How to Fix Your Academic Writing Trouble: A Practical Guide Inger Mewburn, Katherine Firth, Shaun Lehmann, 2018-12-21 Are you confused by the feedback you get from your academic teachers and mentors? This clear and accessible guide to decoding academic feedback will help you interpret what your lecturer or research supervisor is really trying to tell you about your writing--and show you how to fix it. It will help you master a range of techniques and strategies to take your writing to the next level and along the way you'll learn why academic text looks the way it does, and how to produce that 'authoritative scholarly voice' that everyone talks about. This book is an easy-to-use resource for postgraduate students and researchers in all disciplines, and even professional academics, to diagnose their writing issues and find ways to fix them. This book would also be a valuable text for academic writing courses and writing groups, such as those offered in doctoral and Master's by research degree programmes. 'Whether they have writing problems or not, every academic writer will want this handy compendium of effective strategies and sound explanations on their book shelf--it's a must-have.' Pat Thomson, Professor of Education, University of Nottingham, UK

The 10 Commandments of Business and How to Break Them William Fromm, Bill

Fromm,1992-03 Fromm, president of Barkley & Evergreen Advertising in Kansas City, believes in breaking the rules of business whenever possible--and his philosophy has paid off in increased company profits. Now he reveals the innovative methods that have helped him achieve success. Combines wit, wonderful stories, and a lot of good commonsense ideas.--Henry W. Bloch, Chairman and CEO, H&R Block, Inc.

Your PhD Survival Guide Katherine Firth,Liam Connell,Peta Freestone,2020-12-21 Accessible, insightful and a must-have toolkit for all final year doctoral students, the founders of the 'Thesis Boot Camp' intensive writing programme show how to survive and thrive through the challenging final year of writing and submitting a thesis. Drawing on an understanding of the intellectual, professional, practical and personal elements of the doctorate to help readers gain insight into what it means to finish a PhD and how to get there, this book covers the common challenges and ways to resolve them. It includes advice on: Project management skills to plan, track, iterate and report on the complex task of bringing a multi-year research project to a successful close Personal effectiveness and self-care to support students to thrive in body, mind and relationships, including challenging supervisor relationships. The successful 'generative' writing processes which get writers into the zone and producing thousands of words; and then provides the skills to structure and polish those words to publishable quality. What it means to survive a PhD and consider multiple possible futures. Written for students in all disciplines, and relevant to university systems around the world, this unique book expertly guides students through the final 6-12 months of the thesis. The 'Insider Guides to Success in Academia' offers support and practical advice to doctoral students and early-career researchers. Covering the topics that really matter, but which often get overlooked, this indispensable series provides practical and realistic guidance to address many of the needs and challenges of trying to operate, and remain, in academia. These neat pocket guides fill specific and significant gaps in current literature. Each book offers insider perspectives on the often implicit rules of the game -- the things you need to know but usually aren't told by institutional postgraduate support, researcher development units, or supervisors -- and will address a practical topic that is key to career progression. They are essential reading for doctoral students, early-career researchers, supervisors, mentors, or anyone looking to launch or maintain their career in academia.

The Code of the Extraordinary Mind Vishen Lakhiani,2019-12-31 NEW YORK TIMES BESTSELLER • What if everything we think we know about how the world works—our ideas of love, education, spirituality, work, happiness, and love—are based on Brules (bullsh*t rules) that get passed from generation to generation and are long past their expiration date? This book teaches you to think like some of the greatest non-conformist minds of our era, to question, challenge, hack, and create new rules for YOUR life so you can define success on your own terms. The Code of the Extraordinary Mind is a blueprint of laws to break us free from the shackles of an ordinary life. It makes a case that everything we know about the world is shaped by conditioning and habit. And thus, most people live their lives based on limiting rules and outdated beliefs about pretty much everything—love, work, money, parenting, sex, health, and more—which they inherit and pass on from generation to generation. But what if you could remove these outdated ideas and start anew? What would your life look like if you could forget the rules of the past, and redefine what happiness, purpose, and success mean for you? Not Just a Book, but a Movement Blending computational thinking, integral theory, modern spirituality, evolutionary biology, and humor, personal growth entrepreneur Vishen Lakhiani provides a revolutionary 10-point framework for understanding and enhancing the human self. You will learn about bending reality. You will learn how to apply unique models like consciousness engineering to help you learn and grow at speeds like never before.You will learn to make a dent in

