Tania Marshall

Water Resources of California California. Division of Engineering and Irrigation,1923

I Am Aspiengirl Tania Marshall,2014-06-30 Have you ever wondered why she says she feels different to her peers? Wondered why life seems challenging for her? Her peers seem to gracefully and naturally meet their milestones, yet she has reached some developmental milestones early and some late. She may have spoken and read early, asking an endless array of questions. Maybe at age four she was teaching herself to read as you drove down the road by reading street signs. She may have been an overly active child, had sensory issues, or had a speech delay. You knew she was bright from early on, with a sprinkle of some anxiety, social and eating issues, yet the professionals just cannot find an explanation that completely fits her. She may be very artistic, whether she sings, draws, paints, or writes, at times, too mature for her age. Yet, she struggles socially and emotionally, acting and appearing younger than her peers. She may be ten years old now, yet none of your research completely fits her or maybe you have just now come across some information on females that completely makes sense to you. Maybe she is Aspien, a young female with Asperger Syndrome or High-Functioning Autism. She has a unique constellation of super-abilities, strengths and challenges. She may feel or say that she is from another Planet, Planet Aspien(r). If you are looking for a book on the often perplexing and unique female Autism Spectrum traits, then this is the book for you. Watch for *I am AspienWoman*, coming soon.

Cultural Curiosity Josephine M.T. Khu,2001-07-11 This anthology of autobiographical essays reveals the human side of the Chinese diaspora. Written by ethnic Chinese who were born or raised outside of China, these moving pieces, full of the poignant details of everyday life, describe the experience of growing up as a visible minority and the subsequent journey each author made to China. The authors—whose diverse backgrounds in countries such

as New Zealand, Denmark, Sri Lanka, England, Indonesia, and the United States mirror the complex global scope of the Chinese diaspora—describe in particular how their journey to the country of their ancestors transformed their sense of what it means to be Chinese. The collection as a whole provides important insights into what ethnic identity has come to mean in our transnational era. Among the pieces is Brad Wong's discussion of his visit to his grandfather's poverty-stricken village in China's southern Guangdong province. He describes working with a few of the peasants tilling vegetables and compares life in the village with his middle-class upbringing in a San Francisco suburb. In another essay, Milan Lin-Rodrigo tells of her life in Sri Lanka and of the trip she made to China as an adult. She describes the difficult and sometimes humorous cultural differences she experienced when she met her Chinese half-sister and her father's first wife. Josephine Khu's lively afterword provides background information on the Chinese diaspora and gives a theoretical framework for understanding the issues raised in the essays. This intimate and rich anthology will be compelling reading for all who are seeking answers to the increasingly complex issue of ethnic and personal identity.

Freedom (TM) Daniel Suarez, 2010-01-07 The New York Times bestseller *Daemon* unleashed a terrifying technological vision of an all-powerful, malicious computer program. Now, our world is the Daemon's world—unless someone stops it once and for all... The Daemon is in absolute control, using an expanded network of shadowy operatives to tear apart civilization and build it anew. Even as civil war breaks out in the American Midwest in a wave of nightmarish violence, former detective Pete Sebeck—the Daemon's most powerful, though reluctant, operative—must lead a small band of enlightened humans in a movement designed to protect the new world order. But the private armies of global business are preparing to crush the Daemon once and for all. In a world of shattered loyalties, collapsing societies, and seemingly

endless betrayal, the only thing worth fighting for may be nothing less than the freedom of all humankind.
