**An Empire of Their Own** Neal Gabler, 2010-11-17 A provocative, original, and richly entertaining group biography of the Jewish immigrants who were the moving forces behind the creation of America's motion picture industry. The names Harry Cohn, William Fox, Carl Laemmle, Louis B. Mayer, Jack and Harry Warner, and Adolph Zucker are giants in the history of contemporary Hollywood, outsiders who dared to invent their own vision of the American Dream. Even to this day, the American values defined largely by the movies of these émigrés endure in American cinema and culture. Who these men were, how they came to dominate Hollywood, and what they gained and lost in the process is the exhilarating story of An Empire of Their Own.

**San Sombrero EBook** Santo Cilauro, 2006-01-01 Proudly considered the birthplace of tinted sunglasses and sequins, this fascinating land is packed with things to see and do. Have your photo taken with a colourfully dressed *ruhm*ero (drunk) while his accomplice steals your wallet. Sway to the steamy *bababumba*, one of the few dances in the world to routinely involve an exchange of body fluids. Try 'red-water rafting' your way down a river of boiling lava. Or simply sit back and sip a *molitivo* cocktail while listening to the hypnotic rhythm of government helicopters strafing a nearby rebel stronghold. Crammed with expert advice, this fully upd.

**X-Rated!** Marcel Danesi, 2009-01-13 Many attack pop culture as a crude 'sexual' and 'celebrity-based' culture that is purportedly bringing about the end of moral values. Renowned semiotician Marcel Danesi adds his signature insight to the debate by delving deep into pop culture through a consideration of symbols. Danesi's treatment of letters, such as the X in 'X-Rated,' the 'i' in 'iPod,' and other such symbols, reveals an ancient mythic structure that blends the sacred and profane dimensions of human psychic life. Danesi takes the reader on a remarkable exploration of the radical turns in American society, a society in which the search for pleasure and sexual expression often reign supreme. X-Rated! is a fascinating trip through what gives pop culture its secret appeal.

Psychoanalytic Accounts of Consuming Desire John Desmond, 2012-11-28 Provides an accessible introduction to psychoanalytic explanations of consumer desire. Topics are drawn widely to reflect the scope of Freud's vision and include dreams, sexuality and hysteria. Discussion is widened to selectively include authors such as Melanie Klein and Jacques Lacan, and to include evaluation of current research.

Courtly Love Undressed E. Jane Burns, 2002 Reading through clothes reveals that the expression of female desire, so often effaced in courtly lyric and romance, can be registered in the poetic deployment of fabric and adornment, and that gender is often configured along a sartorial continuum, rather than in terms of naturally derived categories of woman and man.

**Gender Dilemmas in Children's Fiction** K. Mallan, 2009-08-28 This engaging study examines diverse genders and sexualities in a wide range of contemporary fiction for children and young people. Mallan's insights into key dilemmas arising from the texts' treatment of romance, beauty, cyberbodies, queer, and comedy are provocative and trustworthy, and deliver exciting theoretical and social perspectives.

Academic Ableism Jay T. Dolmage, 2017-11-22 Academic Ableism brings together disability studies and institutional critique to recognize the ways that disability is composed in and by higher education, and rewrites the spaces, times, and economies of disability in higher education to place disability front and center. For too long, argues Jay Timothy Dolmage, disability has been constructed as the antithesis of higher education, often positioned as a distraction, a drain, a problem to be solved. The ethic of higher education encourages students and teachers alike to accentuate ability, valorize perfection, and stigmatize anything that hints at intellectual, mental, or physical weakness, even as we gesture toward the value of diversity and innovation. Examining everything from campus accommodation processes, to architecture, to popular films about college life, Dolmage argues that disability is central to higher education, and that building more inclusive schools allows better education for all.

