Passion to Dance James Neufeld,2011-10-23 This is the story of the National Ballet of Canada – the people, the determination, and how at sixty it is still creating new work while still representing the classics. Passion to Dance is the story of the National Ballet of Canada – the people who dreamt the company into existence, the determination needed to keep it afloat, the bumps on the road to its success, and above all, its passion for dance as a living, evolving art form. From catch-as-catch-can beginnings – borrowed quarters, tiny stages, enormous dreams the National Ballet has emerged as one of North America’s foremost dance troupes. The company at sixty is a company of its time, engaged in creating challenging new work, yet committed to maintaining the classics of the past, favourites like Swan Lake, The Nutcracker, and The Sleeping Beauty. One hundred and fifty photographs from the company’s archives illustrate this definitive history, filled with eyewitness accounts, backstage glimpses, and fascinating detail. This is a record of one of Canada’s boldest cultural experiments, a book to enjoy now and keep forever.

A Voice in the Wilderness Michael Austin, 2006-08-15 In her writings, Terry Tempest Williams repeatedly invites us as readers into engagement and conversation with both her and her subject matter, whether it is nature or society, environment or art. From her evocation, in *Desert Quartet: An Erotic Landscape*, of an eroticism of place that defines erotic as in relation, to the spiritual connectivity and familial bonds she explores in *Refuge: An Unnatural History of Family and Place* and the political engagement she urges in *The Open Space of Democracy*, much of her work is about relationship, connection, and community. Like much good writing, her books invite readers into thoughtful dialogue with the text. Frequently in demand for workshops, lectures, and other speaking venues and well known as an environmental activist, Williams has a public persona and voice almost indistinguishable from her written ones. Thus, the interviews she has often granted--in print, on the radio, on the Web--seamlessly elaborate the ideas and extend the explorations of her written texts. They also tell us much about the genesis, context, and intent of her books. With her distinctive, impassioned voice and familiar felicity of language, she talks about wilderness and wildlife, place and eroticism, art and literature, democracy and politics, family and heritage, Mormonism and religion, writing and creativity, and other subjects that engage her agile mind. The set of interviews gathered and introduced by Michael Austin in *A Voice in the Wilderness* represent the span of Terry Tempest Williams's career as a naturalist, author, and activist.

Nadia and Lili Boulanger Caroline Potter, 2016-04-29 Pioneers in their fields and two of the best-known women in music in the twentieth century, Nadia and Lili Boulanger have previously been considered in isolation from one another. Yet, as Caroline Potter's new book demonstrates, their careers were closely linked during Lili Boulanger's short life (1893-1918) and

there are several intriguing connections between their musical works. This biography also provides the first full analysis of the Boulanger sisters' musical styles, placing them within the context of French musical history. Their lives are also a case study in the issues of gender which surround music making even to the present day. Despite an unusually privileged upbringing, Nadia and Lili Boulanger exemplify the struggle women experienced when attempting to enter the professional music world. Lili became the first woman to win the Prix de Rome in 1913, and Nadia gained second place in 1908. Yet in spite of this initial success, Nadia Boulanger was to give up composing in her thirties and devoted the remainder of her long life to teaching. Her pupils included several of the great composers of the century, including Aaron Copland and Elliott Carter. This book, focusing on their musical careers, is essential reading for anyone interested in French music of the twentieth century.

Life John Ames Mitchell, 1902

Power to Rise James E. Neufeld, 1996 *Power to Rise* is the first fully documented account of the artistic and organizational history of this remarkable Canadian cultural institution. Based on archival sources, many hitherto unavailable, of the National Ballet of Canada and the National Archives of Canada, the book includes first-hand accounts of more than fifty of the personalities closely associated with the company throughout its life. In *Power to Rise*, we learn of the inhospitable environment in which the National Ballet struggled to establish itself, of its close calls with bankruptcy, and of its evolution into a full-fledged professional company. We witness the events that led to Franca's arrival from England, the uncompromising and often controversial idealism of her artistic leadership, the company's dramatic and sometimes perilous growth to a level that prompted the greatest dancers of the age - among them Rudolf Nureyev and Erik Bruhn - to come to work with company's own stars, including Karen Kain and Veronica Tennant. The text is illustrated with over 140

photographs, drawn from the company's enormous archives as well as from private sources, that re-create the characters, settings, moods, and artistry of the company.--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. All Rights Reserved