the universe and discover your quest. This framework is based on Lakhiani's personal experiences, the 5 million people he's reached through Mindvalley, and 200 hours of interviews and questions posed to incredible minds, including Elon Musk, Richard Branson, Peter Diamandis, Ken Wilber, Dean Kamen, Arianna Huffington, Michael Beckwith, and other legendary leaders. In a unique fusion of cutting-edge ideas, personal stories, irreverence, and a brilliant teaching style, Lakhiani reveals the 10 powerful laws that form a step-by-step process that you can apply to life to shed years of struggle and elevate yourself to exceptional new heights. The 10 Laws to an Extraordinary Life This book challenges conventional ideas of relationships, goal-setting, mindfulness, happiness, and meaning. In a unique fusion of cutting-edge ideas, personal stories, and humorous irreverence, and not to mention, humor and napkin diagrams, this framework combines computational thinking with personal growth to provide a powerful framework for re-coding yourself—and replacing old, limiting models that hold you back with new, empowering beliefs and behaviors that set you on the path toward an extraordinary life. A life of more happiness and achievement than you might have dared to dream possible. Once you discover the code, you will question your limits and realize that there are none. Step into a new understanding of the world around you and your place in it, and find yourself operating at a new, extraordinary level in every way...happiness, purpose, fulfilment, and love. This Book Is a Living, Breathing Manifesto That Goes Beyond a Traditional Publication For those who want more, The Code of the Extraordinary Mind connects to a full on immersive experience including ways for you to dive into particular chapters to unlock additional videos or training and connect with each other and the author to learn via peer-to-peer learning networks.

Fibber McGee & Molly on the Air Clair Schulz, 2013-04-28 Fibber McGee and Molly was one of broadcasting's greatest triumphs, reaching its height during the 1940s when millions of Americans tuned in Tuesday evenings to hear radio's royal couple welcome the Old Timer, Gildersleeve, Mrs. Uppington, Mayor LaTrivia, Doctor Gamble, and other visitors who came calling at the most famous address in Comedyland, 79 Wistful Vista. A listening favorite in many homes from the Depression right into the space age, Fibber McGee and Molly was unique in that it aired in three different formats: thirty-minute productions, fifteen-minute episodes, and vignettes heard on NBC Monitor. This guide to over 1200 episodes covers all three formats of the series with entries listing date of broadcast, title, cast, summary, musical numbers, running gags, and comments designed to enhance the enjoyment of listeners and readers. This revised and greatly-expanded edition contains 300 additional entries (including 20 for which no transcription exists), more appendices (one tabulating all openings of that famous hall closet), and a new selection of photographs to complement the text.

The Chosen Taran Matharu, 2019-06-04 The Chosen introduces the first book in the Contender trilogy, an epic young adult fantasy from Taran Matharu, author of the New York Times-bestselling Summoner series. Throughout history, people have vanished with no explanation. A group of teenagers are about to discover why. Cade is settling into a new boarding school, contemplating his future, when he finds himself transported to another realm. He soon discovers their new world is populated with lost remnants from the past: prehistoric creatures, ancient relics, and stranger still-people. Overwhelmed by his new surroundings, Cade has little time to adjust, for soon he and his fellow classmates are forced to become contenders in a brutal game, controlled by mysterious overlords. But who are these beings and why did they choose these teens? Cade must prepare for battle . . . because hiding is not an option. Fans of fantasy and LitRPG will welcome this new character and world from the author of the Summoner series.
