George Dismukes

Siren Tricia Rayburn,2011-01-20 Something deadly waits beneath the waves off Winter Harbour, and this summer, no one's safe. Seventeen-year-old Vanessa Sands is afraid of the dark. And heights. And the ocean. And pretty much everything else. Fortunately, Vanessa's fearless older sister, Justine, has always been there to comfort her. That is until Justine jumps off a cliff near their family's holiday home in Winter Harbour, her lifeless body washing ashore the next day. Everyone assumes that the tragedy is an accidental result of Justine's adventurous ways. Everyone, that is, except Vanessa. Vanessa returns to Winter Harbour alone, looking for answers from Caleb Carmichael, Justine's summer love who was with her when she jumped. But when Vanessa learns that Caleb has been missing since Justine's death, she joins forces with Caleb's older brother, Simon, to try to find him. Soon, it's not just Vanessa who is afraid. Panic sweeps through Winter Harbour as more bodies wash ashore, all male, each victim found grinning from ear to ear. And as the death toll mounts, Vanessa realises that to save Caleb and solve the mystery of her sister's death, she has to confront a secret she's kept for years - one that could end her summer romance with Simon and even life as she knows it. An utterly gripping paranormal romance for Twilight fans sick of copy-cat vampire novels but in love with paranormal romance.

A Surplus of Sirens Amanda Creiglow,2021-08-18 Whoever takes the blame, humanity will pay the price. Elizabeth is adjusting to her new role as designated human arbiter for the supernatural community. Petty magical arguments? Now officially her jam. But when the Nymph of the North Wind is murdered and Elizabeth is tasked with deciding which siren tribe should pay for the crime, she's out of her depth—by a few thousand feet or so. Either way Elizabeth rules will devastate the planet. But it's hard to focus on finding a solution when her mother has been kidnapped and her boyfriend has decided that he won't let her keep secrets from him anymore. Elizabeth will need all her allies to get her through this one. But every ally comes with a cost—and the cause of this murder halfway around the world may be closer to home than she'd like to admit.

Dark Water: A Siren Novel Tricia Rayburn,2012-07-10 The sea is calling, but the reluctant siren will do anything not to answer. . . . A year after the

events that killed her sister and turned her into a siren, Vanessa is desperately trying to put her family back together and reclaim a “normal” life. But no matter how many times she swims, or how much salt water she drinks, she can feel herself getting weaker and weaker. She has no idea how to survive as a siren and she doesn’t want to know the truth about her newly discovered identity. It’s just too horrifying. Then her biological mother shows up at her summer house in Maine—she is one of the Nenuphars, the most powerful of all sirens. She promises that she wants to help the daughter from whom she’s been separated for far too long. But is she to be trusted? Now Vanessa must face the harshest reality of all—to survive she must endanger and injure others—but is that any sort of life? Chilling and romantic, *Dark Water* explores questions of identity as old as the sea, and brings the Siren trilogy to a startling conclusion.

Undercurrent: A Siren Novel Tricia Rayburn, 2011-07-12 The sirens are back, but Vanessa may be the biggest threat of all. . . . Nothing has been normal since Vanessa Sands learned that her sister was murdered by sirens—femme fatales of the watery depths—and that everything she believed about her family was a lie. Her boyfriend Simon’s been the only person Vanessa feels she can really trust. But now there are some secrets she can’t tell even him. And when Vanessa finds herself in the sights of Parker, Hawthorne Prep’s resident charmer, she needs someone to confide in more than ever. Doubting her relationship with Simon, unsure of Parker’s intentions—and of her own—and terrified by what she’s learned about herself, Vanessa has never felt so alone. But personal problems must be put aside, because the Winter Harbor sirens are back for revenge. Now, Vanessa must face her past and accept that she is just like her enemies—every bit as alluring, every bit as dangerous. The eagerly anticipated second novel of the Siren trilogy, *Undercurrent* is a seductive paranormal romance that will leave you breathless.

