*Critical Stylistics* Lesley Jeffries,2017-09-16 This original and engaging textbook is concerned with stylistic choices, and the textual analysis which can illuminate the choices that a text producer has made. It combines the strengths of two approaches – critical discourse analysis and stylistics – to uncover the deep-seated ideologies of everyday texts. In so doing, it introduces a comprehensive set of tools which will help readers to explain and analyse the power of written texts. Each chapter focuses on a particular linguistic feature – such as naming and describing, prioritizing, negating, and hypothesizing – gives an overview of its argument and then explains the technical aspects of the feature along with a wealth of examples. This book will be ideal reading for students on a wide range of courses, including stylistics, discourse analysis, critical discourse analysis, English functional grammar and advanced composition.

**The Latin Dialect of the Ager Faliscus** Gabriël C. L. M. Bakkum,2009 Annotation.

Although the Ager Faliscus lay between the areas where Etruscan, Latin and Sabellic languages were spoken, the inscriptions from the area from before c.150 bce show that it used a speech of its own, known as Faliscan. Most scholars agree that Faliscan is linguistically very close to Latin, but the hypothesis that it is in fact a Latin dialect has not been the subject of a major publication until now. In this work, the linguistic data on Faliscan provided by the inscriptions are analyzed and compared to the languages of the surrounding areas. Sociolinguistic aspects such as language contact and local identity are discussed as well. The main conclusion is that Faliscan can indeed be regarded as a dialect of Latin. The work includes a re-edition of all inscriptions, in many cases based on autopsy. This title can be previewed in Google Books -

**The Healer's Manual** Ted Andrews,2012-12-08 Noted healer and author Ted Andrews reveals how unbalanced or blocked emotions, attitudes, and thoughts deplete our natural physical energies and make us more susceptible to illness. The Healer's Manual shows specific techniques—involving color, sound, fragrance, herbs, and gemstones—to restore the natural flow of energy. Use the simple practices in this book to activate healing,

alleviate aches and pains, and become the healthy person you're meant to be.

*Angelic Trance Magick* Ben Woodcroft,2021-03-12 The angelic trance is easy to achieve, and its effects are profound. Follow brief magickal instruction, and your life will change for the better. By using the sigils in this book, you seek the help of angels, and they will ease you into the required trance. The trance is very light, safe, and not in any way disturbing, so you don't need to worry that you'll have to get completely zoned out. It's much easier than that. The angels will not refuse to help when you communicate your sincere needs. Your life will begin to transform in ways that benefit you now and in the future. No need to say any magick words. No equipment or ceremony. An easy method that works automatically. Magick that works even when you feel desperate. Instant relief for feelings such as anxiety. Solve problems or manifest desires. You will never attract anything you don't want, or that isn't right for you now. This magick works without causing any disruption. The book also covers methods for creating deeper trance, and a method for combining rituals called The Chain of Trance. Although short, this book contains a huge amount of practical magick. Ben Woodcroft is one of the most respected modern occultists, and here he presents a safe way to connect with the angels that's unlike anything ever published.
