

# Slang

**John Camden Hotten**

**The Slang Dictionary: Etymological, Historical, and Anecdotal** John Camden Hotten,1874

**The Life of Slang** Julie Coleman,2012-03-08 Bad-ass, bee's knees, and bomb-diffity - slang rules Teachers, politicians, broadcasters, and parents complain of the slang-infested language of today's teenagers. But slang has been around for centuries, always troubling those who take a purist line on the English language. In this entertaining book, Julie Coleman traces the development of slang across the English-speaking world and explores why and how it flourishes. She makes use of a marvellous array of sources, including newly available online records of the Old Bailey, machine-searchable historical newspaper collections, slang users themselves, scholarly works, and the latest tweets. It is a book guaranteed to teach you some new words that you should never use in polite company.

**Slang** Paul Dickson,2010-09-01 Whether you want to be privy to the inside banter of the boardroom, backroom or the Washington Beltway, Slang is an indispensable resource, and a lot of fun. Slang is evidence that the spoken language is continually changing to meet new needs for verbal expressions, tailored to changing realities and perceptions. Unlike most slang dictionaries that list entries alphabetically, Slang takes on modern American English one topic at a time, from auctioneese to computerese, the drug trade and sports slang. Slang was originally published by Pocket Books in 1990 in paperback and revised in 1998 in hardcover and paperback. The new Slang has 50% new material, including new chapters on slang associated with work cubicles, gaming, hip hop, and coffeehouses. Dickson brings slang into the twenty-first century with such blogger slang as TMPMITW, which stands for the most powerful man in the world (the president). Whether you want to be privy to the inside banter of the boardroom, backroom or the Washington Beltway, Slang is an indispensable resource, and a lot of fun.

**Slang** Jonathon Green,2016 In this Very Short Introduction Jonathon Green asks what words qualify as slang, and whether slang should be acknowledged as a language in its own right. Looking forward, he considers what the digital revolution means for the future of slang.--Cover flap.

**The Slang Dictionary** John Camden Hotten,1872

**Cassell's Dictionary of Slang** Jonathon Green,2005 With its unparalleled coverage of English slang of all types (from 18th-century cant to contemporary gay slang), and its uncluttered editorial apparatus, Cassell's Dictionary of Slang was warmly received when its first edition appeared in 1998. 'Brilliant.' said Mark Lawson on BBC2's The Late Review; 'This is a terrific piece of work - learned, entertaining, funny, stimulating' said Jonathan Meades in The Evening Standard. But now the world's best single-volume dictionary of English slang is about to get even better. Jonathon Green has spent the last seven years on a vast project: to research in depth the English slang vocabulary and to hunt down and record written instances of the use of as many slang words as possible. This has entailed trawling through more than 4000 books - plus song lyrics, TV and movie scripts, and many newspapers and magazines - for relevant material. The research has thrown up some fascinating results

**Dictionary of American Slang** Barbara Ann Kipfer,Robert L. Chapman,2010-10-19 The fourth edition of this authoritative reference offers clear definitions for the slang words and idioms used in everyday American conversation. First published in 1960, this newly updated edition of Dictionary of American Slang traces the language of today back to its American roots. With thousands of entries ranging from the widely accepted to the taboo and obscure, slang words are explained in terms of definition, usage, and historical etymology. As language continues to evolve at an ever-increasing rate, Dictionary of American Slang offers an essential guide to the terms that are here to stay—as well as those that might otherwise be forgotten.

**A Dictionary of Slang, Jargon & Cant** Albert Barrère,Charles Godfrey Leland,1890

**The New Partridge Dictionary of Slang and Unconventional English: A-I** Eric Partridge,2006 First published in 2005. Routledge is an imprint of Taylor & Francis, an informa company.

**The Routledge Dictionary of Modern American Slang and Unconventional English** Tom Dalzell,2018-05-11 The Routledge Dictionary of Modern American Slang offers the ultimate record of modern, post WW2 American Slang. The 25,000 entries are accompanied by citations that

authenticate the words as well as offer examples of usage from popular literature, newspapers, magazines, movies, television shows, musical lyrics, and Internet user groups. Etymology, cultural context, country of origin and the date the word was first used are also provided. In terms of content, the cultural transformations since 1945 are astounding. Television, computers, drugs, music, unpopular wars, youth movements, changing racial sensitivities and attitudes towards sex and sexuality are all substantial factors that have shaped culture and language. This new edition includes over 500 new headwords collected with citations from the last five years, a period of immense change in the English language, as well as revised existing entries with new dating and citations. No term is excluded on the grounds that it might be considered offensive as a racial, ethnic, religious, sexual or any kind of slur. This dictionary contains many entries and citations that will, and should, offend. Rich, scholarly and informative, *The Routledge Dictionary of Modern American Slang and Unconventional English* is an indispensable resource for language researchers, lexicographers and translators.

Berkeley High School Slang Dictionary Rick Ayers, 2004 Containing a striking array of words the students of Berkeley High have identified as part of the cultural and linguistic fabric of spoken English, this volume is more than a list of new slang terms; it's also an exciting look at how different cultures and communities reclaim their language in creative ways.

