Ernest John Moeran Ian Maxwell, 2021 This long-awaited study of the life and music of Anglo-Irish composer Ernest John Moeran (1894-1950) finally provides a full biography of the last senior figure in early twentieth-century British Music to have been without one. Although Moeran's work was widely performed during his lifetime, he suffered neglect in the years following his death. It was not until a re-awakening of appreciation for the music of the folksong-

inspired English pastoralism in the latter part of the twentieth century that Moeran's tuneful, well-crafted and approachable music began to attract a new audience. However, widely accepted misconceptions about his life and character have obscured a clear understanding of both man and composer. Written with the benefit of access to previously unknown or unresearched archives, *Ernest John Moeran: His Life and Music* strips away a hitherto unchallenged mythological framework, and replaces it by a thorough-going examination and analysis of the life and work of a musician that may reasonably be asserted as having been unique in British music history.

From Dixie to Rocky Top Carrie Tipton, 2023-10-15 Listen as you read! From Dixie to Rocky Top: Book Playlist, now on Spotify. The first book to explore the history of college fight songs as a culturally important phenomenon, *From Dixie to Rocky Top* zeroes in on the US South, where college football has forged a powerful, quasi-religious sense of meaning and identity throughout the region. Tracing the story of Southeastern Conference (SEC) fight songs from the late nineteenth to the early twenty-first century, author Carrie Tipton places this popular repertory within the broader commercial music industry and uses fight songs to explore themes of authorship and copyright; the commodification of school spirit; and the construction of race, gender, and regional identity in Southern football culture. This book unearths the history embedded in SEC football's music traditions, drawing from the archives of the seventeen universities currently or formerly in the

conference. Alongside rich primary sources, Tipton incorporates approaches and literature from sports history, Southern and American history, Southern and American studies, and musicology. Chronicling iconic Southern fight songs' origins, dissemination, meanings, and cultural reception over a turbulent century, *From Dixie to Rocky Top* weaves a compelling narrative around a virtually unstudied body of popular music.

Music in the World Timothy D. Taylor, 2017-04-11 In music studies, Timothy D. Taylor is known for his insightful essays on music, globalization, and capitalism. *Music in the World* is a collection of some of Taylor's most recent writings—essays concerned with questions about music in capitalist cultures, covering a historical span that begins in the late nineteenth and early twentieth centuries and continues to the present. These essays look at shifts in the production, dissemination, advertising, and consumption of music from the industrial capitalism of the nineteenth century to the globalized neoliberal capitalism of the past few decades. In addition to chapters on music, capitalism, and globalization, *Music in the World* includes previously unpublished essays on the continuing utility of the concept of culture in the study of music, a historicization of treatments of affect, and an essay on value and music. Taken together, Taylor's essays chart the changes in different kinds of music in twentieth- and twenty-first-century music and culture from a variety of theoretical perspectives.

Burma, Kipling and Western Music Andrew Selth, 2016-11-03 For decades, scholars have been trying to answer the question: how was colonial Burma perceived in and by the Western world, and how did people in countries like the United Kingdom and United States form their views? This book explores how Western perceptions of Burma were influenced by the popular music of the day. From the First Anglo-Burmese War of 1824-6 until Burma regained its independence in 1948, more than 180 musical works with Burma-related themes were written in English-speaking countries, in addition to the many hymns composed in and about Burma by Christian missionaries. Servicemen posted to Burma added to the lexicon with marches and ditties, and after 1913 most movies about Burma had their own distinctive scores. Taking Rudyard Kipling's 1890 ballad 'Mandalay' as a critical turning point, this book surveys all these works with emphasis on popular songs and show tunes, also looking at classical works, ballet scores, hymns, soldiers' songs, sea shanties, and film soundtracks. It examines how they influenced Western perceptions of Burma, and in turn reflected those views back to Western audiences. The book sheds new light not only on the West's historical relationship with Burma, and the colonial music scene, but also Burma's place in the development of popular music and the rise of the global music industry. In doing so, it

makes an original contribution to the fields of musicology and Asian Studies.

American History in Song Diane Holloway, 2001-08-01 Songwriters dramatically captured the details of how Americans lived, thought and changed in the first half of the twentieth century. This book examines 1033 songs about WWI and

WWII wars, presidents, Women's Suffrage, Prohibition, the Great Depression, immigration, minority stereotypes, new modes of transportation, inventions, and the changing roles of men and women. America invited immigrants and went to war to ensure democracy but within its borders, lyrics display intolerant attitudes toward women, blacks, and ethnic groups. Songs covered labor strikes, communism, lynchings, women voting and working, love, sex, airships, radio, telephones, the lure of movies and new movie star role models, drugs, smoking, and the atom bomb. History books cannot match the humor, poignancy, poetry and thrill of lyrics in describing the essence of American life as we moved from a rural white male dominated society toward an urban democracy that finally included women and minorities.