The Siren Katherine St. John, 2021-05-04 A Good Morning America featured thriller, 2021 People magazine Best Books of Summer winner and a Good Housekeeping Best Beach Read to Add to Your Summer Reading List From Katherine St. John, author of *The Lion's Den*, comes a reading experience that’s as layered and decadent as a slice of tiramisu about a Hollywood heartthrob, his co-star ex-wife, and a film set on an isolated island that will unearth long-buried secrets—and unravel years of lies (Emily Henry, NYT bestselling author of *People We Meet on Vacation*, New York Times Book Review). In the midst of a sizzling hot summer, some of Hollywood's most notorious faces are assembled on the idyllic Caribbean island of St. Genesius to film *The Siren*, starring dangerously handsome megastar Cole Power playing opposite his ex-wife, Stella Rivers. The surefire blockbuster

promises to entice audiences with its sultry storyline and intimately connected cast. Three very different women arrive on set, each with her own motive. Stella, an infamously unstable actress, is struggling to reclaim the career she lost in the wake of multiple, very public breakdowns. Taylor, a fledgling producer, is anxious to work on a film she hopes will turn her career around after her last job ended in scandal. And Felicity, Stella's mysterious new assistant, harbors designs of her own that threaten to upend everyone's plans. With a hurricane brewing offshore, each woman finds herself trapped on the island, united against a common enemy. But as deceptions come to light, misplaced trust may prove more perilous than the storm itself. Includes a Reading Group Guide.

Siren Song Leah Alvard, 2011-09-12 Beauty. Grace. Song. The three core traits that make up the Sirens. Traits that create chaos and tragedy wherever they go, with every move that they make. To lose the effect, they are forced to give up its cause: their song. A pact was forged centuries ago in an agreement to stop singing. A pact that continues to be broken. Crevan is the name the three Sirens take when they move to Florence, Oregon as they once more try to escape what they are. Ariana is the eldest and most beautiful Siren sister. Her entire purpose in life is to care for her sisters. A purpose that continuously washes away who she really is. Shae is the middle Siren and flaunts her differences in any way possible with little to no restraint. It is she that possesses the most grace and charm of the three. Both of which she uses to have a good time as often as possible. Kalina is the youngest sister with a tendency to screw up. Of the three traits cursed upon the Sirens, hers is the most potent and the most dangerous, for she has the greatest song. A song that pulses through her very blood and tests her control with each and every breath. Florence was another stop in their world. Another place to call home for no longer than eight years - if they were lucky. It was never meant to be more than a place to recover from the last fall. But Florence has more in store for the Sirens than they could have possibly foreseen. Once more, Kalina finds herself flirting with disaster when she befriends William James. A human male intent on gaining some form of satisfaction from the enigmatic creature he has found. Inevitably, Kalina finds herself falling for William, and her entire nature changes because of it. But her love is a betrayal in itself. Furious, her sisters are determined to do whatever they must in order to protect themselves. Now Kalina must fight the entire world in order to keep the one man who has become absolutely vital to her own survival.

Surrender of a Siren Tessa Dare, 2009-08-25 New author Tessa Dare takes passion to the high seas in this steamy tale of a runaway bride and a

devilishly disarming privateer. Desperate to escape a loveless marriage and society's constraints, pampered heiress Sophia Hathaway jilts her groom, packs up her paints and sketchbook, and assumes a new identity, posing as a governess to secure passage on the Aphrodite. She wants a life of her own: unsheltered, unconventional, uninhibited. But it's one thing to sketch her most wanton fantasies, and quite another to face the dangerously handsome libertine who would steal both her virtue and her gold. To any well-bred lady, Benedict "Gray" Grayson is trouble in snug-fitting boots. A conscienceless scoundrel who sails the seas for pleasure and profit, Gray lives for conquest—until Sophia's perception and artistry stir his heart. Suddenly he'll brave sharks, fire, storm, and sea just to keep her at his side. She's beautiful, refined, and ripe for seduction. Could this counterfeit governess be a rogue's redemption? Or will the runaway heiress's secrets destroy their only chance at love?

Siren Song Stephen Schwandt, 2004-06-30 JP Griffin buys a small cabin cruiser and plans a carefree summer of boating on the waters surrounding Wisconsin's Door County peninsula, to escape the pain of a failed marriage. He learns the boat he purchased previously was owned by a respected Green Bay cop who had just been killed in a car crash, and learns the boat is full of dark secrets.

