Help! We Have Strange Powers! (Goosebumps HorrorLand #10) R. L. Stine,2015-02-24 Goosebumps now on Disney+! Jillian and Jackson freak out when they suddenly can read people's thoughts. But the trick turns to terror when the twins are stalked by a strange scientist who wants to know exactly what's on their minds. Will the twins ever lead normal lives again? Not in HorrorLand they won't. There are free meals, free games, and free falls down the Doom Slide. Someone's watching their every step. But is she friend or foe?

Architects' Data Ernst Neufert,2023-10-09 Architects' Data An indispensable tool for the initial stages of designing and planning a building project This new edition of the classic bestselling text provides, in one concise volume, the essential information needed as the basis for the more detailed design and development of any building project. Organized largely by building type, it covers the planning criteria and considerations of function and location—and with over 6200 diagrams, it provides a mass of data on spatial requirements. Most of the featured illustrations are dimensioned and each building type includes plans, sections, site layouts and design details. The book also includes an extensive bibliography and detailed set of metric/imperial conversion tables. Architects' Data, 6th Edition??starts with the basics of designing for a new building project, before moving on to covering everything an architect needs to know. It also looks at the design styles and specifications for creating different types of structures, such as those made for residential, commercial, religious, cultural, sports, medical and other types of occupation. Sixth??English edition of the classic, international reference for architects Covers user requirements, planning criteria, basic dimensions, and considerations of function and siting Includes numerous examples and over 6200 illustrations and tables New in the Sixth Edition: Updated sections on lighting, stairs and lifts, energy performance certificates and fire protection New sections on electric charging stations, beekeeping and newsrooms, and tiny houses Additional sections on sustainable building materials added to relevant chapters Architects' Data??is an excellent resource for architects, building surveyors, space planners, and design and building contractors everywhere.

Til Death Do Us Part C. Dale Baldwin,2018-03-17 Resheda-Rae Alexandria Mona and Clyde Ramon Muscat are newlyweds living a very successful, lavish, and lucrative lifestyle in New York City. They love the lifestyle that New York offers, as the couple enjoys the high life. Working hard and playing hard, their marriage is exciting and new. They say their vows in Manhattan and honeymoon in Hawaii. They purchase a home and open a bar in the City that they name Tempo NYC! And they also vacation in the Hamptons in the summer with friends. Clyde is a successful and esteemed banker who relishes spending and investing his money. He heads one of Manhattan's largest financial institutions, and as president of operations he makes the decisions. Well-salaried Clyde has always been enamored with money; he loves money so much that he even wallpapers his office with it. So when a big offer comes his way for an easy payday, he cannot miss out on a chance to have more. Unbeknownst to Clyde, Resheda-Rae is a CIA special agent. She covers her career as a special agent by working as a broker of her own real estate firm and a professional home decorator. She cannot disclose her status to Clyde for his safety. Their love is new and affectionate as they live life fast and free ... until he comes under her scope. Then she must deal with the pain of bringing him to justice and possibly losing the love of her life. Their marriage will indeed last Til Death Do Us Part.

Recasting America Lary May,1989-01-09 The freshness of the authors' approaches . . . is salutary. . . . The collection is stimulating and valuable.—Joan Shelley Rubin, *Journal of American History*

Make Room for TV Lynn Spigel,2013-11-26 Between 1948 and 1955, nearly two-thirds of all American families bought a television set—and a revolution in social life and popular culture was launched. In this fascinating book, Lynn Spigel chronicles the enormous impact of television in the formative years of the new medium: how, over the course of a single decade, television became an intimate part of everyday life. What did Americans expect from it? What effects did the new daily ritual of watching television have on children? Was television welcomed as an unprecedented window on the world, or as a one-eyed monster that would disrupt households and corrupt children? Drawing on an ambitious array of unconventional sources, from sitcom scripts to articles and advertisements in women's magazines, Spigel offers the fullest available account of the popular response to television in the postwar years. She chronicles the role of television as a focus for evolving debates on issues ranging from the ideal of the perfect family and changes in women's role within the household to new uses of domestic space. The arrival of television did more than turn the living room into a private theater: it offered a national stage on which to play out and resolve conflicts about the way Americans should live. Spigel chronicles this lively and contentious debate as it took place in the popular media. Of particular interest is her treatment of the way in which the phenomenon of television itself was constantly deliberated—from how programs should be watched to where the set was placed to whether Mom, Dad, or kids should control the dial. Make Room for TV combines a powerful analysis of the growth of electronic culture with a nuanced social history of family life in postwar America, offering a provocative glimpse of the way television became the mirror of so many of America's hopes and fears and dreams.
