Card Games for Smart Kids Margie Golick,1998 Card games are great fun--and learning new games can magically enhance kids' skills! To play a game, children must master rules, develop mental strategies to compete successfully, understand the objectives, evaluate their own (and their opponents') strengths and weaknesses, learn routine procedures and probabilities, keep track of the goings-on, and make long-range plans. Plus, games force them to respond quickly and to deal socially with others. Try out activities that stress language skills and reading, number concepts, and divergent thinking.

Preschool Workbook Number Tracing Amanda Clever,2020-05-07 Number writing made easy! It's wise to introduce children to the world of numbers gradually, even before they start school. In fact, many elementary school teachers assume your child will already have basic familiarity with numbers by the

first grade. Thus, being able to read, write, and count the numbers from 0-30 is a tremendous advantage. The path to educational success begins in the early years, so encouragement early on is always a good idea. This numbers workbook will help make your child well-prepared for school. Although it isn't overly challenging, it helps your child learn to count and write the numbers from 0-30. For optimal learning success, directional arrows and dotted lines at the beginning of each number help your child easily trace and connect the numbers. There is also plenty of space to practice writing the numbers they learn. In addition, there are 20 bonus pages devoted to counting practice. Details at a glance: Learning the numbers 0-30 at a child's level The perfect preparation for preschool and elementary school Directional arrows and dotted lines help your child properly guide their pencil Every number has a sweet illustration for counting 20 bonus pages for practicing numbers and counting Perfect for children ages 4+ The perfect gift for preschoolers and children just starting school Make learning fun!
