**Farkle Score Sheets** Anthony S.N.,2021-02-08 Farkle is a fun, easy game to play with friends and family! The game has stood the test of time, from popularity in 14th century Iceland, played throughout the Shakespearian era and on French Sailing ships in the 1600s. The game has been appraised for its simplicity, requiring only six dice and a tracking board. The result: a ton of fun! Dice game is one of the oldest games known to mankind. Archeologists believe that as early as 5000 years ago, dice game was played using fragments of real animal bones that were thrown to the ground and read from their arrangement. The ancient Greeks and Romans also knew the game of dice. For the wealthiest, special dices were created from precious stones and even gold. Today it's almost impossible to count all the variations of dice games. One thing is for sure... the widely understood dice game is very popular all over the world, and one of the most liked and popular game varieties is called Farkle. Millions of people in the United States and around the world every day cultivate this great game where not only happiness is important but also the right strategy. It's probably a big part of the strategy combined with a game based on luck that makes Farkle so popular. It doesn't matter if you haven't played dice before, or you know Farkle or play it regularly. Our Farkle Score Sheets is designed to suit you. What makes this Scorebook so good? Clear & Sharp Printing: 130 readable and well-made scorecards Rules of the game: a detailed description of the rules and scoring means that, even if you have never played Farkle, you will certainly have no problems enjoying the game Score Guideline on each score sheet Eco - our results book is designed with the environment in mind. Scorecards are located on both sides of each page, thanks to which we were able to reduce the number of pages used by half without affecting the player's comfort! The scorecards are designed so that one card can be used to record scores for 7 players or each participant can get their own scorecard, making it enough for 7 games... nice

flexibility, right? Each scorecard is enough for 20 game rounds! Examples of different game variations The cards are not perforated but you can easily cut them out if you want or leave them in a notebook to analyze your games in the future Need a large scorecard for your own comfort? Or maybe you are more interested in the smaller size you can take on a trip? No problem!
