Soap Opera Super Couples Henrietta Roos, 2016-11-10 A television genre best known for romantic storytelling, daytime soap operas have for decades spun tales of couples embroiled in passion, lust and adventure. Yet it was not until the early 1980s that star-crossed lovers became standard and the term “super couple” was coined by the media, marking a new era of experimentation and growth in daytime soaps. This book documents the phenomenon, tracing its history, legacy and impact on the soap opera industry and on popular culture at large.

The Soap Opera Paradigm James H. Wittebols, 2004 The Soap Opera Paradigm is an engaging look at the pervasive use of daytime soap opera storytelling techniques in most television program genres, from prime time soap operas and reality shows to the nightly news, coverage of political campaigns, and sports programming. Drawing from a wealth of research, James Wittebols shows how programming techniques have changed over time and what roles media concentration and commercial influences have played in these changes. I LOVE 80: 101 Cose da Sapere sui Magici Anni Ottanta. Speciale Paninari (con le foto originali del periodo) Micol Pedretti, 2015-06-24 Se gli anni 80 sono rimasti "i favolosi..." nell'immaginario collettivo i motivi sono molteplici, sintetizzabili in un solo elemento: si vivevano anni di cambiamenti generazionali caratterizzati da speranza ed entusiasmo. Si viveva un nuovo boom economico, erano anni di consumismo e miti americani. Erano ormai alle spalle le tensioni sociali degli anni '70 e, crollati i grandi ideali giovanili, si pensava alla moda e all'apparire. Erano anni colorati, spensierati, festaioli, forse un po' pacchiani se visti con gli occhi di oggi, ma comunque molto divertenti. "Gli anni d'oro del grande Real gli anni di Happy Days e di Ralph Malph gli anni delle grandi compagnie gli anni in motorino sempre in due gli anni di che belli erano i film gli anni dei Roy Rogers come jeans...". Per citare Max Pezzali e gli 883, ne "Gli anni". Considera questo libro una sorta di macchina del tempo che ti farà rivivere

quegli incredibili anni e quelle emozioni, "surfando" tra le onde della musica, del cinema, della tv, della moda e degli episodi sportivi, storici e sociali che hanno segnato questa indimenticabile decade. Per i nostalgici, grande speciale "Paninari", moda italiana cult degli anni ottanta!

Soap Operas. What is a soap? Andrea Rieger, 2002-01-23 Seminar paper from the year 1997 in the subject Communications - Movies and Television, grade: gut, University of Graz (Fachbereich Literaturwissenschaften), course: Soap Operas, language: English, abstract: A soap opera is a serialized drama which runs for 52 weeks of the year with continuous storylines dealing with domestic themes, personal or family relationships and a limited running characters. Soap operas or serials are open-ended ... Soap operas are one of the few genres where weddings, for instance, are not a happy ending but the beginning of a marriage that may be troubled or even doomed to failure. A dramatic program usually presented daily, with continuing characters and multiple plots. The action, which deals with contemporary problems and their solutions, continues from episode to episode called soap opera because many of the original sponsors were soap manufacturers. Also called daytime drama, soap, and soaper. Television soap operas are long-running serials concerned

with everyday life. The serial is not to be confused with the series, in which the main characters and format remain the same from program to program but each episode is a self-contained plot. In a serial at least one storyline is carried over from one episode to the next. A series is advertised as having a specific number of episodes, but serials are potentially endless. These definitions can be seen as a sort of introduction to the whole field of soap operas. In the following chapters I will deal with this topic in detail.
