Forbidden Music Michael Haas,2013-04-15 DIV With National Socialism's arrival in Germany in 1933, Jews dominated music more than virtually any other sector, making it the most important cultural front in the Nazi fight for German identity. This groundbreaking book looks at the Jewish composers and musicians banned by the Third Reich and the consequences for music throughout the rest of the twentieth century. Because Jewish musicians and composers were, by 1933, the principal conveyors of Germany's historic traditions and the ideals of German culture, the isolation, exile and persecution of Jewish musicians by the Nazis became an act of musical self-mutilation. Michael Haas looks at the actual contribution of Jewish composers in Germany and Austria before 1933, at their increasingly precarious position in Nazi Europe, their forced emigration before and during the war, their ambivalent relationships with their countries of refuge, such as Britain and the United States and their contributions within the radically changed post-war music environment. /div

A Passionate Journey Robert Mann,2018-02-14 Growing up as an outdoorsy, nature-loving child in Portland, Oregon, Robert Mann wanted to be a forest ranger, but it was violin lessons and his parents' encouragement that ultimately launched him on a remarkable journey that would span a lifetime and five continents as he pursued his passion for classical music as a violinist, composer, conductor, and teacher. In this fascinating and far-ranging memoir, he looks back at the struggles and triumphs of that journey, as well as the unique insights and experiences he's gained along the way. From their beginnings in 1947, the Juilliard String Quartet set out to play new music as if it had been composed long ago, and to play a classical piece as if it had just been written. At first, the fledging combo struggled to compete with the more established European string quartets, while also coping with the inevitable difficulties of trying to blend four singular personalities and talents into a harmonious whole, but by the time Mann retired from the group some fifty-one years later, the Juilliard String Quartet had played close to six thousand concerts on every continent except Africa and Antarctica and become an enduring, beloved institution in American music. They won three Grammys for their recordings, while sharing their distinctive sound with such notable figures as Glenn Gould, Aaron Copland, Leonard Bernstein, and even Albert Einstein. *A Passionate Journey* is a collection of both spoken and written words in the form of essays, letters, lectures, and transcribed interviews from various times in his life. Together they offer an engrossing glimpse into a life filled with musical milestones and into the fascinating mind of a musical giant.

From Bach to Berlioz, Glinka to Gershwin, Stravinsky to Shostakovich, and everyone in between, the Complete Classical Music Guide contains more than three hundred composer profiles, and offers a clear definition of the particular styles and characteristics of seven key eras: Early Music (1000-1600); The Baroque Era (1600-1750); The Classical Era (1750-1820); The Romantic Era (1810-1920); Romantic Opera (1810-1920); National Schools (1830-1950); and Modern Music (1900-). The Complete Classical Music Guide also includes a timeline that charts the evolution of musical styles and forms, instruments, and provides explanations of the building blocks of music — melody, harmony, rhythm, texture, form, tempo, and dynamics. The Poetry of Michelangelo Michelangelo Buonarroti,1991-01-01 A bilingual edition of the more than 300 sonnets, madrigals and other poems produced by Michelangelo over his long career. The poems reveal much of the artist's inner feelings about such universal themes as love, death and redemption.

Night on Bald Mountain Modest Mussorgsky,2018-09-05 One of the first Russian tone poems, *Night on Bald Mountain* had its genesis in the late 1850s when Mussorgsky started sketches for a projected opera: *St. John's Eve* (1858), later changed to *The Witch* (1860) - based upon a scenario about a witches' sabbath on St. John's Eve. These were abandoned by the early 1860s but Mussorgsky contemplated a tone poem using the material featuring piano and orchestra along the lines of Liszt's *Totentanz*. The work was finally completed on St. John's Eve (June 23) of 1867 as an orchestral tone poem entitled *St. John's Eve on the Bare Mountain*. The symphonic poem was never performed in the composer's lifetime. After rejection for performance, Mussorgsky reworked the material two more times for operatic projects that never materialized. After the composer's death his friend Rimsky-Korsakov prepared a new arrangement based on the last version composed for the opera *Sorochintsy Fair* which was published in 1886. Rimsky's arrangement became very popular, especially after its use in the 1939 Walt Disney film *Fantasia* in a very bowldwerized orchestration made by Leopold Stowkowski. Rimsky's setting is the work offered here - in a newly engraved edition by Richard W. Sargeant, Jr. It is now often regarded as more of a fantasy on themes by Mussorgsky composed by Rimsky-Korsakov. Domenico Scarlatti: 30 Sonatas Fabio Zanon,2012-07-12 An exact contemporary of Bach and Handel, Domenico Scarlatti was already a celebrated composer in Italy by the time he moved to Portugal. Later he traveled to Spain, where he worked as a harpsichord instructor for Princess Maria Barbara. The lessons he wrote for her are among the most imaginative and unpredictable pieces from the whole baroque period. His music translates very well to the guitar, an instrument where his style is completely at home. This set of 30 sonatas transcribed by acclaimed guitarist Fabio Zanon includes new transcriptions of all-time favorites and some rarer ones as well.

Great Oboists on Music and Musicianship Michele L. Fiala,Martin Schuring,2020-11-10 What do the world's most prominent oboists have to say about their musical ideas, performance techniques, and teaching strategies? Michele L. Fiala and Martin Schuring, themselves skilled oboists, undertook the project of asking twenty-six of them about their musicianship and pedagogy. The results are collected in *Great Oboists on Music and Musicianship*, which provides a unique window into how these virtuosi of wind instruments think about their craft. Each chapter paints an engaging portrait of a leading oboist that allows them to share--in their own words--their insights on the performance techniques, learning strategies, and career moves that propelled them to their current stature. The captivating prose chapters that Fiala and Schuring composed from the interviews allow each artist's personality to shine through as they convey their hard-won wisdom on topics such as musical interpretation, the relationship between vocal and instrumental music, being a good ensemble player, and warm-up routines. The diverse array of musicians portrayed in this book includes orchestral and solo performers from across North America, Europe, and Australia. Their practical advice will resonate not just with oboists but also with players and teachers of other instruments as they pursue their own musical journeys.

On the Principles and Practice of Conducting Markand Thakar, 2016 *B Odds and Ends: A Miscellany of Matters Musical, Physical, and Practical -- Bibliography -- Index*

Looking for the Harp Quartet Markand Thakar, 2011 This book is a philosophical tour through the experience of beauty: what it is, and how the composer, performer, and listener all contribute. It explores -- with insight, patience, and humor -- profound issues at the essence of our experience. A student performance of Beethoven's String Quartet No. 10 in E-Flat Major, known as the Harp, serves as a point of departure and a recurring theme. For the layperson the core of the book is five dialogues between Icarus, an inquiring student intensely concerned with fulfilling his highest potential as a musician, and Daedalus, a curmudgeonly, iconoclastic teacher who guides Icarus's search. Three technical articles, geared to the music professional and academic, treat the issues in greater depth. Supplementary online audio files and musical examples. Markand Thakar is Music Director of the Baltimore Chamber Orchestra, and a member of the graduate conducting faculty at the Peabody Conservatory of the Johns Hopkins University.

The Philharmonic Gets Dressed Karla Kuskin, 1982-09-01 It is almost Friday night. Outside, the dark is getting darker, and here and there around the city ninety-two men and thirteen women are getting dressed to go to work. First they bathe and put on their underwear.
