King of the Slots Jack Harpster, 2010-05-05 This book offers the first full-length biography of the man often described as one of the most influential and innovative people in the gaming industry over the past 50 years. *King of the Slots: William Si Redd* relates the fascinating, only-in-America success story of one man's improbable rise from the depths of poverty to the heights of international commerce and dazzling wealth. William Silas Si Redd is recognized as one of the most important and influential persons in the gaming industry over the past half century. The company he founded, International Game Technology

(IGT), is the world leader in the manufacture of gaming equipment and gaming software features. His video poker is the most popular slot machine since the original debuted in 1899. King of the Slots covers the life (1911-2003) and rags-to-riches story of the man who changed the face of the casino gaming industry. Both a business book and a biography, it introduces readers to the nation's leading gaming centers, Apollo-era technology and how it changed gambling, and the race to perfect the first video poker game. It also gives them a chance to meet the characters with whom Redd rubbed shoulders, including Howard Hughes, Mafia capo Raymond Patriarca, Arizona cowboy and pig farmer Jimmie Hughes, gaming legend Bill Harrah, and casino visionary Jay Sarno.

**Indians in the United States and Canada** Roger L. Nichols,2018-09 Drawing on a vast array of primary and secondary sources, Roger L. Nichols traces the changing relationships between Native peoples and whites in the United States and Canada from colonial times to the present. Dividing this history into five stages, beginning with Native supremacy over European settlers and concluding with Native peoples' political, economic, and cultural resurgence, Nichols carefully compares and contrasts the effects of each stage on Native populations in the United States and Canada. This second edition includes new chapters on major transformations from 1945 to the present, focusing on social issues such as transracial adoption of Native children, the uses of national and international media to gain public awareness, and demands for increasing respect for tribal religious practices, burial sites, and historic and funerary remains.
