KATIE H. WILLCOX

📖 **SHORT & SKINNY** Mark Tatulli, 2018-10-16 New from syndicated comic strip artist Mark Tatulli comes a full-color middle grade graphic memoir that centers on Mark’s own experience in the summer after seventh grade. As a middle schooler, Mark finds himself on the smaller side of the physical spectrum--being short AND skinny has really wreaked havoc on his confidence. So to end his bullying woes and get the girl--or at least the confidence to talk to the girl--he starts to explore bulking up by way of the miracle cures in the backs of his comics. But his obsession with beefing up is soon derailed by a new obsession: Star Wars, the hottest thing to hit the summer of 1977. As he explores his creative outlets as well as his cures to body image woes, Mark sets out to make his own stamp on the film that he loves. Mark Tatulli’s graphic memoir debut is a humorous and heartfelt take on body-image, finding a creative outlet, and spending a summer in the 70’s.

A phenomenon was born. Now, Lyssa teaches her secrets to you. In The Skinny Jeans Diet, she offers real life strategies, real nutrition knowledge, real food (from regular supermarkets), realistic diet tips and tricks, and a realistic three-part program that can be individually tailored to your needs. Whether you’re shopping, cooking, eating out, or traveling, The Skinny Jeans Diet will become your essential companion. Skinny tells Ever all the dark thoughts her classmates have about her. Ever knows she weighs over three hundred pounds, knows she’ll probably never be loved, and Skinny makes sure she never forgets it. But there is another voice: Ever’s singing voice, which is beautiful but has been silenced by Skinny. Partly in the hopes of trying out for the school musical - and partly to try and save her own life - Ever decides to undergo a risky surgery that may help her lose weight and start over. With the support of her best friend, Ever begins the uphill battle toward change. But demons, she finds, are not so easy to shake, not even as she sheds pounds. Because Skinny is still around. And Ever will have to confront that voice before she can truly find her own. Donna Cooner brings warmth, wit, and startling insight to this unforgettable debut.

📖 **THE SCIENCE OF SKINNY** Dee McCaffrey, 2012-07-03 With scientific research, her own chemistry background, and the traditional diets of our not-so-distant ancestors as her guide, Dee McCaffrey casts new light on an age-old wisdom: Eating foods in their closest-to-natural form is the true path to sustained weight loss and, in fact, the remedy for almost any health problem. We are so far removed from foods in their natural state that we now call them health foods, a sad admission that we’ve compromised our health for the sake of convenience. The Science of Skinny aims to create a space for change -- to educate and enlighten readers on the value of proper nutrition so that they can find a healthier and more life-affirming relationship with their bodies and the food they eat. Offering serial dieters a healthy and lifelong way to shed pounds -- and keep them off -- The Science of Skinny includes: kick-start plans; guidelines for family- and kid-friendly meals; quick and delicious menus and more than 50 recipes; shopping lists and eating-on-the-go tips; easy fitness routines; and more.

📖 **HEALTHY IS THE NEW SKINNY** Katie H. Willcox, 2017-01-17 We live in a world where beauty is everything. Society tells us that if we just looked a certain way, if we had the right products, if we were skinny enough, then we would be enough—we would have value. Society is wrong, but it took Katie H. Willcox years to understand this: Over the course of my 30 short years, I have both worked as a professional model and been the exact opposite of our culture’s beauty ideal. I have struggled with my weight and felt like I didn’t and never would fit in. Then I had a powerful realization: my misery and self-loathing didn’t change with my weight or how ‘pretty’ society thought I was, so my looks weren’t the source of happiness and worth that I had believed them to be. But then, what was? And how had I come to invest so much of myself in beliefs that were so untrue? In these pages, Katie shares the lessons she learned in her journey to find the answers to these questions. She reveals who gains from our feeling small and why we need to examine the messages we receive from our culture and our families. She explains how we can redefine beauty, make healthy the new skinny, and harness the power of our thoughts to choose self-love. Katie encourages us to discover our true magnificent selves, find our purpose, and pursue our dreams—and help others to do the same. Join the movement!