*Multitude* Michael Hardt, Antonio Negri, 2005-07-26 In their international bestseller *Empire*, Michael Hardt and Antonio Negri presented a grand unified vision of a world in which the old forms of imperialism are no longer effective. But what of *Empire* in an age of "American empire"? Has fear become our permanent condition and democracy an impossible dream? Such pessimism is profoundly mistaken, the authors argue. *Empire*, by interconnecting more areas of life, is actually creating the possibility for a new kind of democracy, allowing different groups to form a multitude, with the power to forge a democratic alternative to the present world order. Exhilarating in its optimism and depth of insight, *Multitude* consolidates Hardt and Negri's stature as two of the most important political philosophers at work in the world today.

**Racine County in the World War** Walter L. Haight, 1920

**Cheeky Charlie** Mat Waugh, Olga Zhuravlova, 2018-12-06 The fifth collection of adventures starring Harry and her cheeky brother Charlie.

The Judas Kiss David Hare, 1998 Portraying the two critical moments in Oscar Wilde's late life -- when he decides to stay in England and face imprisonment and the night after his release, two years later -- David Hare's *The Judas Kiss* presents the consequences of taking an uncompromisingly moral position in a world defined by fear, expedience, and conformity.

*Kinderculture* Shirley R. Steinberg, 2018-05-04 America is a corporatized society defined by a culture of consumerism, and the youth market is one of the groups that corporations target most. By marketing directly to children, through television, movies, radio, video games, toys, books, and fast food, advertisers have produced a 'kinderculture'. In this eye-opening book, editor Shirley R. Steinberg reveals the profound impact that our purchasing-obsessed culture has on our children and argues that the experience of childhood has been reshaped into something that is prefabricated. Analyzing the pervasive influence of these corporate productions, top experts in the fields of education, sociology, communications, and cultural studies contribute incisive essays that students, parents, educators, and general readers will find insightful and entertaining. Including seven new chapters, this third edition is thoroughly updated with examinations of the icons that shape the values and consciousness of today's children, including *Twilight*, *True Blood*, and vampires, hip hop, *Hannah Montana*, Disney, and others.

**Cultural Mythology and Global Leadership** E. H. Kessler, D. J. Wong-Mingji, 2009 My mouth watered when first I saw the publication of this title, as it promised a next step in the exploration of cultural phenomena from within a culture's view and vision of itself. The Tall Book also offers well-researched explanations into the great unanswered questions of tallness, including: Why are people tall to begin with? How have tall people figured throughout history? Why are CEOs so tall? And how does tallness affect the dating game? Filled with illustrative graphics, charts, and piles of tall miscellanea and factoids, The Tall Book is a wonderful and much-needed exploration of life from on high.

*Journeys of Embodiment at the Intersection of Body and Culture* Niva Piran,2017-09-15 Journeys of Embodiment at the Intersection of Body and Culture: The Developmental Theory of Embodiment describes an innovative developmental and feminist theory—understanding embodiment—to provide a new perspective on the interactions between the social environment of girls and young women of different social locations and their embodied experience of engagement with the world around them. The book proposes that the multitude of social experiences described by girls and women shape their body experiences via three core pathways: experiences in the physical domain, experiences in the mental domain and experiences related directly to social power. The book is structured around each developmental stage in the body journey of girls and young women, as influenced by their experience of embodiment. The theory builds on the emergent constructs of ‘embodiment’ and ‘body journey,’ and the key social experiences which shape embodiment throughout development and adolescence—from agency, functionality and passion during early childhood to restriction, shame and varied expressions of self-harm during and following puberty. By addressing not only adverse experiences at the intersection of gender, social class, ethnocultural grouping, resilience and facilitative social factors, the theory outlines constructive pathways toward transformation. It contends that both protective and risk factors are organized along these three pathways, with the positive and negative aspects conceptualized as Physical Freedom (vs. Corseting), Mental Freedom (vs. Corseting), and Social Power (vs. Disempowerment and Disconnection). Examines the construct of embodiment and its theoretical development Explores the social experiences that shape girls throughout development Recognizes the importance of the body and sexuality Includes narratives by girls and young women on how they inhabit their bodies Invites scholars and health professionals to critically reflect on the body journeys of diverse girls and women Addresses the advancement of feminist, social critical and psychological theory, as well as implications to practice—both therapy and health promotion
