate. You'll learn: How to create reports using the four main report formats in Salesforce How to create and use dashboards Methods for storing and finding reports and dashboards How to leverage formulas and trending in Salesforce reporting Special reporting features only available in Salesforce Mobile and on the Analytics tab Ways to embed report charts and dashboards in Lightning page layouts Powerful combinations of reporting features to drive decisions

A Sniper's Conflict Monty B, 2014-10-14 I could make out the head and shoulders of the insurgent as he was firing in the prone position. I aimed for the centre area . . . removed the safety catch and held that point of aim. Then I slowly and deliberately operated my trigger squeezing it gently to the rear. The round impacted into the target just below the shoulder. The target seemed to slide down disappearing out of sight, the rifle muzzle remained pointing uppermost in the air. The author sets the scene with action on a 2004 tour in Iraq where hard lessons were learnt. Next stop Helmand District, Afghanistan, after rigorous training. By now he had been a Sniper Instructor for eight years and his depth of knowledge makes this almost a sniper's manual. This, combined with his descriptions of the sniper engagements experienced during his Battalion's action packed tour, make this a thrilling and instructive read. He describes not just the operational background moves and tactics but his emotions—taking life even from distances of a kilometer is traumatic. Intense though the action was, there were long periods of watching and waiting—called Enduring Patience). Snipers work in pairs so relationship and trust are all important. Snipers are elite soldiers and clearly the author is among the best of the best. *A Sniper's Conflict* is a superb account of professional soldiering at the sharp end. Skyhorse Publishing, along with our Arcade, Good Books, Sports Publishing, and Yucca imprints, is proud to publish a broad range of biographies, autobiographies, and

memoirs. Our list includes biographies on well-known historical figures like Benjamin Franklin, Nelson Mandela, and Alexander Graham Bell, as well as villains from history, such as Heinrich Himmler, John Wayne Gacy, and O. J. Simpson. We have also published survivor stories of World War II, memoirs about overcoming adversity, first-hand tales of adventure, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.
