Angels and Demons in Art Rosa Giorgi, 2005 This sumptuously illustrated volume analyzes artists' representations of angels and demons and heaven and hell from the Judeo-Christian tradition and describes how these artistic portrayals evolved over time. As with other books in the Guide to Imagery series, the goal of this volume is to help contemporary art enthusiasts decode the symbolic meanings in the great masterworks of Western Art. The first chapter traces the development of images of the Creation and the Afterworld from descriptions of them in the Scriptures through their evolution in later literary and philosophical works. The following two chapters examine artists' depictions of the two paths that humans may take, the path of evil or the path of salvation, and the punishments or rewards found on each. A chapter on the Judgment Day and the end of the world explores portrayals of the mysterious worlds between life and death and in the afterlife. Finally, the author looks at images of angelic and demonic beings themselves and how they came to be portrayed with the physical attributes--wings, halos, horns, and cloven hooves--with which we are now so familiar. Thoroughly researched by and expert in the field of iconography, *Angels and Demons in Art* will delight readers with an interest in art or religious symbolism.

*The Return of the Mother* Andrew Harvey, 2013-08-20  
Adapted from a series of lectures on the historical basis and current resurgence of the sacred feminine, given by Andrew Harvey at the California Institute of Integral Studies in Spring 1994, *The Return of the Mother* is a profound journey into the heart of the Divine Mother. In this comprehensive and groundbreaking work, mystical scholar Andrew Harvey unearths traces of the sacred

feminine in major world religions—Hinduism, Islam (Sufism), Buddhism, Taoism, and Christianity—and in aboriginal and indigenous wisdom traditions. Harvey presents a scathing critique of the patriarchal distortions in religious history and doctrine that have obscured full knowledge of the Divine Mother, and shows how to reintegrate this vital aspect into the spiritual consciousness of humankind. *The Return of the Mother* offers a radical new perspective, balancing the historical overemphasis on transcendence by honoring the immanence of the divine in passionate engagement in the world. Only by cultivating a direct, respectful relationship with the transformative power of the sacred feminine can we alter our disastrous attitude of dissociation from nature, the body, sexuality, and the details of human life, and generate the energy and compassion needed to reverse the course of destruction we have set the planet—and all of life—hurtling toward. In lively question-and-answer sections, Harvey further illuminates these vital issues and takes a strong stand against our dependence on “gurus” and “masters,” proposing instead an egalitarian model of spiritual community based on intimate groups of mutually supportive guides and friends. *The Return of the Mother* is an eloquent and passionate call for all of us to rediscover and reclaim an authentic and empowering relationship to the divine, and recreate a sacred life-in-the-world.

*Lost Circuses of Ohio* Conrade C. Hinds, 2019-03-18

The nineteenth century was the golden age of the circus in Ohio. Before the Ringling brothers became synonymous with the American circus, Cincinnati's John Robinson and the Sells brothers of Columbus wowed audiences with stunning equestrian feats and aerial exploits. For good measure, the Sells brothers threw in a sharpshooting show with a young Ohio woman by the name of Annie Oakley. The Walter L. Main Circus of Geneva and a number of smaller shows presented their own unique spectacles with exotic animals and daring acrobats. But for all the fun and games, Ohio's circus industry was serious business. As competition intensified, advertising wars erupted and acquisitions began. Eventually, Ringling Brothers swallowed many of these circuses one by one, and they dropped out of memory. Author Conrade C. Hinds brings this fascinating piece of Ohio show business back into the spotlight.

Sounds Like Titanic: A Memoir Jessica Chiccehitto

Hindman, 2019-02-12 A young woman leaves Appalachia for life as a classical musician—or so she thinks. When aspiring violinist Jessica Chiccehitto Hindman lands a job with a professional ensemble in New York City, she imagines she has achieved her lifelong dream. But the ensemble proves to be a sham. When the group “performs,” the microphones are never on. Instead, the

music blares from a CD. The mastermind behind this scheme is a peculiar and mysterious figure known as The Composer, who is gaslighting his audiences with music that sounds suspiciously like the Titanic movie soundtrack. On tour with his chaotic ensemble, Hindman spirals into crises of identity and disillusionment as she “plays” for audiences genuinely moved by the performance, unable to differentiate real from fake. *Sounds Like Titanic* is a surreal, often hilarious coming-of-age story. Hindman writes with precise, candid prose and sharp insight into ambition and gender, especially when it comes to the difficulties young women face in a world that views them as silly, shallow, and stupid. As the story swells to a crescendo, it gives voice to the anxieties and illusions of a generation of women, and reveals the failed promises of a nation that takes comfort in false realities.