Siren's Song Mary Weber, 2016-03-01 "The realization hits: We're not going to win. It's why I couldn't defeat Draewulf in Bron—because this power was never mine anyway. I drop my arms and let the energy die off. And turn around to Face Eogan. After a fierce battle with Draewulf, Nym barely escaped with her life. Now, fleeing the scorched landscape of Tulla, her storm-summoning abilities are returning; only . . . the dark power is still inside her. Broken and bloodied, Nym needs time to recover, but when the full scope of the shapeshifter's horrific plot is revealed, the strong-willed Elemental must race across the Hidden Lands and warn the other kingdoms before Draewulf's final attack. From the crystalline palaces of Cashlin to the legendary Valley of Origin, Nym scrambles to gather an army. But even if she can, will she be able to uncover the secret to defeating Draewulf that has eluded her people for generations? With a legion of monsters approaching, and the Hidden Lands standing on the brink of destruction, the stage is set for a battle that will decide the fate of the world. This time, will the Siren's Song have the power to save it?

Siren Emory Gayle, 2017-11-24 Love isn't the only power that is consuming...Three people. Three pathways. Only love can save them all...Ana has awoken in Cora's body, bound and determined to destroy all that Cora holds most dear. First to go...Darrien. But, something throws a wrench into her plans. Something more dangerous than any foe she has ever faced. Will it be Ana's undoing...or her savior? Cora wakes in Ana's body deep in the

ocean and in the company of two, now, ex-Sirens. The trio become fast friends as their path to see Cora's father leads them on a journey that is both full of love and danger. When their quest turns deadly, Cora is forced to use a power that she still doesn't fully understand. Will Cora's power, and the love for her friends, be enough to stand against one of the most powerful beings on earth? Or will Cora be consumed by a power she can't control? Darrien's heart is breaking as he watches Cora seek the attention of another at camp. But, when a couple of unexpected guests show up, Darrien is given distraction and hope in the most unlikely of ways. In the end, will Darrien see through Ana's charade and mend his broken heart? And if so, will he be able to find Cora before the allies of Oceanus do? Things will never be the same as great powers, mythological creatures, and love like no other are awakened in this stunning next installment of the Water Series!

Siren Song George Dismukes, 2021-08-10 She is the last surviving siren on earth. And she is willing to commit mass murder to keep on surviving. She is the last siren on earth. She has lived for almost two thousand years. But now, she fears for her existence. More and more, sport scuba divers are taking dive trips to The Great Blue Hole of The Caribbean, unaware that “The Hole” is the siren’s lair. She hatches a plan. In her mind, if she can kill everyone aboard a dive boat at The Great Blue Hole, she will create fear of the location, and visitors will stay away. Will it work? Morphed as a beautiful woman, she joins a dive safari group along the Texas coast that is bound for Lighthouse Reef and The Great Blue Hole. She feels that by working ‘from the inside’ she can easily kill every person on board, one at a time. Will her plan work? The main fly in the ointment is none other than a twelve year old boy. Can he stop her murderous fury? If he can’t, everyone aboard the pleasure craft, SIREN SONG, is doomed.

Sound of Sirens Jen Minkman, An ancient land protected by a Tower of Light, its people ever tempted by Siren song, and a girl who falls for the wrong boy. On the island of Skylge, electricity is only for the Currents – the rich ruling class who once came from across the sea and brought the holy fire of St. Brandan to Skylge. Ever since, the light in the Brandaris Tower has protected the islanders. Heeding the Siren's call will drown your body and steal your soul, but the sacred light in the Tower will chase the merfolk away. When Skylger girl Enna welcomes her brother back from a long sea voyage, he gives her a special present from the mainland – an electronic record only playable on a Current device. The problem is that Royce Bolton,

Current heartthrob and the town's most gifted pianist, wants it too. After she stubbornly refuses to sell the LP featuring his favorite artist, he suggests sharing the record by secretly meeting up in his private summer house. Taken aback yet thrilled, Enna agrees – and discovers that there's more than meets the eye when it comes to Current society and the history of Skylge. Why do the Sirens tempt the islanders to give themselves up to the sea? And where does the Currents' monopoly on electricity really come from? While struggling with these questions, Enna begins to fall for Royce, risking everything to be with a guy who is clearly wrong for her. She will learn that the sound of Sirens isn't the most treacherous thing out there to haunt her dreams. keywords: free ebook, free series starter, fantasy, romance, dystopian, young adult, mermaids