**The New Partridge Dictionary of Slang and Unconventional English** Tom Dalzell, Terry Victor, 2015-06-26 Booklist Top of the List Reference Source The heir and successor to Eric Partridge's brilliant magnum opus, *The Dictionary of Slang and Unconventional English*, this two-volume *New Partridge Dictionary of Slang and Unconventional English* is the definitive record of post WWII slang. Containing over 60,000 entries, this new edition of the authoritative work on slang details the slang and unconventional English of the English-speaking world since 1945, and through the first decade of the new millennium, with the same thorough, intense, and lively scholarship that characterized Partridge's own work. Unique, exciting and, at times, hilariously shocking, key features include: unprecedented coverage of World English, with equal prominence given to American and British English slang, and entries included from Australia, New Zealand, Canada, India, South Africa, Ireland, and the Caribbean emphasis on post-World War II slang and unconventional English published sources given for each entry, often including an early or significant example of the term's use in print. hundreds of thousands of citations from popular literature, newspapers, magazines, movies, and songs illustrating usage of the headwords dating information for each headword in the tradition of Partridge, commentary on the term's origins and meaning New to this edition: A new preface noting slang trends of the last five years Over 1,000 new entries from the US, UK and Australia New terms from the language of social networking Many entries now revised to include new dating, new citations from written sources and new glosses *The New Partridge Dictionary of Slang and Unconventional English* is a spectacular resource infused with humour and learning – it's rude, it's delightful, and it's a prize for anyone with a love of language.

*Dictionary of Contemporary Slang* Tony Thorne, 2009-01-01 With more than 7,000 definitions, this book provides a definitive guide to the use of slang today. It deals with drugs, sport and contemporary society, as well as favourite slang topics such as sex and bodily functions. In this convenient paperback edition of the highly acclaimed *Dictionary of Contemporary Slang*, language and culture expert Tony Thorne explores the ever-changing underworld of the English language, bringing back intriguing examples of eccentricity and irreverence from the linguistic front-line. Thorne is a kind of slang detective, going down the streets where other lexicographers fear to tread. Daily Telegraph

**McGraw-Hill's Dictionary of American Slang and Colloquial Expressions** Richard A. Spears, 2005-10-14 More bling for the buck! The #1 guide to American slang is now bigger, more up-to-date, and easier to use This new edition of McGraw-Hill's *Dictionary of American Slang and Colloquial Expressions* offers complete definitions of more than 12,000 slang and informal expressions from various sources, ranging from golden oldies such as . . . golden oldie, to recent coinages like shizzle (gangsta), jonx (Wall Street), and ping (the Internet). Each entry is followed by examples illustrating how an expression is used in everyday conversation and, where necessary, International

Phonetic Alphabet pronunciations are given, as well as cautionary notes for crude, inflammatory, or taboo expressions. This edition also features a fascinating introduction on "What is Slang?," a Thematic Index that cross-references expressions by standard terms--such as Angry, Drunk, Food, Good-bye, Mess-up, Money, and Stupidity--and a Hidden Word Index that lets you identify and locate even partially remembered expressions and phrases.

**NTC's Dictionary of American Slang and Colloquial Expressions** Richard Spears, 2000-02-01 The revised and updated third edition of this comprehensive slang dictionary has more than 800 new expressions. Realistic example sentences--provided for each sense of every entry--show how expressions are used in current, everyday American English. Pronunciations and cautionary notes are provided as needed, and a Phrase-Finder Index helps users locate entries quickly.

*Oxford Dictionary of Modern Slang* John Ayto, John Simpson, 2010-02-11 Offering coverage of over 6,000 slang words and expressions from the Cockney 'abaht' to the American term 'zowie', this is the most authoritative dictionary of slang from the 20th and 21st centuries.

*Slang* Eric Partridge, 2015-04-17 First published in 1933, this book explores both contemporary and historical slang, focusing on the characteristics and quirks of the English and American languages. As well as looking at commonly used slang, there are sections that give the reader insight into more unusual areas such as Cockney slang, slang in journalism and slang in commerce, as well as slang used by sailors, the law and the church. The book will be of interest to scholars and the general readers who take an interest in language.

A Dictionary of Slang, Jargon & Cant Albert Barrère, Charles Godfrey Leland, 1889

**Slang** Michael Adams, 2012-09-01 Slang, writes Michael Adams, is poetry on the down low, and sometimes lowdown poetry on the down low, but rarely, if ever, merely lowdown. It is the poetry of everyday speech, the people's poetry, and it deserves attention as language playing on the cusp of art. In *Slang: The People's Poetry*, Adams covers this perennially interesting subject in a serious but highly engaging way, illuminating the fundamental question What is Slang and defending slang--and all forms of nonstandard English--as integral parts of the American language. Why is an expression like bed head lost in a lexical limbo, found neither in slang nor standard dictionaries? Why are snowboarding terms such as fakie, goofy foot, ollie and nollie not considered slang? As he addresses these and other lexical curiosities, Adams reveals that slang is used in part to define groups, distinguishing those who are down with it from those who are out of it. Slang is also a rebellion against the mainstream. It often irritates those who color within the lines--indeed, slang is meant to irritate, sometimes even to shock. But slang is also inventive language, both fun to make and fun to use. Rather than complain about slang as bad language, Adams urges us to celebrate slang's playful resistance to the commonplace and to see it as the expression of an innate human capacity, not only for language, but for poetry.

*Slang and Euphemism* Richard A. Spears, 2001 A lexicon of improper English From slang terminology describing various bodily functions and sexual acts, to the centuries-old cant of thieves and prostitutes, to the language of the modern drug culture, here are 14, 500 entries and 32, 000 definitions of all the words and expressions so carefully omitted from standard dictionaries and polite conversation. Extensively cross-referenced for easy access, this third abridged edition contains almost 300 new entries and definitions. So whether you're a writer seeking to create a more authentic dialogue, a crossword-puzzle addict in search of an obscure eighteenth-century expression, or a reader interested in the more colorful aspects of the English language, you'll find that a wealth of words awaits you in... *Slang and Euphemism*

## **Slang Book Review: Unveiling the Magic of Language**

In an electronic era where connections and knowledge reign supreme, the enchanting power of language has been more apparent than ever. Its capability to stir emotions, provoke thought, and instigate transformation is really remarkable. This extraordinary book, aptly titled "**Slang**," compiled
