Looking-Glass Wars: Spies on British Screens since 1960 Alan Burton, 2018-01-31

Looking-Glass Wars: Spies on British Screens since 1960 is a detailed historical and critical overview of espionage in British film and television in the important period since 1960. From that date, the British spy screen was transformed under the influence of the tremendous success of James Bond in the cinema (the spy thriller), and of the new-style spy writing of John le Carré and Len Deighton (the espionage story). In the 1960s, there developed a popular cycle of spy thrillers in the cinema and on television. The new study looks in detail at the cycle which in previous work has been largely neglected in favour of the James Bond films. The study also brings new attention to espionage on British television and popular secret agent series such as *Spy Trap*, *Quiller* and *The Sandbaggers*. It also gives attention to the more 'realistic' representation of spying in the film and television adaptations of le Carré and Deighton, and other dramas with a more serious intent. In addition, there is wholly original attention given to 'nostalgic' spy fictions on screen, adaptations of classic stories of espionage which were popular in the late 1970s and through the 1980s, and to 'historical' spy fiction, dramas which treated 'real' cases of espionage and their characters, most notably the notorious Cambridge Spies. Detailed attention is also given to the 'secret state' thriller, a cycle of paranoid screen dramas in the 1980s which portrayed the intelligence services in a conspiratorial light, best understood as a reaction to excessive official secrecy and anxieties about an unregulated security service. The study is brought up-to-date with an examination of screen espionage in Britain since the end of the Cold War. The approach is empirical and historical. The study examines the production and reception, literary and historical contexts of the films and dramas. It is the first detailed overview of

the British spy screen in its crucial period since the 1960s and provides fresh attention to spy films, series and serials never previously considered.

The Terminal Spy Alan S. Cowell, 2008-08-05 “A story that is at once a real-life thriller and an immensely sinister cautionary tale about the new Russia.”—Star Tribune In this breathtaking true crime narrative, an award-winning journalist exposes the troubling truth behind the world’s first act of nuclear terrorism. On November 1, 2006, Alexander Litvinenko sipped tea in London’s Millennium Hotel. Hours later, the Russian émigré and former intelligence officer, who was sharply critical of Russian president Vladimir Putin, fell ill and within days was rushed to the hospital. Fatally poisoned by a rare radioactive isotope slipped into his drink, Litvinenko issued a dramatic deathbed statement accusing Putin himself of engineering his murder. Who was Alexander Litvinenko? What had happened in Russia since the end of the Cold War to make his life there untenable? And how did he really die? The life of Alexander Litvinenko culminated in an event that rang alarm bells among Western governments at the ease with which radioactive materials were deployed in a major Western capital to commit a unique crime. It also evoked a wide range of other issues: Russia’s lurch to authoritarianism, the return of the KGB to the Kremlin, the perils of a new Cold War driven by the oil riches of Russia and Vladimir Putin’s thirst for power. Alan S. Cowell, former London Bureau Chief of the New York Times, has written the definitive story of this assassination and the profound

international implications of this first act of nuclear terrorism. A masterful work of investigative reporting, *The Terminal Spy* offers unprecedented insight into one of the most chilling true stories of our time.

The Literary Spy Charles E. Lathrop, 2008-10-01 *div* *The Literary Spy* provides a unique view of the intelligence world through the words of its own major figures (and those fascinated with them) from ancient times to the present. CIA speechwriter and analyst Charles E. Lathrop has compiled and annotated more than 3,000 quotations from such disparate sources as the Bible, spy novels and movies, Shakespeare's plays, declassified CIA documents, memoirs, TV talk shows, and speeches from U.S. and foreign leaders and officials. Arranged in thematic categories with opening commentary for each section, the quotations speak for themselves. Together they serve both to illuminate a world famous for its secrets and deceptions and to show the extent to which intelligence has manifested itself in literature and in life. Engaging, informative, and often irreverent, *The Literary Spy* is an exceedingly satisfying book—one that meets the needs of the serious researcher just as ably as those of the armchair spy in pursuit of an evening's entertainment. /DIV
