And that's what The Side Hustle Path is about; finding a low-risk way make more money. If you're looking for a get-rich-quick-scheme or the secret to overnight success, you won't find it here. **Online Side Hustle: Newbie-Friendly Guide for Making Your First \$1,000 in Passive Income Each Month on Autopilot -- With 7 Proven Business Models Including Social Media, Shopify, and Amazon FBA** Financial Freedom Blueprint,2019-05-07 Profitable businesses that you and your family can start in your spare time If you've ever wanted to make a little extra cash on the side, but don't have much money to invest, then keep reading... Here's the unfortunate truth. Most of the books on Amazon promise you instant riches for little to no work. Or they'll just be one long sales pitch for yet another overpriced online course. Or worse, some kind of recruitment for a network marketing scam. So why is this book different? Here at Financial Freedom Blueprint... we've rounded up a group of experts... each of whom have years of experience in their fields... to bring you today's best work at home opportunities. Not stuff which might have worked 10 years ago, but no longer does. ...so even if you've tried blogging... writing articles... selling stuff on Craigslist or eBay... affiliate marketing... or a bunch of other stuff online which doesn't actually work... then don't worry... This book only contains proven business models which are working in 2019. This isn't a get-rich-quick scheme, and these projects will need some time and effort to get started. But all them only require a small investment (and sometimes no investment), and don't take a lot of time to set up. No need for hours of technical training either. Most of these are "turnkey" models you can get up and running with in a single weekend. And best of all, you can run them from your laptop... or in some cases, your smartphone! Here's just a fraction of what you'll discover inside: The real "secret" to making money online. This is the opposite to what every "guru" has been telling you. How one desperate housewife made \$1,500 profit her first month, with just a small investment of \$200 (and less than 10 hours of work). The unique business model you can use to make \$500 a week from your smartphone. The 4 best ecommerce niches for 2019 (you won't find these on any mainstream websites, and sellers in them are quietly making a killing) How to leverage one of the fastest growing markets on the planet by writing about your favorite subjects. This is one of the most fun and profitable ways to make money online right now An "unsexy" yet reliable way to generate \$1,000 in the next week. All it takes is a few emails sent to the right people and 2 hours of computer work and you're good to go. The dangerous lesson inside Rich Dad, Poor Dad The little known business model (only taught in a \$2,500 program) which is making people 4 and 5 figures a month with less than 60 minutes work a week How to make your first \$1,000, with zero investment, even if you don't have a college degree (or barely finished high school). This one is so simple, we've yet to see anyone fail with it. Is Amazon FBA worth it in 2019? The surprising truth inside ...and much, much more. If you or your spouse loves to write - then you'll love the business model in chapter 7 which can easily net you an extra \$25,000 a year (no it's not blogging). Or if you fancy yourself as someone who can spot a bargain, then head straight to chapter 5 to discover how to leverage your skill in today's online marketplace. There are no upsells or withheld information either, you can read the book and get started with your new side hustle the very same day. So if you want to get your hands on 7 proven business models, for less than the price of an overpriced coffee at Starbucks... Scroll up and click "add to cart" to receive your copy instantly

*Financial Freedom* Grant Sabatier, 2020-04-07 The International Bestseller New York Public Library's Top 10 Think Thrifty Reads of 2023 This book blew my mind. More importantly, it made financial independence seem achievable. I read *Financial Freedom* three times, cover-to-cover. —Lifehacker Money is unlimited. Time is not. Become financially independent as fast as possible. In 2010, 24-year old Grant Sabatier woke up to find he had \$2.26 in his bank account. Five years later, he had a net worth of over \$1.25 million, and CNBC began calling him the Millennial Millionaire. By age 30, he had reached financial independence. Along the way he uncovered that most of the accepted wisdom about money, work, and retirement is either incorrect, incomplete, or so old-school it's obsolete. *Financial Freedom* is a step-by-step path to make more money in less time, so you have more time for the things you love. It challenges the accepted narrative of spending decades working a traditional 9 to 5 job, pinching pennies, and finally earning the right to retirement at age 65, and instead offers readers an alternative: forget everything you've ever learned about money so that you can actually live the life you want. Sabatier offers surprising, counter-intuitive advice on topics such as how to: \* Create profitable side hustles that you can turn into passive income streams or full-time businesses \* Save money without giving up what makes you happy \* Negotiate more out of your employer than you thought possible \* Travel the world for less \* Live for free--or better yet, make money on your living situation \* Create a simple, money-making portfolio that only needs minor adjustments \* Think creatively--there are so many ways to make money, but we don't see them. But most importantly, Sabatier highlights that, while one's ability to make money is limitless, one's time is not. There's also a limit to how much you can save, but not to how much money you can make. No one should spend precious years working at a job they dislike or worrying about how to make ends meet. Perhaps the biggest surprise: You need less money to retire at age 30 than you do at age 65. *Financial Freedom* is not merely a laundry list of advice to follow to get rich quick--it's a practical roadmap to living life on one's own terms, as soon as possible.

**The Art of Non-Conformity** Chris Guillebeau, 2010-09-07 If you've ever thought, There must be more to life than this, *The Art of Non-Conformity* is for you. Based on Chris Guillebeau's popular online manifesto *A Brief Guide to World Domination*, *The Art of Non-Conformity* defies common assumptions about life and work while arming you with the tools to live differently. You'll discover how to live on your own terms by exploring creative self-employment, radical goal-setting, contrarian travel, and embracing life as a constant adventure. Inspired and guided by Chris's own story and those of others who have pursued unconventional lives, you can devise your own plan for world domination-and make the world a better place at the same time.
