The Magic Behind the Voices Tim Lawson, Alisa Persons, 2009-09-28 The Magic Behind the Voices is a fascinating package of biographies, anecdotes, credit listings, and photographs of the actors who have created the unmistakable voices for some of the most popular and enduring animated characters of all time. Drawn from dozens of personal interviews, the book features a unique look at thirty-nine of the hidden artists of show business. Often as amusing as the characters they portray, voice actors are charming, resilient people—many from humble beginnings—who have led colorful lives in pursuit of success. Beavis and Butt-head and King of the Hill's Mike Judge was an engineer for a weapons contractor turned self-taught animator and voice actor. Nancy Cartwright (the voice of Bart Simpson) was a small-town Ohio girl who became the star protégé of Daws Butler—most famous for Yogi Bear, Huckleberry Hound, and Quick Draw McGraw. Mickey Mouse (Wayne Allwine) and Minnie Mouse (Russi Taylor) were a real-life husband-and-wife team. Spanning many studios and production companies, this book captures the spirit of fun that bubbles from those who create the voices of favorite animated characters. In the earliest days of cartoons, voice actors were seldom credited for their work. A little more than a decade ago, even the Screen Actors Guild did not consider voice actors to be real actors, and the only voice actor known to the general public was Mel Blanc. Now, Oscar-winning celebrities clamor to guest star on animated television shows and features. Despite the

crushing turnouts at signings for shows such as Animaniacs, The Simpsons, and SpongeBob Squarepants, most voice actors continue to work in relative anonymity. The Magic Behind the Voices features personal interviews and concise biographical details, parting the curtain to reveal creators of many of the most beloved cartoon voices.

**The Crusader Strategy** Steve Tibble,2020-08-04 A new look at the crusaders, which shows how they pursued long-term plans and clear strategic goals Medieval states, and particularly crusader societies, often have been considered brutish and culturally isolated. It seems unlikely that they could develop strategy in any meaningful sense. However, the crusaders were actually highly organized in their thinking and their decision making was rarely random. In this lively account, Steve Tibble draws on a rich array of primary sources to reassess events on the ground and patterns of behavior over time. He shows how, from aggressive castle building to implementing a

series of invasions of Egypt, crusader leaders tenaciously pursued long-term plans and devoted single-minded attention to clear strategic goals. Crusader states were permanently on the brink of destruction; resources were scarce and the penalties for failure severe. Intuitive strategic thinking, Tibble argues, was a necessity, not a luxury.

He forges a friendship with US Senator Hank Tupper, who has aspirations for the Presidency. Haugen uses his TV show as a platform to preach tough talk on American culture. Tupper offers him a position as Drug Czar during his campaign for the White House with a promise that he can run his department as he sees fit. After some soul searching with his family, Haugen accepts Tupper's offer. When the incumbent, Gerald Ashtor implements a policy to reduce the mass incarceration of minorities, he is ripped by Haugen for putting citizens in danger. A prisoner is released under the program and soon after kills the witness that sent him to prison and, it becomes a flashpoint for the election. Jim Bach, Tupper's campaign manager is no fan of Haugen. After Tupper wins the White House, Bach is appointed as chief of staff and his first goal is

to get rid of Haugen as Drug Czar. He conspires with a liberal TV host, Tom Kelsey, by leaking embarrassing stories to undermine Haugen. This conflict forces Tupper to choose sides between Bach and Haugen. When Haugen holds The President to his campaign promise; he gets a surprising response.
