**Slovenian Vocabulary Book** Pinhok Languages,2022-05-01 Slovenian vocabulary book + Slovenian dictionary This Slovenian vocabulary book contains more than 3000 words and phrases which are grouped by topic to make it easier for you to pick what to learn first. On top of that, the index in the second half of the book provides you with a basic Slovenian-English as well as English-Slovenian dictionary which makes this a great resource for learners of all levels. What you can expect from this book: This Slovenian learning resource is a combination of Slovenian vocabulary book and a two-way basic Slovenian dictionary: Part 1 - Topic based Slovenian vocabulary book: This is the main part of the book and represents a list of chapters each containing Slovenian vocabularies for a certain topic. The Slovenian vocabularies in the chapters are unsorted on purpose to separate remembering them from a defined alphabetical order. You can start at any chapter and dive directly into the topics that interest you the most. Part 2 - Basic English-Slovenian dictionary: The index in the second half of the book can be used as a basic Slovenian dictionary to look up words you have learned but can't remember or learn new words you need. Part 3 - Basic Slovenian-English dictionary: Easy to use and with just the right amount of words, this third part finishes off with a second index that allows you to look for Slovenian words and directly find the English translation How to use this Slovenian vocabulary book: Not sure where to start? We suggest you first work your way through the verbs, adjectives and phrases chapters in part one of the book. This will give you a great base for further studying and already enough vocabulary for basic communication. The Slovenian dictionaries in part two and three can be used whenever needed to look up words you hear on the street, English words you want to know the Slovenian translation for or simply to learn some new words. Some final thoughts: Vocabulary books have been around for centuries and as with so many things that have been around for some time, they are not very fashionable and a bit boring, but they usually work very well. Together with the basic Slovenian dictionary parts, this vocabulary book is a great resource to support you throughout the process of learning Slovenian and comes in particularly handy at times when there is no internet to look up words and phrases.

**Slovene Dictionary & Phrasebook** Nina Snoj,2005 The dictionary & phrasebook series now offers 67 languages! Each book comprises an introduction to the language, an alphabet and pronunciation guide, a basic grammar, a two-way dictionary, and a phrasebook. The grammar section presents the language's main features, such as verbs, nouns, adjectives, gender and declension. Easy-to-follow explanations enable users to have simple conversations with native speakers. Since Slovenia, situated between Italy and Croatia on the sunny side of the Alps, gained independence in 1991, it has become a popular travel destination for those who enjoy its verdant hills, lush forests, and rugged mountains. This Dictionary & Phrasebook is designed to bridge the communication gap between western travelers and Slovenes. The bilingual dictionary incorporates basic vocabulary terms as well as Slovene slang, while the travel-oriented phrasebook includes cultural information, such as an overview of the national cuisine and a special chapter for business travel. The book also has a pronunciation guide with an introduction to Slovene phonetics, as well as a concise grammar.

English-Slovenian Learner's Dictionary (Arranged by Themes, Elementary - Pre-Intermediate Levels) Multi Linguis,2024-01-03 Multi Linguis offers you a frequency-thematic dictionary of the Slovenian language. It includes up to 3'000 essential lemmas belonging to the levels from Elementary to Pre-Intermediate. The entries are divided into 300 vocabulary themes as well as 2 importance levels. They are arranged by themes, not by the alphabet. The book is intended to help you learn this language or revise your vocabulary in a thematic way, but can also be applied for translating or entertaining. You may use it separately or as an additional tool for any suited educational course. You can find full version of this and other dictionaries of the Slovenian language on <https://multilinguis.com/languages/slovenian-l/>.

**Learn Slovenian - Quick / Easy / Efficient** Pinhok Languages,2022-05-01 A curated Slovenian word frequency list Are you looking for unconventional ways to speed up the process of learning Slovenian? Then this book is exactly what you are looking for. Following the Pareto principle (80/20 rule), this book is built to streamline the learning process by concentrating on the core words and sentence structures that make up everyday conversations. The result is a unique vocabulary book with 2000 of the most important Slovenian words and phrases ordered by their frequency of use. Who this Slovenian learning book is for: This book is for beginners and intermediate learners of Slovenian who are self-motivated and willing to spend 15 to 20 minutes a day on learning vocabularies. The simple structure of this vocabulary book is the result of taking all unnecessary things out allowing the learning effort to solely be spent on the parts that help you make the biggest progress in the shortest amount of time. If you are willing to put in 20 minutes of learning every day, this book is very likely the single best investment you can make if you are at a beginner or intermediate level. You will be amazed at the speed of progress within a matter of just weeks of daily practice. Who this Slovenian frequency list is not for: This book is not for you if you are an advanced learner of Slovenian. In this case, please go to our website or search for our Slovenian vocabulary book which comes with more vocabularies and is grouped by topic which is ideal for advanced learners who want to improve their language capabilities in certain fields. Furthermore, if you are looking for an all in one Slovenian learning book that guides you through the various steps of learning Slovenian, this book is most likely also not what you are looking for. This book contains vocabularies only and we expect buyers to learn things like grammar and pronunciation either from other sources or through language courses. The strength of this book is its focus on quick acquisition of core vocabularies which comes at the expense of information many people might expect in a conventional language learning book. Please be aware of this when making the purchase. How to use this Slovenian workbook: This book is ideally used on a daily basis, reviewing a set number of pages in each session. The book is split into sections of 50 vocabularies which allows you to step by step progress through the book. Let's for example say you are currently reviewing vocabularies 101 to 200. Once you know vocabularies 101 to 150 very well, you can start learning vocabularies 201 to 250 and on the next day skip 101-150 and continue reviewing vocabularies 151 to 250. This way, step by step, you will work your way through the book and your language skills will jump with each page you master. Some final thoughts: Like many language hacking methods, this book is quite unconventional in its approach, but for a driven person that uses it correctly it can significantly speed up the learning process. Vocabulary books have been around for centuries and as with so many things that have been around for some time, they are not very fashionable and a bit boring, but they usually work quite well – and that is what counts in the end.
