Tens of millions of users are embracing digital music, and with *Digital Audio Essentials*, you can, too. Nearly every personal computer built in the last few years contains a CD-burning drive; MP3 and other portable player sales dominate the consumer electronics industry; and new networkable stereo equipment lets you use your digital music collection to power your home entertainment system. An indispensable reference for music enthusiasts, digital archivists, amateur musicians, and anyone who likes a good groove, *Digital Audio Essentials* helps you avoid time-consuming, costly trial and error in downloading audio files, burning CDs, converting analog music to digital form, publishing music to and streaming from the Web, setting up home stereo configurations, and creating your own MP3 and other audio files. The book--for both Mac and PC users--includes reliable hardware and software recommendations, tutorials, resources, and file sharing, and it even explains the basics of the DMCA and intellectual property law. You may (or may not) already know the basics of ripping CDs or downloading music, but Fries will show you so much more--including advice on the multitude of MP3 players on the market, stereo options, file formats, quality determinations, and the legalities of it all. Both a timely, entertaining guide and an enduring reference, this is the digital audio handbook you need to make the most of your expanding digital music collection.

Early Works on Theological Method 1 Bernard Lonergan, 2010-10-16 The renowned Christian theologian Bernard Lonergan was also a professor, teaching courses on theological method at universities in Canada, the United States, and Italy. This volume records his lectures and teaching materials, thus preserving and elucidating his intellectual development between the publication of *Insight* in 1957 and *Method in Theology* in 1972. The present volume contains a record of the lectures delivered in 1962 (Regis College, Toronto), 1964 (Georgetown University), and 1968 (Boston College). This is the most 'interactive' volume yet published in the *Collected Works* series. The audio recordings of the 1962 and 1968 lectures are now available on the website www.bernardlonergan.com, as are PDF files of original papers from his 1964 institute at Georgetown. These lectures help to elucidate the development of Lonergan's ideas on such key notions as horizon, conversion, and meaning, as well as his evolving opinion on how best to divide theology into fields of specialization.

Early Works on Theological Method 1 Bernard J. F. Lonergan, 2010-01-01 Volumes 22 and 23 in the Collected Works document many of Bernard Lonergan's lectures and seminars on theological method, and in so doing trace the evolution of his thought between the publication of *Insight* and the completion of *Method in Theology*. Volume 22 contains a record of his English lectures on method delivered at institutes in 1962 (Regis College, Toronto), in 1964 (Georgetown University), and in 1968 (Boston College), while volume 23 is devoted to his Latin courses on method offered at the Gregorian University between 1958 and 1962. This is the most 'interactive' volume in the series published to date. Additional digital text and audio source materials are available online at www.bernardlonergan.com. The present volume, even when read on its own, sketches an outline of the development of Lonergan's ideas on such key notions as horizon, conversion, and meaning, as well as the movement from the division of theology into positive, dogmatic, and systematic (parts 1 and 2), to the division in terms of operational or functional specialization (part 3). Together these materials further our understanding of critical theological concepts and their emergence within an important and complex period in Lonergan's development.

Better Than Happy Jody Moore,2021-09-15 Our unconscious thought patterns determine our relationships, our spiritual life and our connection to God to a much greater extent than we know. That's an alarming thought, because the subconscious mind is a mysterious realm that is really difficult to access and influence...right? No. It's really not! And it's the most urgent and impactful thing we can do. This book will show you how. How do I choose faith over fear when my loved ones are making poor choices? Why don't I feel happier if I'm reading and praying like I've been taught? How can I stop feeling like I'm just not good enough? What am I to do when my spouse is judgmental of me? How do I trust in Christ when everything seems to be falling apart? Get answers to these and other tough questions in the context of Christ-centered principles throughout this book. Jody Moore is a Master Certified Life Coach who has taught and coached tens of thousands of women through her in-person and online workshops and podcast. She brings her characteristic clarity, wisdom, humor and disarming honesty to this groundbreaking book. In *Better Than Happy*, Jody shows how a simple 5-step model she uses in every session with her clients can reveal the unconscious patterns of thoughts that keep us from deeper and healthier connection with ourselves, with our loved ones and with God. Jody then shows how, once we clear the debris of our unconscious patterns of thought, new streams of understanding of Christ's teachings begin to flow. I am a mother of 4, a member of The Church of Jesus Christ of Latter-Day Saints, and a woman trying to figure out how to minimize resentment, overwhelm and guilt, and replace them with happiness, gratitude and joy. Three years after getting married I found myself with two kids under age 2, a loving husband, and a lot of self-loathing. I struggled with the duties associated with being a mom and wife and then I felt guilty for feeling that way. After all, this was the life I thought I'd always wanted. I have a BA in Communications and an MA in Adult Education along with 15 years of experience as a Corporate Trainer and Leadership Coach, but what has helped me the most to overcome my struggles and to conquer all of my goals, are the tools I use now to coach my clients. Thanks to my extensive training with Brooke Castillo

of The Life Coach School, I am now a Certified Life Coach, and I couldn't be more proud of the work I get to do in the world.
